National 4-H Club Week March 1-8

Continued from Page 1—Section 1
veloped several new areas of service to 4-H, as requested by the Extension Service. These include:

(1) The establishment of a National 4-H Club Center. The property will be occupied by the Foundation this year and National 4-H Conference will be held at the Center beginning in 1959.

(2) An Experimental Discussion Project for rural young adults. This project has been completed and the results made available to the Extension Service.

(3) A broad program in Human Development - Human Relations. Through workshops and consultant help to states, this program has helped Extension workers to develop additional skills in understanding and working with young people.

(4) A Citizenship Improvement Study. This three-year study, just being completed, has helped Extension workers in five pilot states—Ohio, Oregon, Puerto Rico, Texas and Vermont—to define the qualities within young people that make a democratic citizen and determine what programs will help develop these qualities. Results of the study, which was made as a part of the Extension program in the pilot states, will be made available during 1958.

(5) The International Farm Youth Exchange. IFYE has grown from a small exchange with western Europe to an intensively planned, world-wide program for peace. From 1948 through 1957 a total of 894 U. S. delegates representing 44 states and Alaska went to 58 other lands, while 1,032 exchangees from 60 countries came to the United States to live with farm families in 45 states, Alaska, Hawaii, and Puerto Rico. Over 8,000 U. S. farm families, an average of eight per exchangee, have served as hosts to these grass roots ambassadors.

All of the Foundation's work has been financed by private contributions. A total of more than three million dollars has been raised and expended by the Foundation in carrying out programs requested by the Extension Service. This is in addition to financial contributions by states to the International Farm Youth Exchange and to the Share and Care program for the 4-H Center.

L. R. Harrill, State 4-H Club Leader, said that North Carolina has cooperated with the Foundation in several programs. "For example, 29 young people have gone abroad as IFYE delegates and we have received 47 exchangees from overseas. Our 4-H

members have contributed \$3,318.02 to the Share and Care program," the 4-H leader said.

Highway Officials Meet In Edenton

Continued from Page 1, Section 1
officials from a 60-mile radius around Kinston.

"We feel," said Babcock, "area meetings such as this are one of the most important phases of our expanded public relations program and will help immeasurably in developing and maintaining a highway program which is more responsive to the wishes of our local officials and citizens." Commissioner Gregory has indicated the response from his invitation has been most gratifying. Gregory said the majority of the replies have indicated that county commissions and municipal governing bodies plan to be well represented.

Invitations have been extended to the counties of Hertford, Gates, Chowan, Perquimans, Bertie, Beaufort, Pasquotank, Camden and Martin.

In addition to Edenton, municipal officials of Hertford, Winfall, Gatesville, Harrellsville, Colerain, Ahoskie, Powellsville, Kelford, Roxobel, Winton, Murfreesboro, Windsor, Elizabeth City, Williamston, Robersonville, Everetts, Jamesville, Pantego, Belhaven, Washington, Bath and Aurora are invited.

Highway Director Babcock has indicated that additional meetings will be held in other areas of the State as soon as a schedule can be worked out with the various governmental bodies.

The first such meeting was held during the month of January in Kinston, and was attended by approximately 80 county and muni-

Campbell College Choir Here March 14

Capital and Surplus	66,000,000
TOTAL	\$496,805,341

Copy of booklet containing complete report available upon request

This 51st Annual Report reflects another successful year of operations for Jefferson Standard. Life insurance sales for 1957 were \$229,822,210, an increase over 1956 of nearly \$6,000,000. Total insurance in force as of December 31 amounted to \$1,708,566,863, an increase of 7.8% for the year. At the end of the year, Company assets amounted to \$496,805,341, an increase of \$33,870,398 during 1957. Payments to policyholders and beneficiaries in 1957 amounted to \$23,292,416, 63% of which went to living policyholders. During the half century of Company service just closed, the basic purpose of life insurance has been served by the payment of more than \$321,921,296 to our policyholders and beneficiaries. Jefferson Standard, now guaranteeing 2 1/2% on policies currently issued, has never paid less than 4% interest on dividend accumulations and on policy proceeds left with the Company to provide income. 4% is the highest rate paid by any major life insurance company in the United States. This means extra income to policyholders and beneficiaries.
