Bloodmobile Here

Today (Thursday) in the Eden-ton armory the Red Cross bloodmobile will make its sixth visit to Chowan County. Again the quota for the county is 175 pints, and Chairman George Alma Byrum is appealing to all citizens to rally to this important request so that the quota will not only be reached but that many more pints of blood will be donated. On the last visit 191 pints were contributed.

"The need is great," says Mr. Byrum, "and I hope Chowan County citizens, both white and colored, will respond generously."

700 Gather at Meeting In Providence Baptist Church

17 COMPLAINTS

Motion Passed Requesting Immediate Dismissal

Seven hundred colored citizens of Edenton and Chowan County gathered at the Providence Baptist Church Sunday, May 13, and demanded the immediate removal of Principal D. F. Walker from the Colored High School. The church building was taxed beyond its capacity to accommodate the crowd. Some of the citizens who were unable to gain entrance left their names as a vote for the removal of the Principal.

The meeting was called by lead-ing colored citizens of the Town and County after being plagued with re-quests from parents and citizens for years to do something about the con-ditions existing at the school. The purpose of the meeting was to allow the public a chance to air their grievances and to decide what action, if any, should be taken for the best interest of all concerned.

The meeting was properly opened with prayer and song, after which A. C. Hudson was asked to act as Chairman. In his introductory remarks he stated fully the purpose of the meeting and read a list of grievances that aroused the ire of spectators, shocked decent people and brought parents to their feet with threats of retaliation. Many of the accusations listed were supported by written statements and signed by parents of the children who had suffered these injustices.

There were seventeen complaints listed against the Principal and they ranged from students being discriminated against because they could not bring all of the money he demanded of them in his fund raising campaigns, forcing 12 to 15 year old girls to carry cinder blocks as a means of punishment for minor infractions to twen-
