

6 1/4 Million Trees Planted In State

6,250 Acres of Worthless Land In Forest Production

Four pulp and paper companies located in Georgia and three located in adjacent states and operating in North Carolina are responsible for having planted 6 1/4 million trees in North Carolina during 1952-53. Ralph Phillips, engaged in the business of producing pulpwood in North Carolina, also cooperated in this activity.

The information was compiled by H. J. Malsberger, Forester and General Manager of the Southern Pulpwood Conservation Association, on the basis of reports received from The Champion Paper & Fibre Co., North Carolina Pulp Co., Riegel Paper Co., Camp Manufacturing Co., Continental Can Co., and International Paper Co., which are all members of the Association, and Halifax Paper Co. Mr. Phillips is also a member of S.P.C.A.

The pulp and paper industry purchased all of these trees from publicly operated nurseries.

"At the rate of planting 1,000 trees per acre," Malsberger states, "the industry is responsible for bringing back into forest production 6,250 additional acres of worthless land in the state."

Safe Passing Urged To Curb Accidents

Requirements Are Listed For Motorists to Make Safe Pass

Truck driver passing techniques have been issued by the North Carolina Motor Carriers Association in an effort to halt the rise in fatalities caused by motorists driving on the wrong side of the road.

Using "Speed and Safe Passing" as the July theme, NCMCA Executive Vice President J. T. Outlaw announced this phase of the current trucking industry Safety Campaign.

"Sixty per cent of traffic fatalities last year were caused either by exceeding the speed limit or driving on the wrong side of the road," Mr. Outlaw reminded. "We in professional driving feel that many of these accidents could have been avoided had the drivers known the fundamentals of safe passing."

There are four general requirements for a safe pass. They are:

1. Adequate sight distance. The

GOLDEN GIRL

faster you drive, the farther ahead you must see to pass safely.

2. Distance judgment. Over five average city blocks are needed in passing a vehicle moving at 40 miles per hour when you are doing 50.

3. Knowledge of what's behind you. Check the mirrors carefully to be sure no one is about to pass you.

4. A running start. Be sure you are proceeding at a much faster rate than the vehicle being overtaken and passed.

"Courtesy comes into passing," the trucking official concluded, "when someone wants to pass you, why not slow down and pull to the right? The other fellow has a right to pass."

A Spice of Danger

An Englishman was once invited by a New York man to accompany him on a hunting trip to Long Island.

"Large or small game?" queried the Britisher, who had hunted in every quarter of the globe.

"You don't expect to find lions and tigers in Long Island, do you?"

"Hardly, but I like a spice of danger in my hunting."

"If that's the case," answered the New Yorker, "I'm your man all right. The last time I went out I shot my brother in the leg."

Hospital Patients

Patients admitted to Chowan Hospital during the week July 20 to 26 were as follows:

White—Master Steve Batton, Miss Joan Batton, Mrs. Mary Eliza Smith, Mrs. Emma Hassell, Mrs. Annie Dail, Mrs. Jean Copeland and baby boy, Mrs. Elizabeth Winslow, Mrs. Bertha Lassiter, Thomas Wright, Mrs. Agnes West, Mrs. Essie Parks, Robert Lassiter, George Roach, Lonnie VanHorn, Mrs. Mollie Bunch, Mrs. Ann Lane and baby boy, Carroll Smith, George Folk, Mrs. Edna Spruill

and baby girl, Mrs. Fay Stallings and baby girl, Mrs. Maxine Bunch and baby boy, Mrs. Sarah Yancy, Mrs. Rita Toxey.

NANCY CARTER
Tested RECIPES
Old Fashioned Pressed Chicken Loaf
1 4 to 5 lb. stewing chicken
3 cups boiling water
2 tablespoons salt
1 small carrot
1 small onion
1 teaspoon paprika
1 cup finely chopped celery
2 tablespoons chopped pineapple
2 tablespoons chopped parsley
Fresh greens and tomatoes
Cover cut-up cleaned chicken with the boiling water; add salt, whole peeled carrot and onion. Bring to boil, skim froth from surface, reduce heat. Simmer, tightly covered, until meat is tender, 3 1/2 to 4 hours. Remove chicken; strain broth and skim off fat. Boil broth down to about 1 cup. Soften paprika in one tablespoon cold water then dissolve it in the broth. Remove chicken from bones and put through hot broiler. Remove chicken from bones and put through coarse grinder or chop meat fine. Add celery, pineapple, parsley and broth. Pour into a wet loaf pan. Cover with waxed paper. Chill until firm. Unmold on greens and garnish with sliced tomatoes. Make 6 servings.

Big Washings
Faster, Easier
Plus Years of Dependability!

ABC
One-piece, self-adjusting, rustproof, distortion-free, trouble-free.
Safety Wringer
GIANT-SIZE TUB... Porcelain finished inside and out. Built for years of dependable service. Easy to clean.

MODEL 350
BIG, non-tangling agitator. Large wings wash clothes thoroughly, gently. No balling. No tangling.

EASY TERMS
AS LITTLE AS \$1.82 PER WEEK
BIG batches of really hard-to-wash clothes come out beautifully CLEAN in a jiffy from this quiet, fast-action ABC! There's over 40 years of washer-building experience engineered into E.
