Du Pont Announces

## NEW ONE-COAT HOUSE PAINT

... cuts repainting time in half  
... stays dazzling white for years

**\$7.75**  
GALLON  
in 5-gal. cans

Now, paint your home at almost half the cost in half the time it used to take! With new Du Pont "41" One-Coat House Paint you get double economy—because it combines exceptional hiding and excellent durability all in one coat. It's specially made with high-hiding pigments for one-coat coverage over previously painted surfaces that are in good condition, or on new, primed wood.

Your house will stay white, too—because Du Pont One-Coat White is self-cleaning. Due to the unique blend of pigments and oils, it actually cleans itself under normal exposure to sun, rain, and weather; provided, of course, that dense shade or excessive accumulations of dust and soot do not retard this "self-cleaning" process.

Come in to see us. We'll be glad to give you free literature on "how to paint," help you with your painting problems or recommend a reliable painting contractor.
