

Farmers Resort To Tile For Drainage

Projects Completed to Drain Low Sections On Farms

R. C. Holland and A. M. Forehand, Chowan County farmers, have recently installed approximately 4,000 feet of farm drain tile. The tile installations were made to improve the drainage of low-lying basin or bottom areas. Mr. Holland put a part of his tile drains—1,612 feet—on his Bowen farm in the Cowpen Neck community. Approximately 1,200 feet were laid in the bottom area on the John Perry farm in Brialle community. Six-inch tile was used at both places.

Mr. Forehand located his tile drains in a bottom area on his home farm. He used 1,000 feet of four-inch tile.

These drainage improvements were made as part of the soil and water conservation farm plans which these farmers developed in recent years with the Albemarle Soil Conservation District. R. C. Jordan and George Conner, farm planning technicians of the Soil Conservation Service, assisted Holland and Forehand with the design of the tile systems, the surveying and plotting of grade lines, the setting of grade stakes, and supervision of the tile setting.

Both of the tile projects were established with a minimum of a three-foot coverage and two-tenths foot fall per hundred feet, according to Mr. Jordan.

Party Chicken

1/2 cup finely diced celery
 1/2 cup finely cut green pepper
 1/2 cup boiling water
 1 can condensed cream of chicken soup

1/2 cup Fat Milk
 2 tablespoons cut-up pimientos
 1 cup diced chicken, cooked or canned
 few grains pepper
 3 cups hot, cooked noodles, drained

Cover and boil 10 min. the celery and green pepper in boiling water. Add all ingredients except the noodles. Heat until steaming hot, but do not boil. Arrange drained noodles around edge of platter. Put hot chicken mixture in center. Garnish with parsley, if desired. Makes 4 servings.
 *Mushroom soup also can be used.

You Will Need:
