

Goodly Number At Chowan County Sing

Plans Under Way to Organize County Mixed Chorus

The Chowan County Sing, sponsored by the County's home demonstration clubs, was held at Warwick Swamp Baptist Church on Monday evening of last week with approximately 60 to 75 people attending. Mrs. Willie Saunders was in charge and discussed with the group the idea of trying to organize and develop a county mixed chorus.

Mrs. Saunders announced that the next meeting will be held in November, the date to be announced later, at the Chowan High School auditorium and urged that representatives from all the communities of the county who wish to participate in this county chorus to be present. The group then sang a number of hymns of their own selection, under the leadership of the County Agent, C. W. Overman.

In singing each hymn Mr. Overman pointed out mistakes they were making and then assisted the group in correcting them. It was certainly an enjoyable evening together and wonderful to meet with the good people of Gliden community.

Boy Scout Drive November 4 To 10

(Continued From Page One) will grow and grow, increasing in value, and can never be destroyed. He said he considered Scouting to be one of the finest influences in a boy's life. He said he felt that if every boy could receive Scout training there would be practically no need for juvenile courts.

Following Judge Morris' opening remarks, District Finance Chairman Roland T. Orr gave an overall picture of the Council financing and the job to be done in the Albemarle District. Mr. Orr asked the community chairman to encourage contributors to give what they think their boys are worth. "Contributing to the Boy Scouts of America is a good investment," said Mr. Orr, "since it costs about \$10 a year to keep a boy in Scouting while it costs taxpayers over \$1,000 to handle a boy in juvenile courts."

Peter Paulson, deputy regional

executive, explained the campaigning method to be used. He recommended that each major get five captains, who in turn will get five workers; each worker will solicit five prospects. In the 43 years Scouting has been soliciting funds this method has proven to be the most successful.

Ray Heck, Field Scout Executive, helped the men work up campaign organization sheets so that each chairman could see the work he needed to do before the campaign.

Harold Pace, Scout Executive, in closing the meeting, told of his personal experiences with boys and how Scouting had helped them.

Employ Physically Handicapped Week

(Continued from Page One) placement process, have helped to elevate the handicapped job seekers as a group from the status of social welfare clientele to our main-stem line where ability is the only recognized standard for job referral and placement.

"National Employ the Physically Handicapped Week, now in its 9th year as an annual observance, has done more perhaps than any one thing to focus attention upon this single standard of job placement—ability!"

"During that week we, as employment security workers, will merely intensify our efforts, rededicate ourselves to the basic philosophy of 'the right man for the right job' and 'the right job for the right man' and gird ourselves for the challenge facing each of us the following 51 weeks."

Mrs. White urges all handicapped applicants desiring employment to register with the local office and for all employees to give every consideration
