

SOCIETY NEWS

Mr. and Mrs. H. T. Hobbs left Saturday by plane to visit their son, Dr. Frank Hobbs and family at Chattanooga, Tennessee. They also expect to visit their other two sons, Dr. Ralph Hobbs and wife of Birmingham, Alabama, and Dr. Lloyd Hobbs and family of Blacksburg, Va., before returning home.

Mr. and Mrs. J. Edwin Bufflap, Miss Dorothy Bufflap and Mrs. Harry Crumney spent Saturday in Norfolk, where they visited Miss Elizabeth Hurdle, who is still a patient in the General Hospital.

Miss Jessie McMullan returned home Monday night after spending five weeks at White Sulphur Springs, West Virginia.

Mrs. John T. Perkins and two children, Jack and David of New York are visiting Mrs. Perkins' parents, Mr. and Mrs. Cecil Byrum.

Mrs. Henry Goodwin returned home by way of American Air Lines from Fairfield, Conn., where she spent two weeks as guest of her son-in-law and daughter, Mr. and Mrs. M. R. Warden.

The Rev. Herman Cathey, former pastor of the Edenton Presbyterian Church, and Mrs. Cathey, spent Tuesday afternoon and night in Edenton visiting friends while enroute from Montreat, N. C., to their home in Lexington, Va.

Mrs. A. T. Robinson and daughter, Mrs. Nelson Stiff of Lockiers, Va., were week-end guests of Mr. and Mrs. George P. Byrum.

Mr. and Mrs. P. K. Gladfelder and small son, Greg, will leave today for their home in Ocala, Fla., after spending some time with Mrs. Gladfelder's parents, Mr. and Mrs. M. C. Gregory.

FOR DANCING EVENINGS

A glamorous dress for a summer evening's dancing is designed by Rappi in lustrous Bates cotton printed with white flower sprays against a grey-blue background. A fashion "must" for summer evenings is a matching cotton stole, National Cotton Council fashion experts report.

Seminary, who was at the Roanoke Christian Service Camp, will speak. Everyone is invited to hear this speaker.

Peanut Referendum Saturday, August 29

(Continued From Page One) owners of farms on which peanuts are produced in 1953, tenants and sharecroppers.

If several members of the same family participate in the production of peanuts in 1953, the member, or members having an independent bona fide status as operator, tenant, or sharecropper, and entitled to share in the proceeds of the crop is eligible to vote.

If a husband and wife are joint owners of a farm growing peanuts and share in the proceeds of the crop, both are eligible to vote.

Absentee voting is not permitted. Votes must be cast at the designated place and at the designated time. The referendum polling places will be the established PMA polling places in each county. Every voter is expected to vote in the community in which his main farming activities are located. If there is no polling place in the community, he must vote at the polling place designated for the nearest com-

munity. The polls will be open from 7 A. M. to 7 P. M.

Meetings to explain the program were held at the Court House in Edenton and Rocky Hock School on Wednesday night of this week, and similar meetings will be held at the Cross Roads Community Building and L. C. Briggs' store at Gliden on Thursday night, August 27.

Of course, the Chowan County Farm Bureau is anxious for the referendum to pass and for that reason urges every eligible voter to cast a ballot in the election.

The voting places in Chowan County will be as follows:

Edenton Community—Court House. Macedonia Community—Grover Cale's Store.

Center Hill Community—Melvin Evans' Store.

Rocky Hock Community—Henry Bunch's Store.

Ryland Community—H. R. Peele's Store.

Gliden Community—Lloyd Briggs' Store.

Yeopim Community—H. A. Perry's Store.

The U. S. Department of Agriculture has announced the minimum price support level for Virginia-type peanuts at \$229 per ton for peanuts containing 65 percent sound mature kernels. This rate is equal to 11.45 cents per pound.

Army Worms Invade Some Chowan Crops

Pests Are Found From One End of County To Other

According to County Agent C. W. Overman, the grass army worm has struck Chowan County with spotted force. Lloyd Overton, of Yeopim community, had a three acre Ladino pasture almost completely eaten up before he observed the trouble. He also found a heavy infestation in his soy beans. Army worms were found last week spotted over Chowan County from one end of the county to the other. "Farmers should watch their peanuts, soy beans, pastures and other crops closely for this pest," says Mr. Overman.

To control the army worm and other insects that may be attacking these crops use 20-25 pounds of 5 per cent DDT dust per acre or 15 pounds of 10 per cent DDT dust per acre. The insecticide should be applied as soon as the insects are observed and before they do considerable damage."

Automobile Accident At Church And Granville

In an automobile accident at the corner of Church and Granville Streets Thursday afternoon Harry Bowen, Jr., of Willis Wharf, Va., was seriously injured. According to police, Bowen ran into an asphalt truck, throwing him from his car. He was rushed to Chowan Hospital in an unconscious condition, but was discharged from the hospital Friday, when his injuries were not as serious as at first believed.

The truck was driven by Gilliam Twine of Belvidere, who stated Bowen was traveling at a high rate of speed when the accident occurred.

Damages to Bowen's car were estimated at \$1,000. The side of the truck cab and a fender were badly damaged.

Bowen has since been arrested on a charge of reckless driving and operating an automobile while under the influence of intoxicating beverages. He will be tried in Recorder's Court Tuesday morning.

WARD - LAYTON

Mr. and Mrs. John Thomas Layton announce the marriage of their daughter, Gladys, to Woodrow Winston Ward of Bertie County.

The wedding took place in Edenton Saturday, August 22.

This Great New 3-Point Hitch with Load and Depth Control

...Yours, As Regular Equipment, in the New JOHN DEERE "40" Series Two-Plow Tractors

When you inspect the advanced-type 3-point hitch on the new John Deere "40" Series Tractors, you'll quickly see why it offers you advantages over other 3-point hitches. First of all, it's a stronger hitch, with every part built with rugged durability for long service. It's a fully-adaptable hitch that will take a full line of new John Deere Quik-Tatch "pickup" tools as well as any standard 3-point tools made for other tractors.

It is an easier hitch to hook up to, thanks to the turnbuckle design which enables you to shorten or lengthen the top link with a turn of the hand. Best of all, there is the new John Deere Load-and-Depth Control which works with the 3-point hitch and the Touchomatic system to give you the kind of working accuracy you have always wanted for your plow, disk harrow, and other field implements. We'll be glad to demonstrate, any time.
