

# Bill Provides For Extension Of Police Power In Edenton

## HB-757 Introduced By Representative John F. White

Representative John F. White last week introduced HB 757 in the House of Representatives. The bill calls for extending the power of police officers of the Town of Edenton to include all areas or territory within 500 yards of the present corporate boundary lines of the Town of Edenton.

If passed, the bill extends authority of Edenton law enforcement officers to make arrests, preserve peace and to serve criminal process to the area within 500 yards of present corporate limits.

The bill was passed by the House Thursday, sent to the Senate Friday, where it was sent to Judiciary Committee No. 2.

HB 679, providing for increasing the salary of the Chowan County treasurer to \$1,200 per year, passed in the House Thursday and was sent to

the Senate Friday, where it was referred to the Committee on Salaries and Fees.

### IN MEMORIAM

In loving memory of our darling daughter, Georgia Louise Brickhouse, who died April 10, 1950—The Lord giveth and He taketh away.

It was a lovely Easter Day  
When your loved ones saw you last  
We never dreamed you'd pass away,  
So unexpectedly fast.

You were so happy and carefree  
In your pretty Easter clothes,  
Always loving as you could be  
Knowing not of sorrow and woes.

Your smile was a ray of sunshine  
Your teeth like sparkling pearls  
Brown hair, softly textured fine  
Eyelashes so beautiful curled.

Just a sweet little girl of seven  
We loved with all our heart  
She's now an Angel in Heaven  
From us she had to part.

God knows our hearts are pained  
Our parting was so hard to bear  
Though we lost, she has gained,  
In that beautiful Isle of Somewhere.

MOTHER, DADDY  
AND BROTHERS.

highways except where the road is adjacent to land under cultivation. Ratification of HB 571 on Friday gave the Highway Commission authority to set up roadside parks.

### Labor

A public hearing has been set for Wednesday morning on a House subcommittee's compromise bill fixing a 50c minimum hourly wage and a 48-hour-maximum work week for women and for men under 18. Bills to permit

the union shop in businesses engaged in interstate commerce and to make the state's workmen's compensation law inapplicable to workers in such businesses have both met committee disapproval.

### Matters of Interest to Local Officials

The House still holds HB 669 calling for the election of 5 commissioners for 4-year staggered terms in counties not having local acts. This week it received HB 787 which rewrites an obsolete statute to require one regular commissioners meeting monthly.

### Conveying Foreclosed Property To Former Owner:

HB 407, ratified this week, gives a county the right to re-sell property it has acquired through tax foreclosure to its former owner at private sale for an amount equal to the county's interest in the land. It also validates such re-sales heretofore made by county commissioners.

### Rural Fire Protection Districts:

Efforts by rural communities to obtain more effective fire protection will be made easier by HB 369, passed by

the House Friday. It permits the creation of special tax districts in which the county could either establish a fire department, contract with an existing fire department for protection, or extend the services of a county fire department.

### Parking Violations:

Cities faced with the problem of proving parking violations will greet House committee approval of SB 257 to make proof of registration of cars illegally parked prima facie evidence that the owner parked the car.
