

KNOW YOUR SOCIAL SECURITY

P. E. Bettendorf, representative of the Social Security Administration, is in Edenton every Thursday at the North Carolina Employment Security Commission in Citizens Bank Building.

Farm landlords over the age of 65 have started filing claims for their social security benefits. The number of such claims will reach a peak early in 1958, after farmers have filed their 1957 tax returns.

The 1954 law which covered self-employed farmers beginning with 1955, did not provide coverage for any landlord receiving rental income from his farm land. This meant that many landlords whose sole business was farming and who actually took part in the farming operations were denied the protection of the Social Security Act. To remedy this, Congress in 1956, changed the law so that a landlord who by arrangement with the tenant or share-farmer takes part in producing a crop and whose activities significantly affect the amount of the crop, will have his net income from this activity credited to his social security account.

This means that the farm landlord over the age of 65 who has been helping his tenant in the

production of a crop by helping with the work, contributing machinery or money and actively managing some of the operations, during 1956 and 1957, may be qualified for a social security benefit.

The social security office has leaflets and booklets explaining in more detail what things are taken into consideration in determining whether the landlord's activities constitute material participation. If the landlord meets the requirements, then it is necessary that he file a Schedule F along with his regular income tax form and pay the social security tax on his net income from this farming activity.

If any landowner or farmer intends filing for their social security in 1958, it is necessary that they bring a copy of their 1957 tax return, Form 1040 and Schedule F, with them. Also include cancelled check or money order receipt to show the original has been filed with the Director of Internal Revenue.

Marines Swamp Chowan College By Score Of 81-31

The NAAS All-Stars, composed of the better basketball players from the base intramural teams, played their first game of the year on January 2nd, and smashed the Chowan College five 81-31. The game was played at the National Guard armory in Edenton. Three NAAS players hit for double figures as the local team could do no wrong. Leading scorer was Chuck Bates (VMA-211) with 24 points, followed by Don Holman (PMA-211) with 17 points and John Block (MABS-14), 13 points. All-Star Coach Lieutenant Harold E. Shore (MABS-14), used every member of the team present as he strived to pick out the best combination.

Other members of the team are: Dave Fenty (HEDRON-1), Bill Snider, Chuck Wepner, Don Christensen, Francis Conneeny, Sam Epps, Bill Smith, George Thompson (all from MABS-14), Aubry Cornelius, Mike Szymanski, Walt Stephenson (from VMA-11), Jim Owens and Bob Haggard (from H&MS-14).

On the 4th of January, Chowan College beat the Medical College of Virginia by a score of 73-62, so it looks as if the local team may have a pretty fair group representing the base. Lt. Shore is now in the process of scheduling more games. The team will play to Elizabeth City to play

FEELING NO PAIN — Smiling Cindy O'Hara, 18, "Miss International Auto Show," bears up very well under the strain as seven tons of truck rolls over her in San Francisco. The unusual vehicle, which moves on huge, sausage-shaped pneumatic pillows instead of conventional wheels and tires, is called the Rolligon. On display at the 32nd annual San Francisco International Auto Show, the truck is able to "float around them." It is able to carry heavy loads over very rough ground.

Mrs. Babylon DAR Speaker

The January meeting of the Edenton Tea Party Chapter of DAR was held at the home of Mrs. J. L. Pettus.

After group and committee reports, Mrs. Eugenia Babylon, Pettigrew Regional Library director, gave a very illuminating and interesting talk on the library movement in the state.

She traced the history of North Carolina libraries from their beginning as a project of the State Federation of Women's Clubs to the present. As the first Southern state to organize a Library Commission, and in spite of the depression and other set-backs, North Carolina libraries, she said, through their many bookmobiles are now serving even the remotest sections of the state. She also gave a history of the organization of the Shepard-Pruden Memorial Library and what it has meant to the community. Mrs. Babylon concluded her remarks with an explanation of the various functions of the regional library set-up and the duties of its officers and librarians.

Tea was served by the hostesses, Mrs. Lloyd Griffin, Mrs. W. I. Hart and Miss Ann Harless.

Brief Session Town Council

Town Council's first meeting for the new year Tuesday night was one of the shortest held in many months. With very little business confronting them, the Councilmen completed their work in about an hour's time, adjourning shortly after 9 o'clock.

A public hearing was scheduled relative to changing the Zoning Ordinance, but no opposition was presented, so that the Councilmen passed a motion requesting the Zoning Commission to change the south side of Queen Street between Granville and Mosely back.

Streets from RA-7 residential to RA-5 residential. This will allow the former Baptist parsonage to be converted into an apartment house.

Wilford Jordan, Charlie Jernigan and Julius Roberts had their franchises renewed to operate taxicabs in Edenton during the calendar year 1958. Jordan applied for four taxicabs and four drivers, Jernigan two taxicabs and two drivers and Roberts two taxicabs and two drivers.

The Councilmen voted to use a half page of advertising in the Chowan County issue of State Magazine to appear February 22.

The traffic congestion at the Elementary School again came in for some discussion and Luther Parks and George A. Byrum were appointed to confer with school officials to see if a plan can be worked out in order to relieve the situation.

Another complaint considered was that some people have the habit of putting out trash and garbage after the trash trucks pass so that in some instances cans and pile of trash remain out on Sunday with the contents strewn about by dogs and wind. An appeal is made for citizens to cooperate with the Street Department in order to help maintain a clean and neat town.

Before the meeting adjourned Chief of Police George I. Ddit was complimented for the part he played in connection with the recent extortion letter sent to Mrs. Irene Dunbar.

Scared!
"It scares me to death every time I hear one of those musical auto horns."
"Why is that?"
"The fellow who stole my wife had one on his car. Now every time I hear one of those horns, I'm afraid he's bringing her back."

The Edenton Aces and Acelets jumped on the weak Plymouth Panthers in taking a double win 42-18 and 65-59 respectively.

The girls' game was close all the way with Plymouth leading 37-29 at the half. The Acelets stormed back to within three points, 49-46 at the third quarter mark and went ahead in the fourth period on a maze of baskets by Linda Spencer and Sara Relfe Smith.

Spencer turned high scorer for Edenton with 27 points. Imogene Rogerson put 20 in the hoop and Smith had 10. Ruth Stokely got 8 to round out the Acelets' scoring.

Harrison got 27 to lead Plymouth. She was followed by Wombie with 22. Davenport got 10.

"A challenge to all of us..."

a statement by Robert B. Anderson, Secretary of the Treasury

"The ownership by 40 million citizens of over 41 billion dollars in Series E and H Savings Bonds is a striking testimonial of confidence in America's bright future. This partnership of individual citizens in their government's fiscal operations means better management of the public debt—greater stability for our money—brighter business prospects for the years ahead.

"Our country needs more savings—in all forms, including the popular U.S. Savings Bonds—to help finance our growing economy. Meeting this need is a challenge to all of us Americans everywhere should be encouraged to regularly put aside part of their earnings for future needs and certainly part of that saving belongs in the now better-than-ever U.S. Savings Bonds."
