

Chowan 4-H Boys Do Good Job Judging

Five Boys Win Prizes at
Sale Held In Hertford
Last Week

The Chowan 4-H livestock judging team did an excellent job of judging hogs at the Albemarle Purebred Swine Sale which was held at Hertford Wednesday of last week. Although the contest was on an individual, instead of a team basis, the individuals on the team won several prizes in the contest.

Emmett Perry, son of Mr. and Mrs. J. E. Perry of the Cannon's Ferry community, was high contestant and was awarded a prize of \$7.00. Joseph Wiggins, son of Mr. and Mrs. J. A. Wiggins of Tyner, was second place winner and was awarded a prize of \$5.00. John Hill of Perquimans County was third place winner and was awarded \$3.00. Joe Privott, son of Mr. and Mrs. Wilbur Privott of the Center Hill community, was fourth place winner and was awarded \$2.75. Steve Burch, son of Mrs. Marguerite Burch of Cross Roads community, was fifth place winner and was awarded \$2.25. and Johnny Perry, son of Mr. and Mrs. J. E. Perry, Jr., of the Cannon's Ferry community, was sixth place winner and was awarded \$2.00.

All of the boys on the team except Joe Privott are inexperienced and they did very well in their first contest. Final selection of the team has not been made. However, each of these boys is determined to be a member of the team. Whenever the team is selected it will consist of four members and one alternate.

Citizens Of France Find U. S. Soldiers Best Of Neighbors

Orleans, France—Daily results of good neighbor work being done by American soldiers and the French people are leading to keener understanding and greater co-operation between the two nations.

Joint Franco-American enterprises throughout all France are responsible for much of the increased understanding. Recently the 279th United States Army bulldozers re-graded the strip

Army Band was presented the French "Diplome d'Honneur" by the mayor of Vergt in appreciation for the many Franco-American concerts given in the town.

The small town of Azay needed a footbridge so the townspeople would be able to attend a local function. Only two days after the request, the U. S. Army Engineer Depot at Chinon completed the project.

In northern France, co-operative work by the French and the Americans improved the civic airstrip at Verdun. The local French aviation group offered to share their hangar facilities and runway so the Army would have facilities for handling transportation of critical medical supplies and other equipment. In return, the Army bulldozers re-graded the strip

and laid perforated steel planking to reduce take-off and landing hazards for both French and American aircraft.

French people in the Verdun area also have organized a Franco-American traffic safety committee which recommends correction of dangerous traffic conditions. The committee also counsels both French and American residents on all traffic problems in the area.

At Metz, American children between the ages of six and ten were invited to participate in a "Tom Thumb" instruction course, where miniature streets, roads and appropriate French signs gave the youthful drivers of toy cars first-hand experience under actual traffic conditions.

In Orleans, the Americans joined

with the French in the celebration of Bastille Day, participating in a parade and flying French flags at Army installations. In return, the prefect of the Department of Loiret has directed that all public buildings be decorated appropriately for the next observance of July Fourth.

The Orleans Chapter of National Sojourners, Inc., Society of Master Masons, donated 17,000 francs to an orphanage in Orleans and later the Bishop of Orleans presented the local Army chaplain, Colonel H. F. Donovan, with a relic of St. Benedict in recognition of his efforts in promoting Franco-American understanding.

He hath riches sufficient, who hath enough to be charitable.

—Sir Thomas Browne.
