### Sunday School Record At Presbyterian Church

Last Sunday for the first time in the history of the Edenton Presbyterian Sunday School, there were more than 100 persons in attendance—113 to be exact. This represents a gain of 20 persons from the previous high attendance mark of 93.

A year ago last Sunday (March 9, 1954) there were 30 persons in attendance. In spite of the rapid increase in attendance, the pastor, the Rev. James MacKenzie, announces that steps are being taken to insure adequate room for all who come.

### Make Accessories To Your Own Liking

If you enjoy being original and using your own creative streak, you'll find lots of enjoyment in making many of your own clothing accessories.

According to Mary Em Lee, State College extension clothing specialist, accessories that show good taste are often way out of line as far as price is concerned. By making your own you'll have a lot of fun and at the same time save yourself considerable expense.

Miss Lee says that you can find any number of patterns for attractive neckwear, bags, hats, and gloves at most department stores. Next time you are browsing through pattern books, pay special attention to the accessory sections.

Accessories are very expressive of certain moods and personalities, explains Miss Lee. They can be dressy, tailored, feminine, exotic and very dramatic according to the wishes of the wearer. Accessories can completely change the character of the suit or dress—they can "dress it up" or "dress it down" as the occasion dictates.

The use of artificial flowers as an accessory comes and goes with the seasons. This spring, artificial flowers are abundant—they're even being fashioned into earrings. Here again you can save money by making your own. Plan these earrings to go with a specific dress or outfit.

Artificial flowers for spring and summer wear are most effective if light in color. They will harmonize well with the newer pastel fabrics.
