How to buy "vitamins"
Door-to-door peddlers are around now, selling vitamin preparations and nutritional supplements. The talk is mighty convincing. But, remember, talk won't do a thing for you. There's only one way to be sure of what vitamin you need if any are needed at all. That is to see your family physician. He and he alone is qualified to prescribe for you. Always buy vitamins or nutritional supplements from a registered pharmacist. Then you'll know what you're getting—and you'll get your money's worth.
