Boll Weevil Damage Mounting in County

Rains in County During Last Week Helps Cotton Crop

The boll weevil and the extremely hot weather together were taking a heavy toll last week, according to County Agent C. W. Overman. Five dusted fields averaged 8 per cent punctured squares. In another dusted field in which the dusting has not been done regularly 46 per cent punctured squares were found. The six undusted fields averaged 60 per cent punctured squares with the highest percentage count being 92 per cent and the lowest being 30 per cent. With the good rains which covered the county last week cotton is expected to improve. It is believed that the cotton should be dusted again this week with Toxaphene and the next two weeks with 5-10 per cent DDT for the Boll Worm. Five per cent DDT should be used at the rate of 20-25 pounds per acre and the 10 per cent at the rate of 15 pounds per acre. In the event cotton has shed practically all of its squares and bloom the next dusting should be DDT for the Boll Worm.

C. W. OVERMAN SUGGESTS CONTINUATION OF DUSTING

Cotton is making bolls instead of so many squares now. To protect the gains made in dusting, fields should be dusted again this week, says C. W. Overman, County Agent. "Weevils will puncture young bolls until they are half grown," says Mr. Overman. "We found plenty of adult weevils in the fields Monday and more boll worm injury than last week. Dusted fields, where a regular schedule has been followed and a good dusting job done are showing very few punctures and weevils and very little boll worm injury but the damage in undusted fields is considerable in most cases."

Colonials Strengthen Third Place Lead

of the fourth, fifth, sixth and seventh, although a number of other scoring opportunities went by the board due to lack of hits at the right time.

Edenton 1-4, New Bern 0-0
On Hicks Field Tuesday night the Colonials won a doubleheader from New Bern, both games being shut-out affairs. 1 to 0 and 4 to 0.

The first game was resumptive of Friday night's game which barely started when it was called off due to rain. Monk Raines was on the mound for Edenton and barely missed a no-hit, no-run game when Hatz singled in the eighth. The Bears were credited with another hit which was made in Friday night's game. Janick, New Bern's moundsman was also in superb form, allowing the Colonials only one hit, which was a home run clout by Ross Horton in the sixth, which proved to be the winning run.

It was a splendid game with both teams playing errorless ball. Raines in winning the game chalked up his 20th win for the season against four losses. He fanned eight batters, while Janick struck out four.

The second game was also a pitcher's duel between Stoudemire for

Edenton and Borden and Janick for the visitors. Borden started on the mound, but was relieved by Janick in the seventh. Edenton chalked up only six hits, while Stoudemire limited New Bern to three scattered hits in the first four innings.

It was a scoreless game until the sixth when Stoudemire and Horton doubled which netted a run. Anderson then walked and both runners advanced on a sacrifice by Evans. Anderson scored on Parker's single. In the seventh another run was added when Griffin singled and Clark was safe on an error when he bunted. Clark scored on a wild throw at third base by Thomas, New Bern's catcher. The final tally was made in the eighth when Horton walked and went to second on Anderson's sacrifice. Horton raced home on a double by Mo Evans.
