

## 190 Bushels Pine Cones Collected

### Seed Sent to Tree Nurseries For Seedlings In Reforestation

District Forester O. T. Wynne and Chowan County Forest Ranger Frank V. White of the N. C. Department of Conservation and Development, Division of Forestry, announce that 190 bushels of pine cones were collected in Chowan County this season. These cones were collected by students of Edenton schools under the supervision of Mr. White.

Pine cones are collected each year so that seed can be extracted by the division's forest tree nurseries and planted to grow pine tree seedlings for distribution and use in North Carolina for reforestation. The seed collected in this area will be returned to the north coastal plain in the form of seedlings so that trees planted here will have their origin in the same general locality.

The N. C. Forest Service and County Ranger White wish to express their sincere appreciation to all who assisted in this project.

## Chowan Peanut Yield Better Than Expected

Many Chowan County peanut growers are wearing broad smiles this week due to surprisingly good peanut yields. Yields up to almost 50 bags per acre have been reported. Four weeks ago the stem rot disease was very prevalent causing considerable damage on many farms. Growers were wearing rather long faces, stating that the peanuts were ruined, but the damage turned out to be much less than expected.

In the Cross Roads community J. E. Baker and Colon Forehand reported yields of almost 35 bags per acre averaging around 83 to 85 pounds per bag. The grade is good.

In the Gliden community several farmers reported yields were running 28 to 30 bags per acre. Two farmers reported 40 bags per acre. On Friday rumors were going the rounds that one grower was making 104 bags of peanuts on two acres.

In the Rocky Hock area and the Advance community good yields are being reported. On the other hand, some growers have reported yields of only 15 to 18 bags per acre and there no doubt will be some smaller than this.

The majority of the peanut growers in Chowan County are very happy with the blessing of a good peanut yield for such a dry year.

## Varsity Club Will Sponsor Cake Sale

(Continued from Page One) fering to the public their choice of two very fine fruit cakes, and the profit realized from this sale will be contributed to the bus fund. We ask for no contribution. We merely ask that you purchase one of these delicious cakes. By so doing, you will join in contributing to the bus fund. We hope you will be ready when our sales teams call at your door. If you're not ready at that time to purchase a cake, we will be happy to take your order for future delivery."

## Edenton Aces Meet Farmville Friday Night

(Continued from Page One) The Aces came out of the heart-breaking loss to Ahoskie Friday night uninjured so that they should be in top strength to meet the Farmville gridiron machine.

Friday night's game will be observed as Homecoming Day, sponsored by the Future Homemakers of America. The girls are working together to make it a success and happy time for all. There will be a parade starting at 7 o'clock, made up of floats, clowns, bands, Edenton beauties and other interesting entries. A prize will be given to the sponsor of the best float. The game with the Farmville Red Devils will begin at 8 o'clock and following the game a dance will be held in the school gymnasium.

At half time the Homecoming King and Queen will be crowned in a

contest which is now in progress with votes being sold for the favorite candidates. Votes may be deposited in boxes at the Colonial Store, Mitchener's Pharmacy, Leggett & Davis Drug Store and P & Q Super Market.

Edenton merchants, students not in FHA and faculty members have been most cooperative in making this the best homecoming event ever staged. Members of the FHA are hoping the celebration will attract a large number of Edenton alumni and townspeople.

## Miss Sarah Jones Dies Early Tuesday Night

Miss Sarah Jones died about 7 o'clock Tuesday night at her home on Broad Street following a short illness. She was a native and life-long resident of Edenton.

Surviving are two sisters, Mrs. W. H. Coffield and Mrs. E. R. Marriner, both of Edenton; two brothers, J. M. Jones of Edenton and Frank Jones of Elizabeth City, and a niece, Mrs. Frances Ferguson of New York.

Funeral services will be held this (Thursday) morning at 10:30 o'clock at St. Paul's Episcopal Church with the rector, the Rev. Gordon Bennett, officiating. Burial will be in St. Paul's Churchyard.

Pallbearers are R. N. Hines, James Bond, Jack Bond, Clyde Adams, Chas. Wood, Jr., Frank Elliott, Philip McMullan and Logan Elliott.

One thing at a time, and all things in succession. That which grows slowly endures.

—Josiah Gilbert Holland.

## Delinquent Taxes Trickle Into Coffers

County Attorney J. N. Pruden reported to the County Commissioners Monday morning that he had collected \$711.82 in delinquent county taxes during the past month. The amount represents small amounts ranging from \$2.28 to \$65.48 and includes some taxes as far back as 1933.

Mr. Pruden has been instructed by the Commissioners to proceed with the necessary legal steps to collect delinquent taxes due the county.

## Cow Testing Campaign Conducted In Chowan

A cow testing campaign is in progress in Chowan County to test all cattle six months of age and up. Dr. Bradshaw of the Federal Veterinary Service is in the process of testing cattle in the county. The main test is for bangs disease.

A few cattle spotted over the county will be tested for tuberculosis. Dr. Bradshaw states that no TB has been found in cattle in this area in a very long time and, therefore, a spot check is all that is necessary.

The County Extension office is trying to cooperate fully with Dr. Bradshaw in this campaign. Cattle owners have been listed in communities, a schedule worked out and the owners notified in advance of the time to expect Dr. Bradshaw. Due to the limited amount of time Dr. Bradshaw has available for work in the county, it will take about two more weeks or probably 4 to 6 days to complete the

work. If there are any people who are in communities where cattle have been tested this time and who has a cow they want tested, they should contact the County Agent's office and

arrangements will be made to test them.

Every individual nature has its own beauty. —Ralph Waldo Emerson.
