

Mrs. R. P. Badham Speaker At Rotary

Points Out Highlights of Her Recent Extensive Tour In Europe

Mrs. Richard P. Badham was the principal speaker at last week's Rotary meeting, when she very interestingly spoke about her recent two-months tour in Europe, pointing out some of the highlights of her trip. Accompanying her at the meeting was Mrs. George Harrell, who was kept busy during the speech distributing many beautiful postcards, pictures, booklets and other literature regarding points of interest visited.

Mrs. Badham, along with Mrs. Clara Preston and Mrs. Ernest Leary left New York on April 15 on the Queen Mary, which she said was a treat in itself. They landed at Cherbourg, France and their itinerary included trips to Paris, the French Riviera, Rome, Naples, the Isle of Capri, Switzerland, Germany, Holland, the Balkan States, the Scandinavian countries and Scotland and completing the tour in England, where they witnessed the recent coronation of Queen Elizabeth. She was greatly impressed with the beautiful gardens and the many other sites included in the tour.

Mrs. Badham and Mrs. Preston recently returned home, but Mrs. Leary remained in Germany to spend some time with relatives.

Mrs. Badham and Mrs. Harrell were presented by J. L. Chestnut, who had charge of the program.

left field; Captain Cecil Fry, center field; Andrew Whitson and Joe Swanner, right fielders.

The Edenton company was also highly complimented for its firing. During the two weeks 190 rounds of high explosive ammunition was fired and one of the officers said that with two weeks training, the Edenton boys would be as good as the regular army on fire missions.

The local outfit was also instructed by an institutional team from the 82nd Airborne Division, which included veterans of Korean fighting. They were instructed on the 4.2-inch mortar, fire direction, forward observation and communications.

Of six squads, including 24 men, a gunners' examination on the 4.2-inch mortar resulted in 16 qualifying as experts and eight as first class gunners.

According to local officers, the encampment was well organized and one of the best held in recent years. The first Saturday, June 20, the Edenton outfit participated in a division review before John H. Manning, adjutant general of North Carolina and the Governor of Tennessee.

The Edenton outfit needs more men, the present company being at only about half strength. Sixty-nine more men are needed to put the company at full strength. These men will be 17 to 18½ years old and will, of course, be draft-exempt. Pay is \$2.50 per drill, which is at the rate of \$1.25 per hour and, according to officials, some ratings are now open.

Special Referendum For Peanut Growers

ing and other methods the increased production, use and sale, domestic and foreign, of peanuts."

Tobacco producers since 1947 have sponsored a similar program with their own organization, Tobacco Associates, Inc., serving as the representative agency. The N. C. Peanut Growers Association would function along these lines.

Alexander said the referendum would be conducted by the county and local committees of the N. C. Peanut Growers Association. Community polling places will be the same as those used in regular PMA elections and will be open from 7:00 A. M., until 7:00 P. M., on August 29, he declared. The law states that all persons en-
