Runs are made every four weeks. Books may be renewed if they have not been reserved for someone else. Books are loaned free with the understanding that the borrower takes care of them. If books are desired which are not on the bookmobile, they will be secured from one of the libraries in the region or will be borrowed on inter-library loan.

Many a dangerous temptation comes to us in fine gay colors, that are but skin-deep.

SPATZ BEFORE YOUR EYES—A new German midget car, the "Spatz," features a sportive top for easy entry and exit of the passengers. Exhibited at the International Bicycle and Motorcycle Show in Frankfurt, Germany, the Spatz—meaning Sparrow—has a top speed of about 47 miles per hour. The car has four gears with one reverse, hydraulic brakes and a two-piece plastic body. The Spatz will sell for about \$700.

Wide Range Of Textiles—Today's consumer must be prepared to make discriminating purchases from the wide range of textiles from which she will have to choose for herself, for her home and family.

Significant features include the softened sheath, above-the-normal waistlines (sometimes with crushed

girdles and sashes), blousing—many draw-string overblouses, floating panels, subtle draping, semi-fitted jackets and cowl-draped necklines. Watch the rise of the hood in blouses, jackets and coats. Although dress hemlines have started to lengthen, the length of daytime dresses is still a debatable question in designer circles.

Capes For All Occasions—Capes are becoming important for all occasions—and just imagine what fun you will have making them! No sleeves to set in.

The wrist-length cape makes a practical topper for the slim skirt.

Return Of Wool Dresses—The wool dress makes a significant return this fall in lightweight wools and worsteds. Wool broadcloth and jersey are used repeatedly for the after-five sheath.

Car Coat Popular—The car coat is now a recognized fashion note. Knits are bulky, with big collars or attached hoods. The pleated skirt, the dyed-to-match ensemble, the sweater made dressy with every kind of trimming, are as well desired as ever.

Inside Secrets—Turkey Stuffing—Stuffing tricks can be the inside secrets to creating your elegant meat and poultry dishes for Thanksgiving occasions. Bread cubes soft or toasted or lightly toasted bread gives a delicious flavor to stuffing, and of course the right herbs, spices and fruits of your choice. Apple, sausage, or oyster stuffing goes well with chicken or turkey, depending on the likes and dislikes of people.

Bread Stuffing—
1 1/2 quarts soft 1/2-inch bread cubes
1/4 teaspoon sage
1/4 teaspoon pepper
1/4 teaspoon salt
1/4 cup butter
1/4 cup finely chopped onion
1/4 cup chopped celery
1 egg, slightly beaten
Toss bread cubes together with sage, salt and pepper. Melt butter in the skillet. Add onion and celery. Cook over low heat until onion becomes transparent, stirring frequently. Combine beaten egg and milk. Toss lightly with toasted bread cubes. Add celery and onion with butter in which they

TALL A LA TEXAS—Gilbert Reichert, of Cleveland, Ohio, gives even Texans something to think about during a recent visit to the Lone Star capital of Austin. Gil stands eight feet, four inches tall, weighs in at 327 pounds. Supporting it all are size 20 boots. Even Texas, the land of outsize everything, is hard put to top this guy.

the cleaner. Keep it in a handy place and refer to it when necessary. (2) Remember the bag must be kept clean to hold the dirt but permit free flow of air. (3) Remove brushes when they become worn. She is not fair to outward view
As many maidens be;
Her loveliness I never knew
Until she smiled on me;
Oh, then I saw her eye was bright,
A well of love, a spring of light.

Cadillac

Surpasses its Own Great Reputation!

You're looking at a mighty surprised man. Almost all of his adult life he has owned and driven Cadillac cars. And so, when he decided to take an hour out from his busy schedule to see and drive the new 1957 Cadillac, he thought he knew about what to expect.

Well, here he is—barely under way in the city—and already he is learning the startling truth. He is learning that *nothing* could adequately prepare a man for the new "car of cars"—not even Cadillac ownership itself!

He suspected it, in fact, the instant he stepped into the showroom and caught his first glimpse of this newest Cadillac creation. This was an entirely new kind of Cadillac beauty—brilliantly fresh in line and in contour.

And then he opened the door and swung into the driver's seat—and found added evidence all around him. On every side were new miracles of interior beauty and comfort and convenience.

And when he turned the key and put his foot on the accelerator, his sentiment grew to conviction. The car was incredibly nimble and quiet and smooth of ride.

Surprised, did we say? Just wait until he hits the open highway and receives the final verdict.

No question about it—*this is the Cadillac that literally surpasses its own great reputation!*

We suggest that you come in soon to see and drive this most surprising new Cadillac in fifty-four years. It's an experience you shouldn't postpone—and one you'll not soon forget.
