

W. P. Jones Speaker At Lions Meeting

Appeals For Cooperation In Securing New Industries

A fervent appeal for their cooperation in the matter of securing more industry for Edenton and Chowan County was made to the members of the Edenton Lions Club at their Monday evening meeting by W. P. Jones, chairman of the Industrial Development Committee of the Edenton Development Corporation, an organization recently perfected by many citizens of Edenton.

"Our committee consists of the 11 men and women who were the original incorporators of the corporation," said Jones. "Our primary objective is to bring new industry to Edenton in order to bolster up our steadily shrinking pay-roll here, due to the curtailment of some of our manufacturing establishments. At present we have secured over 550 persons who wish employment and there are actually over 1,400 employable women available for work in Chowan County, continued the speaker.

"We have the friendship and full cooperation of the State Department of Conservation and Development. They have furnished us a number of good leads on industries who are anxious to move their plants South, or establish additional ones in our State," said Jones.

"Just recently we lost an industry, due to the fact that we were not organized to work for it. This plant is being established at Lillington by the Morehead City Garment Company. Many towns of our size have organized as we are now preparing to do, which include such places as Spring Hope, Scotland Neck, Zebulon, Woodland and others. They are really going after these industrial plants," continued Jones.

"The Lions Club has always interested itself in all movements looking to the betterment of our community. We solicit your help at this time and would appreciate your attending the mass meeting to be held at the Court House immediately following adjournment of your club."

Jones was introduced by Mayor Le-

roy Haskett, chairman of the club's Community Betterment Committee, who likewise urged every member to attend the meeting at the Court House. Earl Harrell, president of the club, thanked Mr. Jones for his inspiring talk and assured him that the Lions will cooperate in every way possible. Dr. Wallace Griffin and Dr. A. F. Downum reported on their recent attendance as delegates to the Lions International Convention in New York City. Time would not permit a full report, but they passed around various exhibitions, brochures, etc., from nations all over the world, except the iron curtain countries where such organizations are restricted, if not totally prohibited. These proved very interesting to the members.
