A LIFT FOR TODAY

★ Be thou faithful unto death, and I will give thee a crown of life.—Rev. 2:10.

TO ALL WHO love God, there is no unknown future; God is out there and they are not afraid for they have set their souls toward Him and heaven.

Merciful Father, may we all be in love for Thee, always trusting Thee and willing to do Thy will.

Breaks For The Motorist

An amusing, and also significant, commentary on the kind of service we expect from service stations is found in a sign a New England operator posted when he took a vacation. It read: "We are closing up for two weeks. The services we usually provide may be had at the following places: 1. General Information—from cop on beat. 2. Cokes—at corner drugstore. 3. Rest Rooms—at home. 4. Change—at bank across the street. 5. Petty Loan—at bank across the street. 6. Charity—at County farm. 7. Matches—from passerby. 8. Daily Newspapers—from newsboy. 9. Lounging—in the street."

Actually—all humorous exaggerations to one side—the typical American service station knows no superiors and few equals. It is symbolic of our highly competitive oil industry in particular—and of our free system of doing things in general. The contrast with the service stations in most other countries is striking. When the retired president of the Automotive Safety Foundation returned from a European motor trip last summer he was asked about the foreign stations, and he said: "Nobody wiped my windshield or checked my oil. They have simply never heard of such a thing as service over there. What do you mean, were the rest rooms clean? They never heard of rest rooms. As for the TBA—as we call tires, batteries and accessories sales—they never heard of that either."

The American motorist really gets the breaks.

Real Satisfaction

Because so many people believe it is more blessed to give than to receive and realize satisfaction in helping to make others happy, 210 persons in Chowan County were made happier on Christmas. Various groups presented presents to 50 families representing 210 persons who otherwise would have had a less joyous day.

Of course, many more unfortunate persons were remembered by individuals and other groups, so that the spirit of Christmas, as it should be, permeated the entire county. There is no remuneration which can take the place of the real satisfaction one experiences in helping those more unfortunate than ourselves.

HEARD & SEEN

By "BUFF"

Everybody should, at Christmastime especially, do those things which tend to make other people happy, but unfortunately there are always a few who are more concerned about themselves than anybody else despite the consequences. At least one local person was made very unhappy during the Christmas season due to some hoodlum desecrating a grave in Beaver Hill Cemetery. She was Miss Gladys Simpson, Miss Simpson holds in great respect the memory of the late Miss Annie Coffield, a saintly old Chowan County lady who is buried in Beaver Hill. She takes great pains in keeping up the grave and some time back planted two beautiful red-rose trees at the grave. Miss Simpson was notified just before Christmas when she went to the cemetery only to find that somebody, who evidently has no respect for anybody, cut down one of the trees most likely to be used as a Christmas tree. While looking around the cemetery after Christmas I also found that somebody had cut out the top of a beautiful cedar tree on the Holmes grave. Every now and then the cemetery is the victim of some hoodlum who seems bent on wantonly doing damage. It isn't infrequent that flowers and plants are also stolen from graves. It's just too bad that everybody does not have enough respect and reverence for the dead to refrain from undoing what loved ones do in token of their love and respect for those who have gone before. Just what pleasure such hoodlums get from molesting things at the cemetery is hard to understand, and here's hoping one of these times the guilty parties will be caught and dealt with to the fullest extent of the law.

And yours truly also had an incident occur which caused a very sad incident during the Christmas holidays. After going to a lot of trouble to prepare forms for a death claim for a brother Red Man, I had a letter ready to be mailed but must have dropped it between The Herald office and the Police Station. I searched high and low for the letter, but couldn't find it. Lacking the letter means a great deal of red tape and considerable delay in paying the widow the death claim. The letter cannot be of any value to anybody else, so if it was picked up and not mailed, here's one who will regret the happiness and worry lost during Christmas if I can get hold of it.

Well, the holidays are just about over, but some folks will get one next Saturday—New Year's Day. Town and County offices will be closed for the day and so will the Banks of Edenton. For the most part stores will be open as usual. Here's one who enjoys Christmas, but is also glad when the holidays are over. And there's a lot of others who feel the same way.

Bob Pratt was fooled the day before Christmas. When he stopped in the office he saw a rather attractive package on the counter labeled "Scott". He asked if it was his present, but it happened to be a Scotch dispenser for cell-phone tape instead of the kind of Scotch he thought it was.

Among my Christmas greeting cards I found this little clipping: "Little Chris (ending prayer): 'and please, Lord, put the vitamins in me and give me instead of in cod-liver oil and spinach. Amen.'"

Schools will reopen Monday after an extended Christmas holiday. Maybe some of the youngsters will not be so glad, but there are many mothers who will realize some relief by not having 'em around the house so much of the time. Mothers, like the rest of us, are glad when the holidays are over.
