

THE SENIOR NEWSLETTER

By HAZEL LEARY

Hello Friends: The Seniors really have a busy social schedule in store for them now that school is so near the end. We have many parties planned. This week Mr. and Mrs. N. J. George and Mrs. Evelyn Jackson are giving the Seniors a party Tuesday night. Come Thursday night and we will be journeying out to Mrs. S. F. Small's home to dine. Next week is exam week. The only bright spot in next week is the big semi-formal dance which is being given by an interested citizen in honor of the Senior Classes of Chowan High School and Edenton High Schools.

John Ward

Mr. and Mrs. Ernest J. Ward. During his many years here in school, John has been very interested in the extra curricular activities. Of course he has been interested in his school work too, and as a result of that he was a marshal last year. To get back to his extra-curricular activities though, we'll mention such ones as the Monogram Club, the Student Council, the Dramatic Club, the annual operettas, baseball and the band. His interests outside school include movies, sports and music. Listening to popular, some classical, and martial music is his favorite pastime. John is president of the Student Council and it really keeps him busy. If he ever has any spare time, he always reads. John's future plans are to take a general course at E. C. C. Also, we'd better not forget to mention that his interest in the opposite sex is centered around one girl and that is none other than Mildred Small.

In closing this brief biography about John, I'd like to say, and I'm speaking for the whole class, that we miss John and hope that it won't be too long now before he can join us again. Good luck, John, and hurry and get well.

The next biography is that of "yours truly." Let's see what our secretary, Cynthia Ambrose has to say about my uninteresting past.

In 1932, December 31 wasn't just the last day of another year, but it was the day of the birth of a sweet and pretty little girl, Hazel Leary, who was born right here in Edenton.

As time passed on Hazel started to school here and now twelve years hence she is about to graduate from the same school. She has always been a pleasant and popular girl at school and during her four years of high school she has participated in the following activities: F. H. A., Beta Club, Marshall, annual staff, Spotlight Staff, Senior Editor.

Her main interests outside school are movies, reading, bicycle riding, swimming, eating dancing and sewing. She spends most of her free time doing these things, but wouldn't like to have to choose between them. She, as

this information if kept where it is easily available can greatly facilitate receiving a blood transfusion in an emergency should it become necessary for a person who has had this typing. Also on this day every 25th person who registers may have a free chest X-ray.

This is only another evidence of the fine service which the hospital renders to this community, county and vicinity. Your County Hospital should at all times have your cooperation and good will.

The regular meeting of the Hospital Auxiliary will be held at the Nurses' Home on Wednesday, May 16, at three o'clock.

A special feature has been prepared for the meeting of the Hospital Auxiliary and all members are urged to attend.
