

Hospital Auxiliary Has 249 Members

The Chowan Hospital Auxiliary met at the nurses' home Friday, March 21, with Mrs. Edward G. Bond, president, presiding.

The membership chairman reported 249 members have joined the Auxiliary. It is pointed out that everyone should take part in the Auxiliary work and anyone who has not been contacted and desires to join is requested to call Mrs. Wesley Chesson, Jr.

The hospital cart has been in use for the past few weeks and is serviced by volunteer workers who are now on duty every morning Monday through Saturday.

At the meeting Mrs. Selby Harney gave a very interesting talk about the work of "The Grey Ladies." Hostesses were Mrs. J. A. Curran and Mrs. A. B. Harless.

John Habit Dies After Long Illness

Mr. Habit, a native of Syria, lived in Edenton 34 years, where he operated a wholesale and retail grocery business as well as the Habit Hotel on North Broad Street.

Surviving are his wife, Mrs. Vivian Craddock Habit; two sons, John F. Habit, Jr., and Frank H. Habit, both of Edenton; a daughter, Mrs. Larry Dowd, and a sister living in Syria. Nine grandchildren also survive.

Mr. Habit was a member of St. Ann's Catholic Church, where funeral services were held Tuesday morning at 11 o'clock. Father C. F. Hill officiated and burial was in Beaver Hill Cemetery.

Pallbearers were Claude Griffin, Skinner White, Louis Craddock, Tom Craddock, Herbert Hollowell and James Cannon.

Radio Program For Teenagers

The Auxiliary to the Chowan-Perquimans Medical Society will sponsor a radio series for teenagers and their parents entitled "Sixteen Growing Up."

This will be a 15-minute broadcast, running for 15 weeks and runs the gamut of teen interests and problems. It will begin Friday, March 28 at 3:45 P. M., preceding the Rock 'n Roll record program.

This series is approved by the local physicians, the American Medical Association and is offered as a public service.

Tyner Scout Troop To Be Rechartered

Tyner Boy Scout Troop 154 is in the process of being rechartered after a successful year in Scouting. A meeting for the purpose of rechartering was held at the home of E. P. Jones with all committeemen, Scout leaders and a representation of the sponsoring organization present as well as Jimmy Ferebee and Dan Forbes from Elizabeth City to review the charter. Five boys have been gained through the year, bringing the number of Boy Scouts to 12 and Explorers seven.

During the spring revivals at both the Methodist and Baptist churches the boys and leaders have been to church in a group in full uniform.

Center Hill Home Demonstration Club, which sponsors this troop, appreciate very much the work being done by the committeemen and leaders who have worked with the boys in this year of successful Scouting.

Aces Open Baseball Season On Friday

Another sport kicks off Friday for the Edenton Aces as they journey to Plymouth to play the first baseball game of the 1953 season.

Powerful Williamston will visit the locals next Tuesday. The Green Wave, paced by Pitcher Gaylord Perry, lost out in the State Class A finals last year. Many of their mainstays are returning this year.

As for the Aces, nothing was any too clear. Coach Alton Brooks' squad has its share of returnees, but just what's going to happen is unknown. Among the returning players are Sid White, last year's leading hitter; Marvin Ashley, Claude Barnette, Jesse Copeland, Billy Wilkins, Zackie Harrell, Jack Bunch and a crop of others.

Easter Worship in Old Jerusalem

PRAYER AT THE STONE OF UNCTION: Lighted candles in hand, Franciscan monks kneel at the Stone of Unction in the Church of the Holy Sepulchre, Old Jerusalem, Jordan, during Holy Week services. The Stone of Unction marks the traditional place where Joseph of Arimathea anointed the body of Jesus.

Beauty Only Voice Deep — A writer recently said this of women that their "beauty is only voice deep". Now, what does he say is wrong with our voices? This is what our critic says:

"American women are surely among the most attractive in the world. They spend billions of dollars to be well groomed—clothes and beauty preparations, etc., and yet stubbornly ignore what should be the prime asset—the VOICE."

"The report makers and speech makers often offend by their rasping, screeching, whining voices," our friend writer says.

Every woman can't be beautiful to look at but she can cultivate her voice by simply listening closely to the way it sounds and by taking a few remedial measures. "Her voice was ever soft, low and gentle — an excellent thing in woman."

This writer also says that "most men will scarcely notice what a woman is wearing or how her hair is done, but a harsh, shrill and high pitched voice will embarrass and annoy him."

This is just another something for us to think about, maybe a challenge to listen to our own voice!

"Let It Shine!"—Let the best in you show on the outside, your enthusiasm, your good humor, and your everlasting patience always, and then it is apt to rub off on others.

Serve Family Food Favorites—Good seasoning is the reason for many food favorites. Try these: bay leaf and cloves in the water to boil smoked ham, garlic rubbed on salad bowl or garlic butter on heated French bread, sliced onions and celery on top of pot roast, or a little horseradish in tomato juice. Seasonings cost little yet make treats of plain foods. When food is well-seasoned there

is less need for expensive extras as olives, pickles, relishes. Desserts are a pleasant finish to the meal and simple ones are not extravagant when they give important food value, such as all kinds of fruit, especially those in season; ice cream served in a variety of ways; puddings, pies, cakes and cookies, using milk, eggs and fruits.

Biscuits, muffins, Johnny cake, homemade rolls, coffee cake—every family has its homemade favorites in baked foods. They are inexpensive ways to dress up economy meals.

Laundrying Nylons — Machine washing and bleaching is recommended when possible as the most effective way to launder white nylon. Why not do an experiment for proof testing?

In drip drying, be sure to hang garments on non-staining hanger. For best results, garments should be removed from machine while just slightly damp and hung on non-staining hanger. Never leave nylons in the machine dryer after the drying time is completed.

If touch-up ironing is desired, set the iron on rayon setting. There are excellent bleaches detergents on the market now. Read carefully the labels for good results.

I wonder if we really appreciate the time required to produce a new variety of fruit, vegetable or flower: selecting the parents; making the cross; collecting and storing seed; planting the seed; selecting plants resulting from the cross; protecting from insects and diseases; evaluating and testing.

How long does it take? From six to 15 years depending upon the type of plant you are working with.

What does it require? The skill and training of a plant breeder and lots of patience. Since you are only interested in the end product, we will discuss some more new developments as we did for roses two weeks ago.

First, some "All-America" vegetable selections for 1953. "Pearl-green" bush snap bean—A white-seeded variety of the tender green type reported to be a heavy producer suitable for all purposes. This means it's good for canning

and fresh use. "Choctaw Wax"—A rich yellow snap bean of the bushy type, reported superior to "Cherokee Wax," a former "All-America" selection.

"Ruby" lettuce — a colorful loose-leaf type with curled and ruffled leaves. Considered a fancy salad lettuce suitable for color in mixed salads, it holds bronze color well even in hot weather.

"Green Wave" mustard—An attractive, curled, long-standing variety reported slow to bolt or form seed stalks. Especially good for greens.

Now for some of the flowers. "Maytime" petunia—Salmon pink with large ruffled flowers; "Petite" and "Petite Harmony" marigolds—Especially suited for bedding, borders and rock gardens; "Showpiece" "Emperor", and "Ruby King" chrysanthemums—for a riot of fall bloom in the yard and garden.

periodicals more than the increase in second class mail.

During 1952 third class mail ran a deficit of \$190,000,000. If the bill as previously drawn was enacted it would increase the postage on third class mail about \$20,000,000 leaving a deficit of more than \$170,000,000 on third class mail.

If there must be an increase in the rates of postage why not place the increase on the classes which are causing the deficit instead of the class that is now paying a profit.
