

### Tri-County Rat And Mouse Control Drive Scheduled April 12

### Chowan, Bertie and Perquimans Counties to Participate

A Tri-County Rat and Mouse Control Campaign has been scheduled for Thursday, April 12, says C. W. Overman, County Agent. Chowan, Bertie and Perquimans counties will cooperate in this pest control venture. Two bait mixtures will be used: (1) a Red Squill mixture and (2) a Warfarin mixture.

The Red Squill Mixture is the same as used for several years. This will be put up in three packages at \$1.00 per package. This kills rats only. All of it must be put out at once as it will not keep except when frozen.

The Warfarin bait will be put up in three-pound packages at \$1.00 per package. This bait will kill both rats and mice. It must be fed over a period of fifteen days, as it kills gradually. It will not spoil.

In Chowan County bait orders will be taken at the various stores and service stations where posters are displayed, also at the County Agent's office. Bait will be paid for when orders are placed. Persons will be notified when and where to pick up their bait on Thursday afternoon, April 12.

Rats and mice are very unsanitary and destructive pests. The new Warfarin bait is tried and proven successful. This Red Squill bait has proven successful for rats. Orders for bait should be placed by Thursday, April 5th.
