

### Weekly Devotional Column

By JAMES MACKENZIE

"Therefore, if any man be in Christ, he is a new creature: old things are passed away; behold, all things become new" (II Corinthians 5: 17).  
An Englishman who prided himself in not believing in God once visited the Fiji Islands. Seeing the natives on their way to church, with Bibles in their hands, he sneered, "Haven't you heard yet that the Bible is out of date? The religion of Christ is a superstitious hold-over from the dark ages." A simple native teacher replied, "It is a good thing for you that we left our heathenism and cannibalism for the peace and comfort to be found in the Bible and Christianity, else you would be clubbed, cooked in a native oven, properly seasoned and served for dinner."

The greatest witness we have to the authenticity of God's inerrant Word, the Bible, and more especially to the Christ of the Bible, is the witness of those whose lives have been changed because of Him. You have never heard anyone say, "I have lived a life devoid of purpose and full of sin, but I have just read a book on mathematics, and it has persuaded me to start anew and live aright." You have never heard anyone testify, "I have just accepted the philosophy of Plato (or Schopenhauer, or Hume, or any other philosopher), and it has given me peace with God, and assurance of sins forgiven." Yet millions today, unshamed of the Gospel, bear witness to the fact that new life, more abundant life, is to be had through faith and trust in the Christ of the Bible.

O soul, and you weary and troubled? No light in the darkness you see? There's light for a look at the Saviour, And life more abundant and free.

**If You Smoke YOU NEED OLAG Tooth Paste BUY IT AT THE DRUG STORE**

There are many things to do in the garden in June such as take up, divide and transplant blue flag or bearded iris, jonquils and daffodils, tulips and Dutch iris. Also prune, stake and tie dahlias and tomatoes—mulch these two crops if you want to eliminate some of the problems of cultivation. Side-dress sweet corn with nitrate of soda when it gets knee-high. Give your lawn a topdressing of nitrate of soda just before a rain or water it in with a hose. And while we are on the subject of water, during the summer heat most horticultural plants should be supplied with approximately one inch of water a week either by rain or irrigation. The quality of vegetables will be seriously affected unless they receive sufficient water at the critical periods.

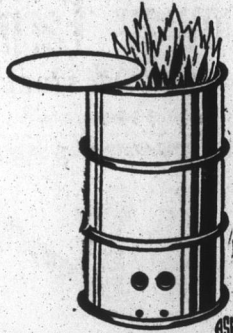

It is also time in June or early July

resistant variety of tomatoes such as Homestead, Southland or Jefferson. Fall tomatoes will not be successful if to sow seed of tomatoes, collards and broccoli for the fall crop. Use a wilt your soil is infested with rootknot nematodes. Although many people plant collard seed in the spring and grow large plants, the most tender collards are those seeded in July and August. The plants are not as large when cold weather comes but the quality is much better.

Green sprouting broccoli has become very popular—especially for freezing. Seed should be planted in late July or August in order that the main crop of buds will mature before heavy freezes occur. The plant will withstand some frost but is sometimes severely damaged. DeCicco is a good variety for North Carolina.

transient froth have been unable to fill. Living for today, you have no hope, no peace, no security, no abiding satisfaction, you dare not take thought of tomorrow. You have tried the devil's opiates, only to find they do naught but kill time. You are not a cannibal, you are not a murderer, you have never committed any great sins, but how desperately you need a life-changing experience with Christ. Right now, where you are, confess your sins to Him, ask Him to cleanse and forgive you, trust Him as your own personal

### Safe Trash Burner

Here's how one farmer made a safe, but very effective incinerator for trash and rubbish: He used an ordinary 50-gallon steel drum, and cut the top from one end. Four small holes were punched along the rim at the bottom of the other end to serve as a rainwater drain. A half dozen larger, 1 1/2-inch holes were punched six to eight inches above the bottom for a draft. It'll burn rubbish fast, but he keeps a sheet of metal for the top to shut off the flames—in case the fire burns too fiercely.

The Bible is God's final Word to you—to you as an individual. The Christ of the Bible longs to save you, and invites you through its pages to come to Him. Why not face it, Your life outside of Christ is meaningless, purposeless, a mere existence. Deep down in your heart you feel an emptiness that this world, and all its cheap

Saviour.  
Peace, perfect peace,  
In this dark world of sin?  
The blood of Jesus whispers,  
"Peace within."  
Peace, perfect peace,  
With sorrows surging 'round?  
On Jesus' bosom naught but calm  
Is found.  
Peace, perfect peace,  
Our future all unknown?  
Jesus we know, and He is on  
The throne.

### PRESBYTERIAN SERVICES

Morning worship service, 11 A. M., sermon entitled "In the Beginning," by the pastor, the Rev. James Mackenzie, who extends a cordial invitation to everyone to attend and participate in all services. Sunday School at 10 A. M., with classes for all age groups. Monday, June 8, ladies' Circle Meeting will be held at the home of Mrs. Dewey Whitehurst. Tuesday evenings at 7:30 the Boys'

Brigade will meet in the recreation room of the church. All boys are invited to attend these meetings, which are conducted by Cpl. Roy Wilhelm of the U. S. Marines, and a member of the Forest Park Baptist Church, Chicago, Illinois.  
Wednesday evening, mid-week prayer service at 8 o'clock in the chapel.

The ping pong room is open every day except Sunday and a welcome is extended to all local teen-agers to use its facilities.  
It's funny how some people thrive on politics.

### NOTICE OF SALE OF PROPERTY FOR DELINQUENT 1952 TAXES

# You really GO

When you go Ford V-8 you get this fine car power without paying a premium.

What kind of engines are you finding in more and more of America's finest cars? Yes, V-8 engines. And no wonder, for no other type of car engine available today can beat V-8's for compactness . . . and for smoothness. And Ford and only Ford offers you a V-8 engine in a low-priced car! It's the wonderful result of Ford's experience building more V-8's than all other makers combined . . . over 13,000,000 of them.

### ECONOMY FLASH!

A Ford Six with Overdrive was Sweepstakes Winner in the recent Mobilgas Economy Run.

# when you go V-8

Fifty Years Forward on the American Road

It's just one of 41 "Worth More" features that make Ford worth more when you buy it . . . worth more when you sell it.

Imagine! A car so low in first cost keeps its value better than any other car on the American Road. Used-car figures on last year's cars prove that. And with its 41 "Worth More" features, this newer, finer '53 Ford holds still greater promise of long-lived value. You'll find built-to-last Crestmark Bodies. You'll find a new kind of ride that practically "repaves" the roughest roads. And these are but samples of the reasons why Ford is worth more when you buy . . . worth more when you sell.

See . . . Value Check . . . Test Drive a
