A LIFT FOR TODAY

* . . . I know that my redeemer liveth. "RISE GRATEFUL dust! I heard Him say: "For thee have I put death to scorn on Easter
—E. M. Thomas. we thank Thee, Almighty One, that Jesus Christ arose and now reigns triumphant over death.

Buy Christmas Seals

It is encouraging to note that the initial response to the Christmas Seal Sale in Edenton is very generous, so that the co-chairmen, Mrs. James Bond and Ralph Parrish are very hopeful that the campaign to continue the fight against tuberculosis will again be successful in Chowan County.

Letters and packages are already decorated with these seals, happy harbingers of the Christmas scason and symbolizing a gift in the long but persistent fight to eradicate tuberculosis. In fact these seals are almost as much a part of Christmas as tinsel, holly and other decorative materials used to celebrate the great holiday.

These seals support tuberculosis associations in the work of preventing and control of the disease, so that there should be nobody who should not buy them. Tuberculosis is no respecter of persons, and all too often it is prevalent and not known. The spread of the disease while still alarming, has been greatly curtailed through the sale of Christmas Seals and this effort warrants the support of everybody in helping in the fight to provide the knock-out blow of the stubborn and vicious enemy of mankind.

If you have not sent in your contribution. do it now before the many Christmas attentions crowd it from your mind.

Almost Made It

Though too late to carry a story about it in this week's Herald, it is encouraging to report that 107 pints of blood were donated at the bloodmobile in Edenton Monday. This is still three pints under the quota of 110 pints, but it is an increase over most of the other visits, which is very encouraging.

In reality 113 reported to donate a pint of blood, but six were rejected for various reasons, and of the 107 donors 72 were civilians and 35 Marines.

The need for blood is great and it is a reflection on a community when more blood is used than is donated locally, which has been the case at Chowan Hospital.

Those who donated blood are none the worse off physically, they lost very little time and suffered no pain. But they have the satisfaction of knowing that by their cooperation they might be the means of alleviating suf-

fering and even helping to save a human life. Having blood on hand for an emergency is very important and there should be no time when the quota is not reached.

When you say good things about people, tell them to their faces. There's already too much behind-the-back talk.

Just because a man is a good sport does not necessarily mean he is a good man.

The smart man is not always the one who dodges work.

The danger in ignorance is that so many people have it without suspecting it.

Life would be much simpler if we didn't try to make people think we're what we're

Why is it that those who look young want to look old, while those who look old want to look young?

Most parents take credit for the good points of their children but wonder where the bad ones originated.

The finest sermons are seen, not heard; they live in the lives of men and women.

One reason why so many of us fail to get might be a plague.

Heard & Seen By Buff

Judge Chester Morris was not feeling so very good Monday when he opened a term of Chowan Suprieor Court, for he hadn't fully recovered from a case of flu. However, he was reason for court spectators to enjoy a good laugh shortly after court convened. While waiting for bills of indictment to be returned from the Grand Jury, the Judge agreed to hear divorce actions. It was while an elderly Negro was testifying that he said he knew the plaintiff had not been with his wife in the last two years. "How do you know that?" asked Judge Morris. "Wal," said the colored man, "I knew that boy since he was a little baby that's why I know he wasn't with his wife." The Judge sternly ordered "Come down," and continued "how can any person say he knows a man and wife had not been together in two years?" And by way of explanation he said, "Why Solicitor Walter Caneon thinks I was with my wife last night, but he doesn't actually know if I was or not." There was a brief silence, but Solicitor Cahoon retorted, "If you were not with your wife last night, you better not go home to-

It's hard for me to print a story about last week's Rotary program, for it was all in French. Miss Ann Mayo had four of her seventh grade French pupils at the meeting and all that they said on the program was in French, so that I hardly know a word they said. However the quartet, Diane Brabble. Marlene Gilley, Dona Lee Lorance and P. L Beeler, carried on a conversation with Miss Mayo demonstrating that they are learning the language very well. Some of the Rotarians spoke a few words in French to Miss Mayo after the meeting. It must have been a low grade French because she couldn't unlerstand what they were saying.

