

Rotary Governor Will Be Elected At Elizabeth City

Murfreesboro and Englehard Have Candidates In Field

The election of a district governor will highlight the annual conference of Rotary International District 278 which convenes at Elizabeth City on February 8, 9 and 10.

George Colclough, present governor, said nominations for the district's highest office will be called for at 9:45 A. M., February 9. Although only two clubs have at the present time expressed intentions of nominating candidates, Colclough said other nominations are expected from the floor.

The Englehard Rotary Club has already indicated it will nominate P. D. Midgett, Jr. and Joel Holland will be supported by the Murfreesboro Club as its candidate for governor.

"AMERICAN AIRLINES" ACCEPTS MISS MARY LOUISE MANSFIELD

Mary Louise Mansfield, daughter of Mr. and Mrs. T. E. Mansfield of Hertford, will leave for Chicago, Ill., February 15, to begin her training as Stewardess.

Miss Mansfield, who tips the scales at 114 pounds, met qualifications after interviews by New York officials from "American Airlines" and passed physical examinations at their medical department in New York.

County Farmers Urged Order Fertilizer Now

Farmers of Chowan County are urged to order now and accept delivery on at least a part of their 1953 fertilizer needs before the planting season begins, says County Agent Overman. This will reduce the possibility of temporary shortages because of clogging of distribution lines at the peak season of fertilizer use.

Fertilizer has not been moving rapidly enough in some areas to assure smooth distribution later on, according to information received from officials in the U. S. Department of Agriculture. This can lead to a last-minute rush which will spell trouble for farmers who delay their fertilizer purchases. Achievement of the high production goals set for 1953 will depend in part upon use of larger quantities of fertilizer. Spreading of purchases over a period longer than the normal peak season in March and April will reduce distribution and delivery problems.

Demand for all three primary plant nutrients—nitrogen, phosphate, and potash is expected to be up this year. The Department of Agriculture and the Land-Grant Colleges are cooperating in a program to promote more efficient use of fertilizer materials, and in many areas this will call for increased use of one or more of the plant nutrients. The purpose of this program is to increase yields per acre, improve the productivity of the soil, and raise the net returns to farmers.

The total supply of fertilizer is expected to be up about 12 per cent over last year, but the Department of Agriculture predicts that certain desired types of fertilizer such as higher analysis phosphate materials, and ammonium nitrate may fall short of all demands.

Farmers taking early delivery of fertilizer should make certain that the materials received are in good condition so that they will withstand storage in a reasonably dry and protected place.

IMPROVE KITCHEN STORAGE

Costs little and saves time. Carefully plan space for packaged, canned and bottled foods, measuring cups, spoons, etc., in the wall unit. Base cabinets provide storage for bulk quantities of sugar and flour, mixing utensils such as bowls, flour sifter, rolling pin, cutlery, baking pans and casseroles. Divided space is needed. Our management specialists say determine whether an item should be stored in a wall cabinet or base cabinet. Organize articles in the cabinets so that those stored in back, though frequently used, can be reached easily when needed. Use accessories such as step-up shelves, cup racks, drawer dividers and bulk storage bins to assure neat and easy-to-find storage.

Sink cabinet should provide space for holding cleaning supplies, brushes, towels.

Cooking Center: Deep drawers in the range will hold skillets, lids and saucepans. Storage next to the range is the spot for cooking and serving utensils—ladles, wooden spoons, spatulas, etc. This area, too, is a good spot for toaster, waffle iron and trays.

Adequate storage space in the kitchen saves many extra steps from one spot to the other. Well organized equipment makes for efficient work. Plan your storage the way that will help you most.

Byrum Family Night Draws Capacity Crowd

Edenton Elementary School's auditorium was filled to capacity Friday night when the Byrum Implement & Truck Company presented its annual free family night. The feature of the entertainment was the International Harvester Hit Parade which included several stage acts and delighted the large audience.

During the evening the Byrum concern gave away three prizes which went to the following:

Mrs. Joe Harrell, an electric toaster.
Mrs. David Goodwin, a carving set.
Mrs. J. E. Brabble, an electric iron.

Early Start

Already plans are under foot by Ed Bond Post of the American Legion for staging its annual Chowan County Fair the last week in October.

At Monday's meeting of the County Commissioners permission was granted for the Legion to have the fair. The request was made on behalf of the Legion by Robert L. Pratt, who said the fair this year will be held on the Legion property on the Windsor highway.

Two Petitions Ask Road Improvements

Two petitions for road improvements were presented to the County Commissioners Monday. One request came from the Third Township to pave with black top what is known as Green road. The road runs from River road to N. C. 32, a distance of nine-tenths of a mile.

The other request was for the state to take over the road which runs from the old Hertford road near W. O. Speight's farm to the last house beyond the church.

While paving funds for Chowan are exhausted, the Commissioners approved the requests to be on file when paving funds become available.

POCAHONTAS MEETS FRIDAY

Chowanoke Council, No. 54, Degree of Pocahontas, will meet Friday night at 8 o'clock in the Red Men hall.

Mrs. Harry Crumme, Pocahontas of the Council, urges every member to make a special effort to attend.

The Christian graces are like perfumes, and the more they are pressed the sweeter they smell.

—Francis Beaumont.

Former Edentonian Governor Of Rotary

Edenton friends and Rotarians in particular will be interested to know that Charles L. McCullers, formerly of Edenton, has been elected Governor of the 279th Rotary District.

Mr. McCullers, now secretary of the Chamber of Commerce at Kinston, is a former secretary of the Edenton Chamber of Commerce, a former director of the Edenton High School Band and a past president of the Edenton Rotary Club.

The word independence is united to the ideas of dignity and virtue; the word dependence, to the ideas of inferiority and corruption.

—Jeremy Bentham.

Not Practical

"Arithmetic is a science of truth," said the professor earnestly. "Figures can't lie. For instance, if one man can build a house in 12 days, 12 men can build it in one day."

"Yes," interrupted a quick-brained student. "Then 288 will build it in one hour, 17,280 in one minute, and 1,936,800 in one second. And I don't believe they could lay one brick in that time."

While the professor was still gasping, the smart "ready reckoner" went on: "Again, if one ship can cross the Atlantic in six days, six ships can cross it in one day. I don't believe that either. So where's the truth in arithmetic?"

YUMMY CARAMEL DUMPLINGS
SAUCE: 1/2 cup sugar, 1 1/2 cups boiling water. Caramelize the 1/2 cup sugar; gradually add boiling water. Stir until dissolved. Add remaining sugar, butter and vanilla. Cook until sugar is dissolved.
DUMPLINGS: 1 1/2 cups sifted all purpose flour, 1/4 cup sugar, 3 teaspoons baking powder, 1/8 teaspoon salt, 1 tablespoon Triangle butter, 1/2 cup milk, 1/2 teaspoon vanilla.
Sift together dry ingredients. Cut in butter. Gradually add milk and vanilla. Drop dumplings into boiling syrup. Bake in hot oven, 400 degrees, about 25 to 30 minutes. Turn out on serving plate, caramelize side up. Serve with whipped cream. Makes 8 servings.
