

Number Of Soils In Chowan Lacking In Plant Nutrients

County Agent Urges Farmers Send Samples For Testing

Many soils in Chowan County are low in one or more of the plant nutrients needed for high forage production, according to County Agent C. W. Overman.

In view of this, he advised farmers planning to seed pastures this fall to have their soil tested now and, after receiving their soil test reports, to lay in the right amounts of lime and fertilizer they will need to build up the short elements.

"Studies by the North Carolina Experiment Station," Overman continued, "illustrate what happens when you fail to lime and fertilize pastureland properly. Widely varying yields of dry Ladino clover hay were obtained from a field that was low in lime, phosphorus and potassium when different combinations of these three plant-nutrient elements were applied.

"Additions of lime, phosphate and potash brought a yield of 6,103 pounds of dry hay an acre. Phosphate plus potash gave only 2,607 pounds of hay. Lime and

phosphate resulted in a yield of 3,274 pounds, while the combination of lime and potash gave only 1,031 pounds.

"Leaving out any one of these materials reduced the yield from one-half to one-fifth of that which was obtained when all of these elements were applied."

Overman urged Chowan county farmers to take soil samples early and send them to the Soil Testing Division, State Department of Agriculture, Raleigh. Results of the laboratory tests, together with lime and fertilizer recommendations for particular fields, will be mailed to farmers—"all for free." Soil sample boxes and instructions can be obtained from the county agent's office in Edenton.

Accurate Estimate Of Taxes Is Urged Under GI Program

Lenders and builders in the GI loan program should make sure that reasonably accurate tax estimates are given to veteran-buyers and reported to the Veterans Administration, VA announces.

In some areas of the country, according to the agency, lenders and builders have erroneously estimated the real estate taxes and special assessments when negotiating with veteran-buyers and when submitting loan applications or loan reports to VA.

Through this practice, VA said, the veteran-homeowner is faced with meeting a substantially higher monthly payment shortly after closing the loan than he originally was informed he would have to pay.

In some cases this increased payment is so much higher that, if it were known prior to approving the loan, VA would have rejected the application because of insufficient income.

The loan also might be placed in jeopardy due to the borrower's inability to meet the increased payment, VA added.

VA believes it is the duty of lenders and builders to make accurate estimates of real estate taxes and assessments, even though the exact amounts are not known at the time the properties are sold. Accurate estimates may be obtained by making inquiry of local taxing authorities and by comparing similar properties in the locality, VA said.

NO FIRES IN JUNE

In a report from Fire Chief R. K. Hall presented at the Town Council meeting Tuesday night it was stated that during the month of June Edenton firemen were not called out for a single fire in Edenton nor in the rural section.

Firemen did, however, answer one still alarm and answered a call from Colerain for use of the rescuator.

Frank Hughes In Hospital As Result Of Heart Attack

Frank Hughes, superintendent of the Edenton Street Department, was stricken with a heart attack Tuesday morning about 10 o'clock while performing his duties. Complaining about not feeling well, Mr. Hughes went to see a doctor and was immediately rushed to Chowan Hospital and placed under an oxygen tent.

Mr. Hughes had a similar attack a few years ago, but recovered, although he has been obliged to take a rest period each afternoon.

Others advanced included Joe Campen and Bill Goodwin, first class; Ashby Tarkington, Brad Wilford, Robert White and Clyde Cobb, second class.

Chowan County is represented on the honor list by Hazel L. Chapell of Tyner.

Minutes Of County Board Of Education

The Chowan County Board of Education held its regular meeting July 2, 1956, at 10:00 A. M., in the office of the Superintendent, with the following members present: J. I. Boyce, D. H. Berryman, Conroy Perry and G. E. Nixon. In the absence of G. B. Potter, chairman, J. I. Boyce was appointed to act as temporary chairman.

The meeting was called to order with the reading of the minutes of the previous meeting. The minutes as read were adopted by a motion made and passed.

Bills read and approved for May and June as follows:
For May—Per capita, \$2,549.10; vocational salaries, \$712.88; veterans' program salary and expense, \$816.08; teacherage, \$38.00; capital outlay, \$751.04; current expense, \$1,976.32; total, \$6,843.46.

For June—Per capita, \$1,454.38; vocational salaries, \$509.44; veterans' program salaries and expense, \$731.37; baseball park, Chowan High School, \$12.39; teacherage,

\$33.60; current expense, \$3,431.86; total, \$6,173.54.

The superintendent reported that a contract with R. E. Aiken, Jr., to make the school audit for 1955-56 had been made, as authorized at the last meeting.

The superintendent reported that the water reservoir at Chowan High School had been dug, and the remaining problem was to get a fence around it. He presented the cost per foot for the fence and post, and also a contract price for complete installation from the Allison Fence Company. The difference in cost for a complete installation with the Allison Fence Company, as compared with the cost of material and local labor warranted a contract for a complete job.

Therefore, a motion was made and adopted authorizing the superintendent to contract for a complete installation of the fence. Water proofing the gymnasium was considered. Due to the continued expense and the continued deterioration of this building, caused by the water seepage through the walls, a motion was made and passed, authorizing the superintendent to have the outside walls wa-

ter-proofed with a recommended material.

A motion was adopted providing for the opening and closing dates for the schools in the County Unit as follows: The opening date for the White Oak school will be August 20; the Rocky Hook and Chowan High schools, September 3rd. All schools will close for two days at Thanksgiving, and close December 14 for the Christmas holidays, and re-open January 1, 1957. All schools will be allowed Easter Monday 1956-57.

Palmer Tynch appeared before the Board, requesting some relief in the cost of lights at the Chowan High School baseball park. It was agreed, by motion made and passed, to reduce the cost for lights per night from \$15.00 to \$10.00, and to furnish bulbs for replacement, provided Mr. Tynch would have the bulbs installed at his expense.

The treasurer's reports for June were adopted by a motion made and passed.

There being no further business, the Board adjourned.
J. I. BOYCE,
Temporary Chairman
W. J. TAYLOR, Secretary
