

Lester Harrell Family Master Farm Family In Chowan For 1954

Honor Won at Meeting Held at Chowan Community Building

The Lester Harrell family of the Rocky Hook community has been nominated "Master Farm Family for Chowan County for 1954". A committee in each of the seven organized communities selected a Master Farm family nominee from their respective community. Representatives of these communities met at the Chowan Community Building on Tuesday night of last week to select the highest scoring family nominated.

All families nominated scored very well.

The activities of the parents, and the outstanding activities of the children in 4-H Club work and invitational and Home Economics, the employment of modern farm practices, along with many other things were responsible for the highest score going to the Lester Harrell family. The necessary record and information was obtained and has been forwarded to the State Master Farm Family Committee to compete for this high honor in this area of North Carolina.
