

# Norfolk Symphony Opens 36th Season Saturday, Oct. 8th

## Concert In the Norfolk Municipal Auditorium

Norfolk's well known Symphony Orchestra and Choral Association, largest organization of its kind between Washington and Atlanta, will open its 36th season Saturday night, October 8th with a "Pops" concert at the Norfolk Municipal Auditorium.

The regular season will get underway on Monday, October 24th with the first of a series of seven concerts which will feature two choral masterworks, four piano concertos, a violin concerto and two birthday celebrations.

Mendelssohn's dramatic Biblical oratorio, "Elijah" is under preparation by the Norfolk City Chorus for presentation January 23, with the Norfolk Symphony and outstanding soloists. Anyone interested in participating, can join the Chorus at rehearsals on Mondays at 7:30 P. M., in Mendoza Hall of Oneh Shalom Temple, Raleigh Avenue, one-half block west of Colonial. For its Easteride concert, on April 9, the Civic Chorus will present Bach's soul-stirring "The Passion According to St. Matthew". Three outstanding pianists will appear with the Symphony: On November 24th, Mieczyslaw Horowitz, who just back from the Prades Festival where he played with Pablo Casals, and long recognized "the pianist's pianist" will perform two concertos, one by Beethoven, one by Mozart; December 12th will bring back to Norfolk Eunice Podis, who will apply her fiery technique to Khachaturian's Concerto; and on February 20th we shall hear once again Leonid Hambro, who has achieved international renown since he appeared with the Norfolk Symphony eight years ago, in the exquisite Chopin E-Minor Concerto. Robert Mann, first violinist of the Juilliard String Quartet, and a popular soloist with the Norfolk Symphony on several occasions, will return on March 19th to perform the Brahms Violin Concerto.

This season will be celebrated throughout the world as marking the 200th anniversary of the birth of Wolfgang Amadeus Mozart, Edgar Schenkman, Conductor and Musical Director of the Norfolk Symphony Orchestra and the Norfolk Civic Chorus, has programmed one of Mozart's works on each of the regular season's seven programs. The 90th birthday of the contemporary composer, Jan Sibelius, will be celebrated at the December concert with the playing of one of the master's important compositions.

A unique feature of the Symphony year will be the serving of Buffet Suppers for symphony-goers on Symphony-Mondays at the Commodore Maury Hotel, prior to each concert. Many hostesses are already planning Symphony Supper parties for the night of the opening concert, Monday, October 24th.

Do not anticipate the happiness of tomorrow, but discover it in today. —Ella Wheeler Wilcox.

## Loans Available For Hurricane Damage

Continued From Page 1—Section 1 of rain followed and then Hurricane Ione with more rain on September 19.

W. W. Byrum, chairman of Chowan County Commissioners, and A. B. Harless, a close friend of Governor Hodges, wired the Governor of the damage to Chowan County. The Governor replied that he would fly to Elizabeth City for a conference on September 22.

Preparatory to meeting the Governor, a group met at the Municipal Building and prepared an estimate of approximately \$1,500,000 damage. County Commissioners W. W. Byrum, W. E. Bond, J. R. Peeler and J. A. Webb; Mayor Kehayes, A. B. Harless, John A. Kramer, W. S. Privott, Clarence Leary and County Agent C. W. Overman presented the damage report to Governor Hodges and his party. The Governor and other officials assured the group that aid would be available.

On September 28, the County Hurricane Disaster Committee met. A more detailed estimate of the damage was prepared. This total amounted to \$1,401,520.

On September 30, a committee attended the meeting with Congressman Bonner as stated. In this meeting provisions of FHA loans and emergency loans for farmers were explained. It was clearly stated that no farmers would experience a foreclosure because of this hurricane damage if he would do his part.

"Many farmers have experienced severe losses by these hurricanes, but no farmer should let this get him down," Overman says. "Come to the County Agents' office on any Wednesday morning, talk your situation over with Mr. Morgan and learn what you can do."

## Restraining Order Served On Town

Continued From Page 1—Section 1 plaintiffs special comfort and pleasure because of its shade, insulation from the hot sun and protection from wind and rain.

The complaint further states that Town Councilmen have committed themselves to removal and destruction of the tree without just cause and that the tree does not block or obstruct the driveway from the street to the adjoining property, and that the action taken by Town Council in ordering destruction of the tree is an abuse of their discretion and is without regard to the comfort and enjoyment of the plaintiffs and all other residents along said street as afforded by the tree.

The plaintiffs are represented by Norman & Rodman of Plymouth.

The order signed by Judge Paul requires that the defendant appear before Judge Chester Morris Tuesday afternoon, October 18, at 2:30 o'clock at the Pasquotank County Court House to show cause why the order should not be continued to a hearing of the case in the Superior Court.

Judge Paul's order required delivery of the defendant upon the filing of a bond to be approved by the Clerk of Superior Court of Chowan County in the sum of \$200 conditioned upon the payment of damages to the defendant if the issuance of the order should be wrongful and unlawful.

