

### Negro Home Demonstration News

MRS. ONNIE S. CHARLTON, Negro Home Demonstration Agent

The Home Demonstration Council will meet Saturday, September 7, at the office at 2:30 P. M. All officers of home demonstration clubs are asked to be present.

This month we will have community meetings on the subject "Farm and Home Account Keeping." We are asking all men and women to attend one of these meetings. The first meeting will be for Paradise Road and Edenton at the Brown-Carver Library, Tuesday, September 10 at 8 P. M.

This time of year many farm families are at the peak of the harvest season. Now is the time for the family to make plans to use the money earned wisely and to get the most for your money.

The amount of money we have is a factor in the problem of making it go around, but it isn't the only factor. Equally or more important is the way we use what money we do have.

A saving and spending plan worked out by a family to fit their own particular family and individual needs is one of the surest ways of getting the greatest return for your money and having a wholesome, happy and satisfying living.

Don't let the suggestion of making a spending and saving plan frighten you. It need not be complicated. It can be a matter of the family getting around the kitchen table to list their needs, list what money they have and to decide what should be put into a long time plan to improve the farm, the home and family. These would be the big things for which you are working as a family; dreams of how you want things to be 5-10 or 20 years from now.

Next you would list your immediate needs and plans of spending for the next twelve months.

Let me call your attention to these needs. Do you as a family plan to have proper clothes for the children, work clothes, house clothes or dress-up clothes for church and other activities. Don't forget to include overcoats, raincoats and hats for the winter.

Do you plan to have a complete set of tools for the home? Have you considered having a set of tools for the home? Do you have enough kitchen and cooking utensils, canned foods and cleaning supplies? Just here you might think of making plans to build convenient storage in your home during the slack season in late fall and winter.

Do you plan to have adequate and comfortable furnishings for your home? Do you have a comfortable mattress and bed springs so you can really get a good night's rest after a hard day's work? Have you thought of a good cooking stove so that meals can be easily and pleasantly prepared? Do the children have a well lighted, comfortable table and chairs for study?

Every family should save some of their income regularly; the smaller the income the more important it is to save. We will never get ahead if we do not learn to save part of what we make.

Remember the purpose of a spending plan is to serve as your guide in the use of money. A spending plan will not buy things for you, but it will tell you whether your income will buy what you need and want. It will help you to see where your money is going before it goes. It will

### Game Warden Warns About Open Seasons

Continued from Page 1—Section 1

Mr. Evans points out that each licensee shall have his license on his person when taking game animals or game birds and shall exhibit the same to any game protector or other officer. Licenses are not transferable and are void after August 1 next succeeding the date of issuance.

Mr. Evans also warns hunters that the minimum time for the first violation of any and all game laws, unless otherwise prescribed, is \$10; maximum fine \$50 or imprisonment for not more than 30 days. The minimum time for second offense is \$35, maximum \$200 or imprisonment or both.

Mr. Evans calls upon all hunters to comply with the open seasons and the various bag limits.

### the Yeopim section of Chowan County.

Several pictures were taken of Mr. Rawls, the 4-H Club boys and their dads in the boys' 4-H projects, and also of various forestry projects in the pulp company's woods. Leon and his dad are planning to set out 10,000 loblolly pine tree seedlings next winter and Joe and his dad plan to set out 5,000 seedlings.

It is very gratifying to know that Chowan County 4-H Club boys and their dads are becoming more and more interested in the management of their woodlands.

### Baptist Sunbeams Meet At Eureka

The Chowan Association Sunbeam rally met at Eureka Baptist Church, Corapeake, Friday afternoon, August 16 from 2 to 4 o'clock.

Two hundred seventy people were present including councilors, visitors and Sunbeams. It was a joy and an encouragement to see the interest shown by the large number present on this hot afternoon.

The theme was "Sunbeams and Missions." The meeting was begun by singing the Sunbeam Enrollment Song and the 23rd Psalm was used.

Sunbeams taking part on program were Barbara Ann Wallace and Evelyn Godwin of Gatesville; Ann Garrett of Beulah; Blinda Perry of Ballard's Bridge; Susan and Nancy Hare of Macedonia; groups from Cool Springs, Edenton, Rocky Hock, Center Hill and Hertford.

Mrs. Virginia Chalerton from Manteo, a returned missionary from Africa, was the guest speaker. She spoke on her work there. This was the highlight of the session.

Mrs. Clarence Harrell, associational Sunbeam superintendent, ably directed and presented this program. She recognized three A-1 Sunbeams, Eureka, Mt. Sinai and Macedonia.

After Mr. Rawls observed the two 4-H forestry projects, he was accompanied by the two club members, their dads, and Assistant County Agent Bob Marsh, to several tree farm management programs which the Union Camp Manufacturing Company owns in

the Yeopim section of Chowan County.

ARSENAL FOR FLU WAR—Workers at a pharmaceutical laboratory in Indianapolis, Ind., process eggs in which the Asiatic flu virus is cultured as a major step in making an influenza vaccine. Several American laboratories are preparing massive quantities of the vaccine should the disease become epidemic with the coming of cold weather. The Asiatic flu, a relatively mild strain heretofore unknown in the United States, has swept through much of Asia and parts of Europe.

There are two kinds of polite—I am; the other, "I would make a mess; one says, "See how polite you happy." —Tomlinson

The PURE Oil Trophy for best all round performance was won by Ford in 1956 and Chevrolet in 1957, using PURE gasoline.

PURE gasolines have set 244 certified performance records\* in 38 makes and models of cars! Records for acceleration, power, mileage and economy.

And now, thanks to a big octane boost, Pure-Premium is in the super-premium class! Now it delivers more anti-knock power than ever before.

So get Pure-super-Premium, the gasoline that's ready to give record road performance in your car. At any Pure Oil station.

\*Certified by—NASCAR, AAA, USAC or SCCA.
