

## Mr. and Mrs. Ernest Kehayes Entertain Edenton's State Championship Class A Football Team At Chicken Dinner

### Coaches and Visiting Guests Praise Football Boys

Members of the Edenton State Class A football championship team were entertained by Mr. and Mrs. Ernest Kehayes Thursday night at a fried chicken dinner which was served in the room above the Albatross Cafe. Aside from the boys on the football squad special guests were Mayor Leroy Haskett, Superintendent John A. Holmes, Principal Gerald James, Coach William Billings, Assistant Coach Alton Brooks, the Rev. James MacKenzie and J. Edwin Buflap.

The boys and guests were welcomed by Mr. Kehayes, who called on each guest to make brief remarks. The coaches were high in praise of the boys for their sportsmanship, their willingness to carry out instructions and their determination to win the State title, while each one of the other speakers paid tribute to the coaches and the boys for developing a gridiron machine capable of winning the State Championship, thus bringing no little amount of favorable publicity to the school but Edenton as a whole. In his remarks Mr. Holmes recalled that it is the second state championship the Edenton school has won within a year, pointing out that, aside from the football championship, last year's debating team.

The Airport Authority attributes this substantial improvement in business to increased acceptance of air travel by the people of North Carolina, and to greatly improved air line schedules.

In this connection Saunders pointed out that several new services have been added recently, including a new through service from Raleigh-Durham to Nashville, Indianapolis and Chicago.

The Authority noted that the completion of construction on U.S. 70, providing a four-lane highway from Durham and Raleigh has already produced a noticeable increase in activity at the airport.

Following the business meeting a Christmas party will be held at the home of Mrs. Ernest Lee at the corner of Broad and Church streets. Mrs. Margaret Phibbs, Pocahontas, is a very member of the Council to attend.

According to Arven H. Saunders, airport manager, this figure represents a 30% increase in passenger business, and includes a record breaking 641 passengers boarded on November 24, the day before Thanksgiving.

"Do you know any foreign languages?"  
"No," answered Senator Sargent, "and I'm glad of it. I can at least postpone the shock by waiting to have the bad news translated to me."
