R. S. Marsh Attends Peanut Hearing Held In Washington, D. C.

Members of Committee Question Witnesses About Peanuts

R. S. Marsh, assistant county agent, attended a Senate Agricultural Committee hearing in Washington, D. C., on Monday, February 19. The purpose of the hearing was to attempt to reach some definite conclusions as to the type of legislation, if any, to be passed by the Congress.

Witnesses appearing before the Committee included representatives of the U. S. Department of Agriculture, American Farm Bureau Federation, Virginia Peanut and Hog Growers Association, Virginia-Carolina Peanut Shellers Association, and the Peanut Nut Salters Association.

Mr. Woosley, U. S. D. A. Administrator, stated that his Department feels that there is a need for legislation to increase the production of Jumbo type peanuts. The Department of Agriculture prefers to let North Carolina and Virginia farmers plant up to their 1947 acreage instead of the 1941 acreage. The two basic suggestions of the U. S. D. A. are: (1) Congress should pass legislation to let the North Carolina and Virginia peanut farmers and also the Valencia farmers plant enough acreage to take care of the demand. (2) The U. S. Department of Agriculture recommends substantially the same acreage as the American Farm Bureau Federation, or approximately 90,000 more acres of Jumbo type peanuts.

Senator Anderson observed that the peanut program has cost the government considerable money in the past, and maintains that we must find a better and cheaper solution to the problem, or the whole program may be thrown out because of its excessive cost. He predicts that there will be no peanut program in two years. R. Flake Shaw, Executive Vice-president of N. C. Farm Bureau, stated that peanuts suffered more under Public Law 12 than any other commodity, and naturally the peanut farmers are entitled to some relief.

Carl E. Johnson of the Peanut Salters Association, stated that his organization is in favor of permanent legislation to permit producers to grow enough type peanuts as needed. He stated that the Association does (Continued on Page Twelve)

Efforts Continue To Enter Edenton In Virginia League

C. of C. President David Holton Is Still Hopeful For League Baseball

David Holton, president of the Chamber of Commerce, stated Wednesday morning that the prospect appears bright for Edenton entering a club in the Virginia League. Mr. Holton said it more or less depended upon the use of the town's baseball park and the permission to sell billboard advertising as one of the sources of raising money to get started.

A deposit of \$1,300 is necessary to enter the league, but aside from this, funds must be available for rounding out a team and operation until the gate receipts come in.

Mr. Holton is of the belief that the town will benefit in various ways with a team in the league and is working hard to have Edenton represented.

The latest road development was the introduction this week of companion bills (SB 216 and HB 377) calling for the establishment of a commission to build toll road, financing them by issuing revenue bonds to be paid off from tolls and roadside concessions. When paid for, these super-highways would be made toll-free and come under Highway Commission supervision and maintenance. Whether trucks should be required to comply with lighter maximum weight limits will be the subject of a public hearing in the Senate chamber next Thursday afternoon when the roads committee meets to consider SB 183.

Liquor Referendum True to their name the committees on propositions and grievances listening long this week to aggrieved drys advocate their proposition for a statewide liquor referendum and listened to equally aggrieved wets propose defeat for such a referendum. The bills concerned (SB 4, SB 177, and SB 186) came in for little detailed discussion; the argument followed the pattern of (Continued on Page Three)

4-H Club Week Will Be Observed March 3-11

Theme Is "Working Together For World Understanding"

National 4-H Club Week will be observed throughout the United States during the period March 3 to 11, according to L. R. Harrill, 4-H leader for the State College Extension.

The 1951 theme, "Working Together for World Understanding," will be stressed in all special activities to be held during the week.

Accomplishments of the nation's club members last year set a new record, with 77.8 per cent completing projects in farming or homemaking, says Harrill.

Club boys and girls produced 100,000 acres of garden, raised 9,000,000 chickens, and 1,000,000 head of livestock, grew 900,000 acres of food crops, and canned 16,000,000 quarts of fruits and vegetables. They made their home more attractive and livable by improving 650,000 rooms, making 350,000 arts and crafts articles, beautifying the grounds of 120,000 homes, making 2,200,000 articles of clothing, and planning, preparing, and serving 20,000,000 meals.

Some 310,000 members kept personal achievement records, 510,000 participated in fire and accident prevention, 360,000 conducted soil and wildlife conservation practices, and 150,000 carried out forestry projects.

Nearly three-quarters of a million 4-H'ers carried on special health activities, and 300,000 had periodic health examinations. Many served as junior project leaders, conducted recreational activities, and served their clubs and communities in other ways.

4-H Club members at Chowan, Edenton and Rocky Hock schools will take part in special chapel programs.

Col. Rosevear has already started on the drive and is appealing to Chowan County citizens to contribute generously.

Of course, Col. Rosevear will name various chairmen and committees to assist in the drive, but an added feature this year will be installation of Red Cross tables at various places throughout the county, where 1951 Red Cross contributions can be made.

These tables will be installed at the following places: Edenton Fire Station, Mitchener's Pharmacy, Leggett & Davis Drug Store, Roy Briggs' store at Gliden, County Agent's office in the basement of Post Office, Grover Cale's store at Macedonia, Bertram Hollowell's store at Cross Roads, Henry Bunch's store at Rocky Hock, Harrell & Parker at Valhalla and Boyce's store at Center Hill.

In connection with the drive, Col. Rosevear calls attention to a brief statement by General George C. The grave situation that faces us today gives Red Cross an unusual opportunity for service in the national interest."

Safety Council In Chowan Organized

Col. W. B. Rosevear Elected Chairman At Meeting Friday

The Chowan County (Safety) Council affected a permanent organization last Friday night when representatives of practically all local civic clubs and other interested organizations met in the municipal building. Col. W. B. Rosevear was elected chairman, Dr. A. F. Downum, vice-chairman and Miss Louise Smith, secretary-treasurer.

It was decided that each of the 22 sponsoring clubs would select some one project, in order, and promulgate an appropriate safety campaign during their designed month.

During the month of March the Lions Club, under the chairmanship of Chief George Dail, is sponsoring a traffic fatality board at the foot of Broad Street. During the month of April the Junior Woman's Club will sponsor a bicycle club, stressing the rules of safe riding.

Every one is urged to take careful note of the safety posters, safety slogans, etc., that will be displayed from time to time. The problem is safe walking and safe driving is getting to be quite serious in North Carolina and each person is, therefore, earnestly requested to cooperate wholeheartedly with each safety program throughout the year.

WEEKLY LEGISLATIVE SUMMARY

The 1951 General Assembly has begun reaching decisions. Some were reached on the floor this week; others reached in committee promised decisive floor action next week. The joint appropriations committee has completed hearings; other committees have acted and reported on most of the bills before them, leaving only recent introductions and certain controversial measures for study. This clearing of committee dockets, the speed-up in calendar action, and an obvious tendency for members to introduce bills they have been holding back are all evidence that this legislature is trying to focus on an adjournment date. While that date may not be within the 90 days for which members are paid, there are signs that the deadlocked session dolefully predicted in some quarters is improbable.

Roads and Streets The end of the city street squabble may be in sight. On Thursday the House Finance committee held a public hearing on the question, and, after some astute parliamentary maneuvering by both sides, voted to give a favorable report to Senator Powell's SB 120 and an unfavorable decision on whether or not to follow the Sen-
