

News About Clubs In Chowan County

By HATTIE SINGLETARY
Home Demonstration Agent

Chowan Home Demonstration Club members are "Learning to Live the Frozen Foods Way." Freezing is an easy and economical way to conserve food. It is the only way to keep fresh foods fresh. In fact, frozen foods are often fresher than the so called fresh foods on the market.

Mrs. Charlie Peele, Miss Beulah Evans, and Mrs. Ellie Bunch of the Gum Pond Home Demonstration Club gave a radio program Tuesday, May 18th on "How to Freeze Vegetables." They discussed varieties, picking, scalding, packing and freezing of the English pea. Other vegetables except those salad vegetables that you like to eat crisp, such as lettuce and celery, can be frozen successfully.

If you expect a good product, the freezing must be done properly. Freezing does not improve the flavor in most instances—it just keeps it. A skinny chicken will not come out plump, nor a tough pea tender. Freezing bulletins are available on request at the Home Agent's office.

Home Beautification has been one of the outstanding projects in the Gum Pond Home Demonstration Club. It seems that almost all the homes and yards have been improved in the last few years. Outstanding improvements have been made at the home of Mrs. Z. T. Evans, Edenton, Route 3. "Do you like Pop-Corn?" That's the question Billy Goodwin, Chowan Senior 4-H Club member, asked the club members at the 4-H Club meetings last week. Billy gave a demonstration on "How to Make a Pop Corn Popper" to Chowan, Edenton and Rocky Hock 4-H Club members. Billy's popper is inexpensive and easy to make. The only material necessary is a couple of coffee cans, bolts, wire, infra-red lamp and a pyrex bowl. It can also be used as a hot plate. It takes a lot of polish to get a demonstration ready for the district 4-H contest. That's why Billy wants to give his demonstration several times before the District 4-H Elimination Contest which is July 8th.

Shirley Harrell, Chowan Senior

Club member, believes that "good light is essential for good sight." Last year Shirley was second place territorial winner in the Farm and Home Electric Contest. She is carrying this project again this year and hopes to make an even better showing in the State contest. Shirley gave a demonstration on Making a Pin-up lamp to the club members at Chowan School. Shirley and Jackie Morris are working on a team demonstration for the district 4-H Elimination contest.

Leon Halsey, Edenton 4-H Club member, is also interested in the Farm and Home Electric project. He gave the demonstration "How to Make a Pin-up Lamp" to the Edenton Junior and Senior 4-H Clubs.

Mock X-Ray Unit At White Oak School

On May 2, approximately 600 parents and students witnessed a mock physical X-ray for tuberculosis. The exhibit which was constructed and dis-

played by the members of the 6th grade of the White Oak Consolidated School was a part of a class project.

The exhibit was supervised by the 6th grade teacher, Miss L. M. Nixon. One objective for this phase of the unit was to get the parents and students acclimated to the X-ray mobile which will be in the community from June 22nd to June 26th at Chowan High School.

Mrs. Joyner, health educator of the

N. C. Tuberculosis Association of Raleigh, showed a film strip on tuberculosis to the teachers of White Oak. Accompanying Mrs. Joyner were three other state health workers.

At the night session a film on tuberculosis was shown to a packed house. After which Dr. Holley and Miss Wood, the County Nurse, led a question period on the topic of TB. There was much helpful information gained from this meeting.

DEPENDABILITY

AWKWARD, ugly, ungainly, the "ship of the desert" is a true friend of Man. Though the slightest breeze on the desert is like a blast from the mouth of a furnace, the faithful camel can be depended on.

Each ceremony is conducted with gracious simplicity, when we are asked to officiate. Constant application and years of careful study have won us our reputation for dependability.

NORTH CAROLINA UNLIMITED

Tarheel Retail Business is Booming!

To the familiar question "How's business?", Tarheel merchants can honestly say it's terrific! While complete reports are not yet available, North Carolina sales tax collections for 1953 as compared with 1952, indicate retail sales were up by 5.46 per cent—more than TWICE the rate of increase for the entire United States! Busy people are happy people and their activities contribute greatly in making North Carolina a better place in which to work, play and live!

Another contribution to more pleasant living for North Carolinians is the brewing industry's self-regulation program where brewers, wholesalers and retailers—in counties where malt beverages are permitted under State control—cooperate to maintain wholesome conditions for the legal sale of beer and ale.
