

## Fall Festival Of Values In Edenton Nov. 15th to 23rd

### Edenton Aces Easily Bow Over Weldon 40-13 To Win First Round For State Title

#### Bobby Ashley, Bruce White Thrill Fans By Long Runs; Band Also In Star Role

Edenton Aces won the first round in the elimination games which will decide the state Class A football champions for 1957. The Aces had little difficulty in bowling over Weldon, the Roanoke-Chowan Conference champions, 40-13 in Ahoskie Monday night. The game was postponed from the previous Friday night due to a deluge of rain which covered practically the entire Ahoskie gridiron with water, causing the game to be called off.

The Aces proved to be a well-oiled gridiron machine Monday night, playing heads-up football, charging hard, providing superb blocking, tackling fiercely, so that, except for a time in the first half, they completely outclassed the Weldon boys in every department of the game.

Edenton drew blood about midway the first quarter. They received the ball to start the game and marched from their own 29-yard line to score, chalking up four first downs in the drive. Bobby Ashley sparked the march with a 22-yard gallop and Bruce White pitched in with 12 and 13-yard gains. He crashed over from the two-yard strips for the first touchdown.

The second touchdown came after Weldon was forced to kick from midfield. Bobby Ashley grabbed the ball and thrilled Edenton fans with a 90-yard gallop, with excellent blocking paving the way. This play was as good as any seen this season.

In the same quarter Weldon scored its first touchdown after chalking up two first downs and Perry snagging a pass from Wise from the Edenton 46 to cross the goal line with blockers all around him. This, too, was a beautiful play.

The score at half time was 14-6 in favor of the Aces but the Edenton boys came back strong in the third quarter to score three touchdowns.

Weldon was forced to kick on

Thanksgiving and Christmas holidays are drawing near and many begin to think of entertaining family and friends. A simple way to entertain a large group of people is to have a meal served "Buffet Style."

### SECOND SHOT AT STATE CROWN

Edenton's Aces with the District 1 championship tucked under their belts, will take their second fling in the elimination games for the State Class A football championship next Friday night, November 15, when they are scheduled to meet Erwin, District 3 champions, for the regional championship. Erwin defeated Millbrook 14-0 for the honor.

By agreement with officials of both schools, the game will be played on the East Carolina College stadium in Greenville at 8 o'clock.

Erwin turned out in full force at the Edenton-Weldon game in Ahoskie Friday night which the Aces won handily 40-13, so that, other than straight football, little was learned about the Aces by the Erwin scouters.

Little is known about the strength of the Erwin football machine, so that Coach Bill Billings is taking no chances in a let down in training or over-confidence. The boys are being drilled this week in anticipation of a tough battle with the Erwin outfit.

The Edenton Band, which gave a superb demonstration at Ahoskie Friday night, will not accompany the Aces for this game, but a large following of Edenton supporters is expected to go to Greenville for the game. The winners of this game will meet the winner of the Farmville-Red Springs game for the Eastern crown.

This is an investment in human life."

The purchase of new instruments and sheet music, and the repair of old instruments are just a few of the items to be covered.

"The Edenton High School Band is your band, made up of your children," say Band Association officers. "It has made it possible for them to learn to play instruments and enjoy and appreciate music. It has provided entertainment at sporting and civic events and is a worthwhile organization, worthy of your support."

A representative of the Band Parents' Association will be calling on you Saturday. Or, perhaps you will see some of the band members stationed at various points throughout the business section of town. They, too, will be soliciting your help. And pledges will be accepted any day throughout this week. So please, be liberal in your support."

The Councilmen finally accepted a lease between the Town of Edenton and the Edenton Veneer Mill, Inc., at a rental of \$30 per month and other considerations including payment of back taxes.

At the recommendation of the Zoning Commission, a decision was reached to rezone the area on the west side of Broad Street between Second and Third Streets from RA-5 to neighborhood business.

The Councilmen also passed an ordinance providing for a four-way stop at the intersection of Second Street and Badham Road.

### Merchants Offering Many Bargains For Festival Of Values

#### Helping Santa

Fire Chief W. J. Yates this week announced that Edenton firemen will again this year repair discarded toys to be distributed among needy children in the community as Christmas presents. Mr. Yates urges anyone who will give discarded or damaged toys to bring them to the fire station at the earliest possible moment, so that the toys will be ready for distribution in time for Christmas.

#### Member Of SCS Will Be Elected

It's election time again in Chowan County for a representative to the board of district supervisors for the Albemarle Soil Conservation District. Each county in the district is represented by three elected farmers to help carry out the district program of soil and water conservation. This is a very important position and with very little compensation to the district supervisor elected.

The term of J. A. Webb, Jr., expires this year. Mr. Webb has served as district supervisor from Chowan County since the Albemarle Soil Conservation District was organized in 1945. He has contributed a lot to the successful program now in operation here in Chowan County. He has been re-nominated by 25 voters and will be up for re-election again. The election will be held the first week in December.

Opposing Mr. Webb will be Yates Parrish, who is also active in soil and water conservation. He resides near Edenton and farms. He has been nominated by 25 voters of Chowan County.

Nominated also is Carey Privott of Route 2. Mr. Privott farms and works at the Byrum Implement Company during the off-season on the farm. He has also been active in the soil and water conservation program.

To be nominated, a petition has to be signed by 25 qualified voters of Chowan County. The petition has to be presented to the State Soil Conservation Committee by November 20, 1957. The chairman of the Chowan County supervisors, L. C. Bunch, can furnish the necessary petitions and present the petition to the State committee. Anyone who farms and is a registered voter of Chowan County can be nominated for district supervisor.

#### LIONS MEET MONDAY

#### Prizes Amounting to Hundreds of Dollars Will Be Given Away As Climax to Trade Event

A total of 24 Edenton merchants and business concerns are cooperating in the observance of a Fall Festival of Values from Friday, November 15, through Saturday, November 23. The paramount purpose of this event is aimed at an effort to attract more shoppers to Edenton to do their trading, not only during these special days, but throughout the entire year.

As an incentive to attract shoppers into the various stores, Edenton business concerns have arranged special prices on a large number of items of merchandise which will provide bargains galore for those who take advantage of the reduced prices during this special fall event.

A feature of the event will be distribution of free prizes, which will take place on Broad Street Saturday afternoon, November 23 at 4 o'clock. Merchandise with an approximate value of \$1,000 will be given away, for which to be eligible it is only necessary to register in the various stores which are cooperating.

An eight-page circular including a partial list of the many bargains to be found in the cooperating stores has been mailed throughout the entire Edenton trading area in an effort to attract shoppers to Edenton during this Fall Festival of Values. Radio Station WCJL is also giving a generous amount of publicity to the event, so that with all the publicity concerning the Fall Festival of Values, it is hoped shoppers by the hundreds will take advantage of the many special offerings being made to attract both old and new customers.

### Man Runs In Arm Of Law

A violator of the law virtually crawled into the arms of the law early Thursday morning of last week, when Chief of Police George I. Dail was awakened from his slumber about 3:15 o'clock. Chief Dail heard a noise on his porch and getting up to investigate saw James Carson Trueblood, 24-year-old Durants Neck white man, crawl through the window and closed the window after him. Mr. Dail turned on the light, grabbed Trueblood and held him until the police station was called by Mrs. Dail and he was placed in jail.

Trueblood was tried in Recorder's Court Tuesday morning of this week on a charge of breaking and entering with intent to commit a felony. He entered a plea of guilty and was sentenced to two years. The sentence was suspended upon being placed on probation for two years and paying the costs of court.
