## C. Of C. Groups Go Into Action

That committees for the Chamber of Commerce are getting busy is reflected in the fact that two of the committees met in the Parish House Friday night to consider a plan of action. The two committees were the Education Committee and Health and Safety Committee.

President Gilliam Wood explained the purpose of the committees and urged each one to work on the particular phases of community betterment and when projects are lined up to present them to the board of directors. Both groups considered a number of items falling within the scope of their committees and reports are expected from each within a week.

The Campbell Touring Choir will appear in the Edenton Baptist Church Friday night, March 14, at 7:30 o'clock when it will present a concert of sacred music.

Hobbs Implement Company's John Deere Day will be observed in the Edenton Elementary School auditorium tonight (Thursday) at 7:30 o'clock.

## Plans Completed For Fashion Show

A spring fashion show sponsored by the BPW Club will be held at the Junior-Senior High School cafeteria Thursday night, March 13, starting with a dinner at 7 o'clock.

In some ways it certainly makes a lot of sense to look at your family as a business.

For instance, businesses set aside money each year to meet their future needs. Your family should, too, because you'll have a lot of future needs . . . college educations for the children . . . a new house . . . a retirement fund.

You might call the money you'll need for these things a reserve for future operating expenses. And you should start building that reserve right now.

One of the best ways to do this is by regular purchase of U. S. Savings Bonds. They're a safe, sure investment that's backed by the strength of the greatest nation on earth.

**And now they're better than ever.** Every U. S. Series E Savings Bond purchased since February 1, 1957 pays 3½% interest when held to maturity. It matures earlier, too—in only 8 years and 11 months—and pays higher interest in the earlier years.

So this year look at your family's finances with a businessman's eye. And make it your New Year's Resolution to start building a fund for the future by buying Savings Bonds through the Payroll Savings Plan at work—or regularly where you bank.
