

Small Dent Made In Criminal Actions

Continued From Page 1, Section 1
 guilty to a charge of manslaughter and judgment was postponed until the November term of court.
 Bennett Riddick was found not guilty of receiving stolen property, but was sentenced to 18 months for breaking, entering and larceny.
 James Forest Wilson was also sentenced to 18 months for breaking and entering and larceny.
 Otis Creef Holmes was fined

\$150 and costs of court and ordered to surrender his driving license on a charge of drunken driving.
 A charge of rape and accessory to fact against George Privott was not prosed. In a companion case against Elijah Rankin, the charge was reduced to an attack on a female and he was sentenced to 18 months.
 A charge of hit and run against William Donald Kelly was not prosed, but he was found guilty of drunken driving and driving after expiration of his driving license. He was sentenced to 90 days on

the roads, suspended for 12 months upon condition that he pay a fine of \$125 and costs during this term of court and not operate a motor vehicle in North Carolina.
 A non-suit was granted in the divorce case of Mattie Riddick Boyce vs. Raymond Boyce.
 The case against Clyde Leary on a charge of breaking and entering and larceny was not prosed.
 George David Twiddy, Darrell Rickey, Robert L. King and Carl Mayo Cayton all pleaded guilty to charges of breaking and entering, but judgment was not pronounced

up to Tuesday night.
 Judgment was also continued until Wednesday against William Emmett Bunch on three charges of receiving stolen property.
 Trial of criminal cases was resumed Wednesday morning, when the first case scheduled was A. B. Copeland, charged with 16 counts of issuing worthless checks.

Action Rescinded To Widen Oakum Street

Continued From Page 1, Section 1
 Mrs. Tucker presented a specimen and Town Council voted to take any precaution in a cooperative movement to save the trees.
 Another matter consuming a considerable portion of the meeting, which remained in session until almost midnight, was a request from the Board of Public Works for Town Council to set in motion necessary machinery that will make funds available to obtain temporary permits and time schedule approved by the State Stream Pollution Committee.

In order to correct deficiencies in the Edenton water distribution system and provide for Town growth consulting engineers employed by the Board of Public Works recommends an expenditure of \$324,000. In addition to alleviate unsanitary conditions in the Edenton Bay \$667,000 must be spent on a sewage disposal plant.

Total expenditures of \$991,000 were recommended by the engineers and of this amount to barely meet State Sanitation Laws and low water pressure \$125,000 must be spent during the next twelve months on the water system and \$405,000 on the sewage disposal plant.

Outlays are more than expected and it will be necessary for the Town Council to appropriate funds for the E & W Board as provided under the charter. Funds can be raised by a bond issue or by tax anticipation notes.

Haste is necessary as steel costs are gradually increasing and the few contractors interested in such projects are becoming few. Each day's delay adds to the essential immediate outlay of \$530,300.

The Councilmen took no action, preferring to hold a joint meeting with the Board of Public Works in order to more fully consider the proposed improvements.
 J. Clarence Leary and George A. Byrum, the committee appointed to consider a new Municipal Building,

presented a sketch of proposed renovation of the present building housing the Police Department and Street Department. The committee was instructed to confer with contractors to determine how much more a new building will cost. An estimate was made that a new building can be built for about one-third more than it will cost to remodel and add to the building.

The Councilmen again considered payment for the Byrum property back of Hotel Joseph Hewes. The Finance Committee was authorized to confer with the Board of Public Works relative to amending the E & W budget in order to make the purchase price of \$12,000 available as early as possible.

A project for closing the big ditch along Park Avenue was considered, which involved other problems, so that it was decided not to do anything about the matter until a conference can be arranged with the town's engineer.

Town Council was requested to pay half of the deficit of \$197.99 in connection with erection of three flag poles as a memorial to service personnel from Chowan County. It was agreed to pay this amount.
 J. Edwin Bufflap and John Mitchener were authorized to continue their study of a Planning Board Ordinance.

After several refusals Mildred Willis was granted an application to sell beer on the premises at 114 East Gale Street. She presented signature of practically everybody in the neighborhood that they did not object.
 William McKinley Carter was granted a permit to operate a taxi cab for Charlie Jernigan.

The Councilmen before adjourning voted to invest \$10,000 in U. S. Treasury Notes bearing 2 1/2% interest maturing August 1, 1957. This amount became available August 15 when \$50,000 U. S. notes bearing 2% matured.
