

THE SENIOR NEWSLETTER

By HAZEL LEARY

Hi Friends: After such a nice trip last Thursday the Seniors should be ready to settle back down to work once again. Though we did not visit all the places listed on our itinerary, we did visit the State Capitol building, State Prison and Wake Forest. We were also very pleased to meet Secretary of State Thad Eure. As a whole the trip was a most enjoyable one.

Now, as is the habitual course of action, we will proceed with our weekly biographies. The first is that of Pearl Elberta Halsey, who is the oldest daughter of Mr. and Mrs. I. E. Halsey, Jr. Pearl has not always attended Edenton school. She previously attended Chowan school until she joined us here in her freshman year. While here, she has participated in such extra curricular activities as the 4-H Club, the band, the F.H.A., the Glee Club, and is a member of the Spotlight staff and also the Annual staff this year. Singing, typing, sports, shows, music, sewing, cooking and other forms of housekeeping are her interests outside school.

Like many of the other Senior girls, Pearl is also engaged. Her immediate future plans are to marry Durwood Barber sometime in July. Her favorite pastime is doing needlework, with which she is filling her hope chest. We'll leave Pearl now with the best of wishes for a long and happy marriage, and go on to another Senior biography.

Mack Privott

The next one is that of Mack "Harvel" Privott, who was born on November 18, 1932, to Mr. and Mrs. G. H. Privott. His first six and one-half years of school were spent at Chowan school. During his four years here in high school he has been active in just about all the extra curricular activities that Edenton has to offer. Among these are the band, the Glee Club and the Student Council. During his Junior and Senior years he has been an outstanding player on both the football and baseball teams. He has won the Varsity Club trophy for being the most outstanding football player for the last two years. Mack's friendly and pleasing personality has enabled him to make friends with most anyone he meets and also to be elected to many positions in his classes and the various clubs of which he is a member.

Outside school, Mack's time is well occupied with his part-time job at Campen's and pursuing his interests which include movies, all sports, eating, and dancing. As for the future, he is interested in studying physical education, but hasn't as yet decided on what college he would like to attend. If Mack does as well in the future as he has in the past, we are sure that Fate will have much success in store for any of his endeavors.

The Honor Roll for the past month is as follows:
