

## Attendance At Lost Colony Ahead Of '52

### At Half-Way Mark 4,090 More Than Last Year

Lost Colony's attendance as of the current 13th season's half, reflects that attendance this year is 4,090 ahead of the same date in 1952, according to figures released by General Manager R. E. Jordan. This is a 17 per cent increase over the 1952 season when total attendance for the year was between 45,000 and 46,000 paid admissions.

The nightly average through August 4 was 830 paid admissions each night this year as compared to 702 nightly average last year, or an increase of 128 persons each night.

Increase in attendance this year is credited largely to more local and out of state promotion. Parking lot officials have checked license plates from each of the states and several territories and the Fort Raleigh Museum registry indicates that many persons from foreign countries have been in the audiences this year.

Luck of the Lost Colony failed on one night when it was necessary to cancel a performance due to rain. "This was only the 17th rainout during the drama's long history which started in 1937 and has continued each summer since that time except in the four war years," said Jordan. Since 1937 there have been 623 performances which gives The Lost Colony the distinction of being the longest lived outdoor production in the world.

The total attendance through August 4 this year was 26,573 as compared to 22,843 last year, it was pointed out.

## Hospitalization For Veterans Of Korea

### Those With Mental Illness Will Be Given Priority

Veterans who served in the U. S. Armed Forces anywhere in the world since June 27, 1950, the start of the Korean Campaign, and who were discharged or separated under conditions other than dishonorable, may be entitled to VA hospitalization under the following priority system, Veterans Administration said:

First—Those needing hospitalization because of injuries or diseases incurred or aggravated in line of Armed Service duty since June 27, 1950.

Second—Those with nonservice-connected disabilities who state under oath that they are financially unable to pay hospital charges elsewhere. These veterans must wait until a bed becomes available.

For purposes of hospitalization and outpatient care, veterans with service since June 27, 1950, who develop an active psychosis (mental illness) within two years from the date of their separation from active service may be entitled to priority for such care as presumptive service-connected cases.

Patients requiring emergency medical treatment may be taken directly to the nearest VA hospital; but, if possible,

## New Designs

New designs in bathroom fixtures have just been announced by American-Standard. Like the beautiful lavatory above, these new fixtures are streamlined in appearance and harmonize in design with the company's famous Neo-Angle bath and other tubs. Representing advanced styling at its best, the new design fixtures are available in white and several colors for both bath and powder rooms.

They are now on display at Kennan & Corey Plumbing Co., Inc.

ble, the veteran, or someone acting for the veteran, should communicate with VA by telephone or telegraph beforehand. In all other cases, the veteran, his nearest relative or his guardian or representative should fill in the proper form for hospital care. These forms are available at any VA office.

## Insects In Your Home Costs Lot Of Money

Ever opened your cupboard and discovered a family of insects had gotten their first, and had taken possession of your food supply? Well, according to the Department of Agriculture, you were not the only one to have this experience.

Every minute of the day, insects are chewing, sucking and biting away at our livestock, our gardens, our food supply . . . and at us!

Just how much damage they do each year is impossible to determine. However, the Department of Agriculture estimates that in 1938 the damage caused by some 60-odd types of insects in our country amounted to over \$1,601,527,000 . . . and that was based on 1938 prices, not today's high prices.

Mosquitoes, house flies, ticks and fleas exact a toll in human disease, efficiency and money. Food and homes suffer, too. Food is infested and ruined, clothing is damaged, and even the timbers in our homes are damaged. Losses from insects add up to a staggering amount in the United States each year . . . an estimated four billion dollars!

### A Happy Day

Returning home at night from the office, the father asked his children about their behavior that day.

"Oh, we've been good," said little Nancy. "I washed the dishes."

"And I wiped them," added Peter.

"And what about you Dicky?" the father asked, turning to the smallest member of the family.

"I picked up the pieces," he replied cheerfully.

## JAYCEES MEET TONIGHT

Edenton's Junior Chamber of Commerce will meet tonight (Thursday) at 7 o'clock at the Triangle Restaurant. President Thomas Shepard urges every Jaycee to make a special effort to attend.

## Rocky Hock Wins Semi Final Series

(Continued from Page One)

Hock had a big inning when five runs were scored, which was enough to win the game by a score of 5 to 2. In the opening frame three hits and three errors accounted for the scoring. From that time on Weeksville tightened and prevented any further runs.

Weeksville went scoreless until the seventh, when their only three hits of the game were made which, aided

by an error gave them their two runs.

Bill Herman was on the mound for Rocky Hock and up until the seventh only one man reached first base. In the seventh he weakened a bit when he walked a man and three visiting batters hit safely, one a double by Gregory which scored one of the runs and Gregory scored on an error. Aside from this inning Herman had complete control of the situation.

Henry Allen Powell started on the mound for Weeksville, but was relieved by Harrelson in the first inning.

### Rocky Hock 5, Weeksville 4

In a thrilling game on Hicks Field Tuesday night Rocky Hock came from behind to win 5-4. Trailing 4-3 in the eighth, Lilly singled and stole second, scoring later on Ferguson's double to tie the score. In the ninth Hol-

land walked and went to second on a ground ball. He scored later on a passed ball which ended the game.

Reid started on the mound for Rocky Hock but was relieved by Tommy Reeves in the fifth. Weeksville made seven hits off both pitchers. Harlison started for Weeksville but gave way to Hollowell in the eighth. Holland, Lilley and Ferguson made two hits each to lead the attack for Rocky Hock.

**LUSCIOUS GINGER ALE SALAD**

1 package lemon flavored gelatin  
1 cup orange juice, canned or frozen  
1 cup Ginger Ale

1 1/2 cups diced assorted fruits (oranges, grapes, berries, canned pineapple, melon balls)  
1/4 cup chopped nuts

Discard gelatin in hot orange juice. Cool thoroughly then add Ginger Ale. Chill until slightly thickened. Fold in fruit and nuts. Turn into one large or individual molds. Chill until set. Serve on salad greens with whipped cream dressing. Makes 6 servings.

For specific recipes, homebaking or cooking information, write to Mrs. Nancy Carter, Director of Home Economics, Colonial Stores, Inc., P. O. Box 1222, Atlanta, Ga.

● If you are modernizing, building, adding an extra bath or powder room, or are just tired of looking at your old mis-matched fixtures, you will certainly want to see these beautiful new American-Standard plumbing fixtures!

You can now get matching baths, lavatories and toilets—all with the same pleasing lines. Thus you can have completely harmonizing, top-quality fixtures . . . even on a limited budget. And this new styling also means greater convenience, easier cleaning for you.
