

Belvidere Breeder Wins Honors At Duroc Association

Clarence Chappell, Jr., Third In Nation For Litter Weight

Clarence Chappell, Jr., of Belvidere was recently honored at the annual meeting of the United Duroc Record Association at Peoria, Ill., when he was awarded two trophy banners and a plaque for producing the first and second heaviest Duroc ton litter in North Carolina. In addition Chappell recorded more pigs than any breeder in the nation who had six sows or less. He registered 117 Durocs this year. This 4-H lad also ranked third in the nation in the average weight per litter, his 12 qualifying litters averaging 2,540 pounds at 180 days. Top litter weighed 3,175 pounds.

awards annually as a means of spotlighting Duroc breeders throughout the nation who are doing an outstanding job of producing fast gaining, registered Durocs.

Breeders such as Clarence Chappell, Jr., are the best reason why the Duroc breed leads all breeds of swine in the number of animals registered, and why farmers think of them as the breed that grows faster on less feed, says B. R. Evans, secretary of the United Duroc Record Association at Peoria.

Clarence Chappell, Jr., also received \$67.50 in cash awards from the association for his noted accomplishment.

The 156 litters that qualified in the 1951 Duroc Ton Litter Contest averaged 2,461 pounds, a new record. There was an average of 10.72 pigs per litter.
