

# Farm Storage Loan Program Extended Through June 1955 ASC Office Reports

## Loans Are Available For Space and Equipment Through Committee

Due to the urgency of the storage situation that will be facing grain farmers at harvest time this year, the U. S. Department of Agriculture has extended the availability of farm storage facility and farm storage equipment loan programs through June 30, 1955, says J. M. Price, Chowan County ASC Office Manager.

These loans which are available now through ASC County Committees are designed to help farmers throughout the State obtain the storage needed for the anticipated big supplies of grain to be stored this summer and fall.

Under these loans, farmers and others can borrow a large part of the cost of additional storage space and drying equipment to provide additional farm storage and vital conditioning equipment for small grains.

Any farm owner-operator, tenant, landlord, or producer partnership is eligible to participate in the programs. Application for a loan may be made at the County ASC office. Loans may be obtained on storage for wheat, corn, oats, rye, barley, soybeans, grain sorghums, peanuts, and cottonseed.

Farmers can borrow up to 80 per cent of the cost of new storage bins, cribs, or other approved storage structures, but not over 45 cents per bushel of capacity. The structure must meet requirements for storage under the price support program. The loan can be paid off over a 4-year period. The first installment is payable 12 months after the loan is disbursed. Interest on the loan is at a rate of 4 per cent per year. During 1953 two loans were made in Perquimans County, covering structures with a capacity of approximately 29,750 bushels.

Up to 75 per cent of the delivered and assembled cost, exclusive of labor cost, of storage equipment to keep stored grain in proper condition may be borrowed under the program. The equipment includes mobile mechanical dryers, air circulators, ventilators, tunnels, and fans. The loan is payable in three annual installments. As in the case of storage structure loans, the first installment is payable 12 months after the equipment loan is disbursed and interest is at the rate of 4 per cent per year.

Mr. Price cautioned Chowan County farmers that failure to provide storage for their grain can prevent their taking advantage of price sup-

port on their grain. "Failure to borrow money and provide storage is a mighty expensive economy."

## Senior Hi-Light

By JANE YOUNT BRITTON

No high school girl could ever find the words to describe the beautiful Junior-Senior Prom held Friday night, but I will try to tell you just a little of how it looked.

The background was an enormous mural of a swamp and trees laden with Spanish moss. To the left stretched a cotton field. Behind the orchestra was a huge sketch of the front of a southern mansion, exact in every detail. At various points around the floor stood trees with actual moss dripping from them. The Junior Class gave special commendation to Cecil Miller for planning and supervising the creation of these works of art.

The opening figure, performed by officers of the Junior and Senior classes, was a dance long to be remembered. Every movement, every act was just right and the girls and boys looked splendid in their formal attire.

We were happy to have with us the guests of our Juniors and Seniors who came from other schools. We hope they enjoyed themselves and will long remember this Junior-Senior Prom as one of the most beautiful they have ever seen.

At intermission-time the Junior Class presented a floor show in keeping with their theme: A Plantation Party, and the supper, served by slave girls, carried out the same motif. Music was furnished by "The Dreamers" of Atlantic Christian College, and they too, were "right" for the occasion, for it was a dream of a dance!

I surely wish I had the room to name everybody and their dates, but as I don't, I will tell you (as you well

know) that the steadies were all there and yours truly (meaning me) was there with my husband (Alvin Ray) and thoroughly enjoyed myself, as did everyone that was there.

Yes, this Junior-Senior Prom can be easily called the "bestest of the restest" in a great many years; past or future. If you missed it, you really missed something great!

## Tourist Workshop Clinic Planned At Nags Head

Plans for promoting and developing the growing flow of tourists to North Carolina's famed Outer Banks will be gone into thoroughly at a Tourist Workshop Clinic at Nags Head at 2 P. M., Wednesday, May 5.

The clinic will be the fourth in a continuing series of such meetings to boost tourist trade in the State. The clinics are being held under arrangements made by the State Department of Conservation and Development's Tourist Bureau with various groups working to boost the State's estimated \$300,000,000 a year tourist industry. C&D Director Ben E. Douglas said. Douglas will attend the clinic here.

Director Douglas will formally open the meeting and make a short talk explaining the value of the tourist industry to the State. He will also preside over the question and answer period that will climax the clinic.

## Merchants Meet In Raleigh On May 16

Retail merchants, executives of merchants associations, and credit women from throughout the State will gather at the Hotel Sir Walter in Raleigh on Sunday, May 16 for the three-day annual convention of the N. C. Merchants Association.

Meeting with the merchants in special sessions this year will be the N. C. Association of Credit Women's Breakfast Clubs and Associated Credit Bureau of North Carolina.

Total membership of three groups is over 8,000.

Mrs. Mabel Biggs of Lumberton is president of Associated Credit Bureau, while Ansel E. Fowler of Winston-Salem heads the merchants' organization and Mrs. Dorothy Cope-land of Greenville, the State credit women.

## Byrum - Cochrane Nuptials Held In Chapel Hill Friday

### Mrs. Imogene Cochrane Becomes Bride of Geo. Alma Byrum

In a simple and private ceremony held in the chapel of the University Methodist Church at Chapel Hill Friday afternoon, Mrs. Imogene Moses Cochrane, former Chowan County home agent, and George Alma Byrum were united in marriage. The pastor of the church, the Rev. Charles Hubbard, officiated, using the double ring ceremony. Only a few close friends and relatives attended the wedding.

The bride was attended by her sister and Thomas C. Byrum, Jr., was his brother's best man.

Following the ceremony a reception was held in the church parlor, after which the newlyweds departed on a wedding trip.

Childlike obedience moves toward every command of God, as the needle points where the loadstone draws.
