

Revival Services At Ballard's Bridge To Begin August 19th

New Pastor, the Rev. Lamar Sentell, Will Be Preacher

Revival services will begin at Ballard's Bridge Baptist Church Sunday, August 19, and continue through Sunday, August 26.

The preacher for the meetings will be the new pastor of the church, the Rev. Lamar Sentell. Mr. Sentell succeeds the Rev. Ralph Knight, who recently resigned to accept a pastorate in Charlotte.

Mr. Sentell comes to Ballard's Bridge Church from Merry Hill, where he served as pastor of the Merry Hill Baptist Church for 4½ years. He is married and has two daughters, Barbara Ann, 10, and Martha Jane, 2. The family is now residing at the Ballard's Bridge parsonage.

In announcing the revival Mr. Sentell says services will be held each night at 8 o'clock and three afternoons, Wednesday, Thursday and Friday, at 3 o'clock. Floyd White of Hobbsville will be the song leader. The general public is cordially invited to attend any or all of the services.

IMPORT—Chinese actress Lili-hwa, who has starred in 63 motion pictures in the Orient, poses in Chicago, Ill., as announcement is made that she'll soon appear in American films. Her first appearance will be in Cecil B. DeMille's "The Buccaneer," soon to be filmed.

Revival Begins At Warwick Church Monday, Aug. 20

Dr. F. D. Whitesell to Preach for Series of Meetings

The Rev. Lee A. Phillips, pastor of the Warwick Baptist Church, announces that revival services will begin at his church Monday, August 20 and will continue through the fourth Sunday, August 26.

Dr. F. D. Whitesell, professor at the Northern Baptist Theological Seminary of Chicago, will do the preaching for the revival.

Services will be held at 3 o'clock each afternoon and 8 o'clock at night. Everyone is cordially invited to attend any or all of the services.

Health For All

A Plea For Father

What kind of a vacation is Dad having?

We're used to thinking of summer vacation in terms of the children. School's out and they're making the most of it. We Americans seem to concentrate on making sure that they have the right kind of summer. But what about Father? Outside of chauffeuring the kids to the swimming hole and playing life guard, explaining historical monuments on the motor tour, and cutting wood for the picnic fire, is he having a vacation?

He's a pretty important guy. His summer vacation should be more than just two weeks away from the job. Industrial health experts tell us that his vacation can make or break the year ahead for him. That's why more and more business firms insist on his taking at least two weeks off. And it is true that some men have to be almost pushed out of the office. If he doesn't build up a reservoir of good health, now we may all be in trouble.

Father, the Forgotten Man in too many households, is one of the nation's biggest health problems. Statistics show that there is more serious illness among middle-aged men than among women. Men in their middle years have more tuberculosis than any other group in the population. Yet we know that a healthy, well nourished person can usually fight TB germs to a standstill.

If Father isn't building up his health this summer, isn't eating right, or getting enough sleep, rest, and recreation, the family can resolve to do something about it before the summer is over. One important step is to find out what the words "rest" and "recreation" mean to him. He may not enjoy doing some of the things he feels

he "ought to do" for the children. A few adjustments can be made.

Dad may be surprised when his wishes and his health are taken into consideration in the family plans. But don't worry. He'll be able to stand the strain.

Range Shelters Need To Be Taken Care Of

North Carolina poultrymen use thousands of portable range shelters each year. Roy S. Dearstyne, State College Poultry Specialist, says that the life of these shelters is relatively short. This is due to the heavy wear and tear the shelters have to take during the year.

Dearstyne says that this is especially true of the shelter run-

ted floors in the shelters, says Dearstyne, they too may deteriorate rapidly if not properly cared for. It may well be that poultrymen can save themselves the cost of high repair and replacement bills if they plan now to properly repair and store their range shelters when they have finished using them this year.

Dearstyne adds that if the roof is not aluminum, it might be advisable to slap a coat of aluminum paint on that roof and help ward off some of the intense summer heat. A poultryman, he says, is always dealing in futures. And his success is definitely related to how far he looks ahead and how well he prepares for the things to come.

FIREMEN CALLED TWICE

Edenton firemen were called out twice during the week, the first call occurring Saturday night about 10:30 o'clock when a car belonging to Laurence Collins caught fire in front of Chowan Hospital. The second call came early Monday night when an oil stove flared up in a house on Baer's Lane, next to the colored high school. Little damage was done in both instances.

IN MEMORIAM

In loving memory of my dear husband, James H. Morgan, who passed away one year ago, August 20, 1955.

Little did I know when at dawn that morning

That you were passing away;

The end was sudden; the shock severe,

To part with one I loved so dear.

My heart is heavy thinking of you;

Remembering how you died,

To know I was with you

And to think I could not say good-bye before you closed your eyes.

I am praying that some day

We can meet in Heaven

Where there'll be no more sorrow

No more goodbyes.

Revival At Burgess Church Starts Aug. 19

Burgess Baptist Church near Hertford will hold its annual revival services beginning Sunday, August 19, and continuing through Sunday, August 26. Services will be held each night at 7:45 o'clock.

The Rev. Henry V. Napier will be the visiting preacher. Mr. Napier has been pastor of the Manito Baptist Church for seven years and was recently called to pastor the Center Hill and Great Hope churches.

The Rev. Philip Quidey, pastor of the church, extends a cordial invitation to everybody to attend the services.

LIONS MEET MONDAY

Edenton Lions Club will meet Monday night, August 20, at 7 o'clock. President Ernest J. Ward, Jr., requests every member to be present.

Mrs. Cottie Lassiter Breaks Hip In Fall

Friends will regret to learn that Mrs. Cottie Lassiter had the misfortune to fall at her home Monday morning, which resulted in a broken hip.

Mrs. Lassiter was 85 years old last December and is in critical condition at her home on Oakum Street.

It takes less time to do a thing right than it does to explain why you did it wrong.

GUM POND CLUB MEETS

The Gum Pond Club held its regular meeting with Mrs. Clarence Bass and Miss Ida Bass.

The meeting opened with the song "Hail Club Women." Mrs. Clarence Bass chose for the devotional the 4th chapter of Galatians 1-3 verses. The Club Collect followed by all repeating in unison.

The nominating committee gave a report of the new officers for the coming year as follows: Mrs. Everett Wilson, president, and Mrs. Herman Nixon, secretary. The club will furnish cookies in August for the hospitalized Marines at Cherry Point. Plans were made for the August picnic.

Mrs. Hattie S. Byrum gave a very interesting demonstration on wall finishes for the home. She showed the different colors that would blend well together and those that would not. She gave the demonstration of the size of room which would depend on the shade of paint used. The hostesses served delicious refreshments.

The Gum Pond Club members and their families met August 1 at Sandy Point Beach for their annual picnic. A most delicious supper was enjoyed by all. Miss Helen McDonald, assistant home agent, also attended.

FAIR PECAN CROP EXPECTED

Production of pecans in North Carolina for 1956 is estimated as of August 1 to reach 1,950,000 pounds. Last year's crop following the late March freeze was almost a failure and amounted to only 350,000 pounds. If this year's forecast materializes, it will be almost double the 1954 crop of 1,000,000 pounds (short also on account of Hurricane Hazel) but it will fall below the 1945-54 ten-year average production of 2,254,000 pounds by about 13.5 per cent. This year it is estimated that 1,600,000 pounds of the production will be from improved varieties and that 350,000 pounds will come from seedlings.
