

THE SENIOR NEWSLETTER

By HAZEL LEARY

Hi Friends: You should have been at the delightful banquet and dance that the Juniors gave. At the banquet they served a delicious dinner of fried chicken, with all the trimmings. They used the Stork Club as their theme and both the Coffee Shop and the armory were attractively decorated. Another attraction was the group of cute, little cigarette girls who passed around candy cigarettes. The Senior class would like to extend to the Junior class their thanks for the wonderful time that was had by all.

And now, to stop the reminiscence about Friday night and get down to the business at hand which is to tell you something about Doris Miller, Doris is the daughter of Mr. and Mrs. Early Miller. Doris is a native Edentonian and has always attended school here.

While in high school she has been a member of such extra-curricular activities as the Glee Club, the F. H. A., and the annual operettas. Outside school, Doris divides her time so that she can go to see all the war movies that come here and she also goes to see all the games that the Colonials play that she can possibly go to. She is also very interested in learning to drive a car and learning to dance. Keeping a scrapbook is now her hobby. As for the future Doris would either like to be a bookkeeper or a telephone operator. When asked about boyfriends, Doris answered quickly with, "None whatsoever!" You wouldn't hold out on us, would you, Doris?

And now on to the next biography which is that of Carolyn Juanita White, daughter of Mr. and Mrs. John F. White. Carolyn was born here in Edenton on July 10, 1933. She spent her childhood days here and also started to school here. She continued school here until she went to Sullin's Academy at Bristol, Va., where she spent her junior year of school. We were all glad to welcome Carolyn back again this year. While here, she has participated in such extra-curricular activities as the band, the Glee Club, the basketball team, the F. H. A., the Dramatics Club, and the Senior play. Her outside interests include cooking, dancing, swimming, most sports, movies, dating and driving. Listening to Al Jolson's records and dating Earl are Carolyn's favorite past-times. Next fall Carolyn plans to attend some nearby college where she will begin studying to become an elementary teacher in the years to come.

As we are all aware of the fact that none of us know just what Fate has in store for us, we can hope that it will be the best of luck always for two such girls as nice as Doris and Carolyn.

CHIEF OF POLICE GEORGE DAIL SAYS

Speed increases traffic danger. You have less time to avoid an accident. If you should be involved in an accident, it is more likely to be fatal if you are speeding. Death and Speed go hand in hand.

TAKE IT EASY—LIVE TO WALK OR DRIVE ANOTHER DAY!
When following another car in traffic, remember: leave at least one full car length between you and the other car for every ten miles per hour of speed. Increase this distance when streets are wet or muddy or driving conditions are otherwise unfavorable. **KEEP YOUR DISTANCE—KEEP OUT OF ACCIDENTS!**

This Week's Poem

By WILBORNE HARRELL

MOTHERHOOD

"Whom do you love, my little maid,"
A mother asked her toddling child
"As busily with her doll she played,
And kept play-house in the sawdust pile.

"I love you, Mommy; Daddy, too."
And close to her the doll she pressed . . .
And hard it is for us to say
Which of the three the child loved best.

GUM POND CLUB MEETS

The Gum Pond Club met Tuesday afternoon, April 3, with Mrs. Charlie Peele. The president called the meeting to order by singing "What A Friend We Have In Jesus." Mrs. Everett Wilson led the devotional, followed by the Lord's Prayer. Miss