Incidentally, the Rotarians decided not to sell fruit cakes this year. Most of the Ro arians had to buy the fruit cakes last year because they didn't sell 'em, so that a few of the boys claim they still have fruit cake eft from last year. Well, those cakes should be old and mellow or stale and dry.

Many Edenton football fans braved the rain last Friday night to see the Edentor Aces play Farmville in Greenville, and a lot of 'em arrived home pretty well soaked. Foot ball is a funny thing, for if just about 99 pe: cent of 'em had to do some kind of work un ler the same conditions, the weather would have been too bad. Anyway, the Aces should be proud of the support they have received from Edenton fans and should show their appreciation next Friday night by playing their very best in an effort to cop another state title. In the elimination games each succeeding game seems harder and if reports are correct, Mebane will be the toughest foe the Aces have met this season, so that it will take all the Aces have and no monkey business. The Aces have played some very good football his season but on the other hand they have played some sorry ball. They are capable of olaying a brand of ball which will win the championship and fans are hoping they do just that. Let's go Aces!

Christmas isn't very far off, and some of the youngsters are getting their requests to Santa Claus in time. So far three letters have been secured from the following:

Dear Santa Claus: I would like to have a tool set and a table for the tool set, boy's sport watch, waterproof and shockproof, a blue fcotball shirt and blue football pants, a white foetball helmet with mask and a pair of football shoes and a pair of football shoulderpads.

-Your Partner, Danny Hassell Andy Bowman sent a picture of an airplane set and had this to say: Dear Santa Claus: I am trying to be a good boy. Could you bring me this toy? I am sending you a picture of it.

Sharon Parker also sent a picture of a Tinker Toy Set and wrote: Dear Santa, I would like to have these toys for Christmas: Doll, basanette, tinker set and bake-a-cake-set. -Thank You. Sharon Parker

With practically everything closed Thursday, Thanksgiving, Edenton should be a quiet place. Of course, the hunters and fishermen, weather permitting, will be on the job, so that fish and game might be in for a tough,

Getting The Herald out a day ahead of time I is no easy job, and the boys in the shop will be about worked down by the time Thanksgiving day gets here. Maybe a part of their prayers will be that they are thankful they do not have to work Thursday. Anyway, here's hoping all our readers will have a very quiet, enjoyable and beneficial holiday. There's rich is that we run from hard work like it plenty to be thankful for no matter what our lot may be, so let's all be thankful.

Pictured above is Mrs. R. E. Shields and Col. A. R. Stacy, group commander at the Edenton Naval Auxiliary Air Station. Mrs. Shields is a member of the executive committee of the Officers' Wives Club, joining with the Enlisted Men's Wives Club in selling records to help raise funds for a permanent Marine and Navy memorial. Col. Stacy is purchasing the first record and these records are now being offered to the public.

German Gifts Are Thank You' For Fine U.S. Troop Behavior

Goeppingen, Germany - An Prizes Awarded In American general and his men Festival Of Values have impressed leaders in German towns so well that one civic Continued from Page !- Section ! group presented the commander with their most esteemed posses- Scott & Ackiss-Recap tire: Wilsion—the town's colors, flown lie Etta Copeland, Route 1. only on special occasions.

The mayor of Geislingen was Mrs. A. McGurk. quoted in the German press the day following the presentation as gift certificate: Mrs. Thomas saying that soldiers of the "pen- Turnage. tomic" Eighth Infantry Division | Western Gas Service-General had not been involved in any se- | Electric Clock: Mrs. R. L. Shefious incident since their arrival field. nearly a year ago and that such fine discipline deserved the ap-

preciation of the German people. The division commander, Major General Thomas M. Watlington, instigated special training for his troops long before they moved to Germany from Fort Carson, Colo., last fall. The orientation program included classes in the German language, history and traffic

On the eve of his departure for a new assignment in Paris, Genal Watlington found himse saying goodbye to as many German leaders as commanders o his major units, located in Southern Germany in an area triangulated by Ulm. Heilbronn and Nunberg.

In addition to the historic flag of Geislingen, the departing general received a special etching of his headquarters city, Goeppingen, from a German delegation headed by the chief of the county government.

It is the Eighth's boast that official records show the division with a lower percentage of unpleasant incidents between its members and Germans than any other in Europe.

God sendeth fortune to fools. -John Heywood.