# Jaycees In Edenton Will Help Finance U.S. Olympic Teams

## Hats Will Be Passed Around at Friday's Football Game

Luther Parks, president of the Edenton Junior Chamber of Commerce, announces that Edenton Jaycees will again participate with 2,750 other Junior Chamber chapters in a nationwide drive to send U. S. teams to the 1956 Olympic Games.

He said the U. S. Junior Chamber of Commerce, in cooperation with the U. S. Olympic Committee, LIFE Magazine and other organizations, is spearheading a nationwide "Money March" to finance expense of sending U. S. athletes to Australia, Italy and Mexico.

The drive begins this week and will continue through December 15. President Eisenhower has been authorized to proclaim October 16 as National Olympic Day in conjunction with the fund-raising drive.

Each Jaycee is to "sponsor" one money container and to fill it at football games and other athletic events in coordination with a national press, radio, and television publicity campaign to help raise the more than one million dollars needed to finance the team. Hats will be passed around at the Edenton-Elizabeth City football game Friday night in order to receive contributions.

In contrast to "Iron Curtain" countries where athletic teams are 100 per cent government subsidized, the U. S. Olympic team will be a truly representative "people's" team supported by the nickels, dimes, quarters and dollars donated by the American people.

## Aces Tackle Arch Rival This Friday

Continued From Page 1, Section 1 son.

Coach Billings points out that Elizabeth City has "practically the same team that it had last year," and that "they beat us, 19-6 last season when we had one of the best teams in Edenton history."

The amiable mentor also stated that "they have the heaviest line we'll face all season, and they are not joking when they call it one of the best in North Carolina. Why, we'll feel that we've done a good job if we can score on them."

Another aspect of the contest that has Coach Billings worried is the threat of injury to his players.

With important Albemarle Conference games coming up on the next four week-ends, Billings thinks that his light, thin squad had best be at full strength if it expects to win them all—a feat that will have to be accomplished if the Aces are to return to the State playoffs for a chance to retain the State crown. A loss to Elizabeth City wouldn't record the Aces' unbeaten Class A record, but a loss to any of the four rivals to be met after Friday night's game would be disastrous to Edenton's conference and state title hopes.

In rolling to its four straight shutout victories this season, Elizabeth City has downed Durham County 39-0, Jacksonville 14-0, Washington 20-0 and Roanoke Rapids 25-0.

Edenton has rallied from an opening game loss to the same Roanoke Rapids team (20-13), to score three victories—two of them over Class A opposition. The Aces downed Great Bridge, Va., 19-6, Williamston 34-6, and Beaufort 42-6. In each of the last two battles, the Aces have amassed a yardage total of 360-plus.

But the Yellow Jacket line figures to be able to hold the Edenton attack in check by its past performances. With veterans of last year's team in every position, the Jackets average around 200 pounds per man from end to end. Edenton's light, speedy line checks in at an average of 160 pounds per man. Playing against bigger opponents won't be a new story to the Aces, since it'll be the fifth straight week that they've done so. But the Jacket forwards have weight with know-how, where the weight packed by some of the Aces' earlier opponents hindered, rather than helped, their cause.

For the second week in a row, regular halfback Jerry Downum will ride the Edenton bench. Downnum, injured two weeks ago in the Williamston game, has a more serious ailment than was earlier diagnosed, and will probably not see action until the Hertford game week after next. Downnum has a shoulder separation.

Johnny Kramer, Edenton end who was out last week, has recovered from a mild illness and will be ready for action against the Jackets.

Edenton's main threat to Elizabeth City's record rests with a trio of fleet backs, and the running and passing ability of Quarterback Stuart Holland. Holland, who has scored three touchdowns in each of the Aces' last two contests, can call on speedy halfbacks Tom Bass and Billy Bunch and fullback Chan Wilson to put punch in the Aces' attack.

Elizabeth City hasn't been all defense this season, either. Big Douglas Rogerson has led the way

to most of the Jackets' touchdowns behind the blocking of the big forward wall. Scouting reports show that the Jackets depend mostly on straight "T" formation power plays, taking advantage of their powerful path-clearing linemen. Quarterback Jerry McGee is also a threat in both the passing and running departments.

So, the age-old question of whether a good little team can beat a good big team again demands an answer. And, though Edenton fans are hopeful of their first victory since 1949 in the long series, all of the figures seem to point to just another link in Elizabeth City's chain of success.

The probable lineups:  
E. City Pos. Edenton  
Sawyer LE Kramer  
Clifton LT Ward  
Brockett LG Keeter  
Myers C Speight  
Spruill RG Canipe  
M. McGee RT Fletcher  
Price RE Emminizer  
J. McGee QB Holland  
Boyer LH Bunch  
Miller RH Bass  
Rogerson FB Wilson  
Color will be added to the game by the crack Elizabeth City Band and the Edenton Band.
