

Aces Lose Opener To Roanoke Rapids Friday Night 12 - 0

Milan Stillely Forced to Leave Game Due to Hand Injury

Coach Ben Perry's Edenton Aces lost their first football game of the current season Friday night in Roanoke Rapids when the Yellow Jackets won 12-0. The Aces threatened to score only once in the game when early in the first quarter they received the ball on downs on the Jackets' 35-yard line. They advanced to the 24, where the ball was lost on a fumble, which was rather frequent during the night by both teams.

Roanoke Rapids scored its first touchdown in the first quarter when Tommy Williamson raced 40 yards to score. In the fourth quarter an Edenton fumble was recovered by the Jackets on the Aces' 15. In seven plays they advanced to the one-yard stripe, from where David Williams crashed over for the second touchdown. Both tries for extra points failed.

For the Aces Robert Twiddy and John Earl Whitson gained most ground with Bill Hardison, Ray Rogerson looking best on defense.

Williamson, Williams and Moore were the principal ground gainers for Roanoke Rapids. Gibson and Vick were defensive standouts.

The game was very costly in that Milan Stillely, one of Coach Perry's principal ball jugglers, was injured early in the game. Stillely's hand was hurt in the third play of the game and he was forced to leave the field.

In making your future plans, don't count heavily on what you think other people will do for you.

When the American Legion Fair is held October 26 through October 31, one of the feature performers will be Billy Outten, former AAU diving champion of the Eastern Seaboard and champion of the State of Florida who turned his talents towards professionalism and became in that field as important a figure as he was in amateur competition. He and his lovely partner will thrill fair spectators during fair week. From the top of the 110-foot ladder the tank has the appearance of a small coin. Perfect judgment is necessary if Outten is to hit exact center. Penn Premier Shows, greatest motorized show on earth, will be the midway attraction.

Unpleasant as it usually is, people must be pushed if they are to work hard.

HEALTH FOR ALL

READY FOR SCHOOL?

The first day of school is a big event in a child's life. He may have spent years in nursery school or kindergarten, but he feels that first grade is "the real thing." He is eager, and at the same time a little worried. He may even be afraid.

Of course, parents see the necessity of taking Junior to the doctor to make sure there are no physical defects, such as poor eyesight or hearing, that will hold back his school progress. Many schools will give reading readiness tests to be sure he is mentally ready for first grade. But often his emotional preparation is forgotten. There may be fears and wrong attitudes which will interfere with his adjustment to school.

"Just wait till you get to school. They'll make you behave." Thoughtless parents may have used threats like this which make school a terrifying prospect. Older children may speak of teacher as a combination of ogre and policeman and exaggerate the difficulty of school work. If the damage has already been done, all members of the family will have to work together to repair it.

An older child can take Junior around the school and make him feel familiar with the building. A shopping excursion for clothes and school supplies will help make pleasant associations with the prospect of school. The change to a rigid schedule can be made gradually as summer ends, and the time needed to get Junior up, dressed, fed, and off to school can be worked out so that there will be little tension and confusion when the day comes.

Mother will be wise to hide her feelings and not tell the youngster how much she will miss him while he is in school. With many children adjustment takes a few weeks, and parents will have to be patient and understanding. It will only distress and perplex the child to be asked endless questions about what he learns

or what he does in his first school days.

Parents are in an important position to make the first days of school a happy adventure that will lead to a good emotional adjustment to school life.

Home Ec Teachers Elect Set Of Officers

Home economic teachers of the Albemarle District met in the Edenton Junior-Senior High School Wednesday of last week. The district includes the counties of Chowan, Dare, Tyrrell, Currituck, Washington, Perquimans, Pasquotank and Gates. It was decided to meet once a month.

Officers for the year were elected as follows: Miss Doris Mitchell of Weeksville, president; Miss Catherine Hill of Edenton, secretary-treasurer; Miss Elizabeth Chappell of Elizabeth City, program chairman; Mrs. Beulah W. Gaylord of Roper, publicity chairman; and Miss Frances Newby of Chowan, FHA advisor chairman.

A winning smile is not necessarily sincere.

Siegler

PATENTED AUTOMATIC OIL OR GAS HEATERS

Tropical Floor Heat
GETS TO THE BOTTOM OF THE COLD FLOOR PROBLEM

This 'Two-in-one Heatmaker' DOES IT!
Siegler captures the Top-o'-the-Flame heat that's 4 Times Hotter than Side-o'-the-Flame heat, doesn't waste it up the flue as ordinary heaters do. This extra, patented, inner heater is built right into the heart of the hottest fire. It captures the 4 Times Hotter Heat from the burner flame and pours it out over the floors throughout your home.

This 'Match-Test' PROVES IT!
Your dealer will demonstrate. You'll see and feel how Siegler captures the 4 Times Hotter Top-o'-the-Flame heat and forces it over your floors throughout your home.

This GUARANTEES IT!
"If your Siegler Oil Heater doesn't deliver more and hotter heat over the floors than ANY comparable size heater on the market today, regardless of make or price, you get your money back!"
