## Miss Ann Mayo Speaker At HD Council Meeting

Miss Ann Mayo, teacher at the Edenton High School, was guest speaker at the March Chowan Home Demonstration County Council meeting last week. Having spent last summer as a student at the University of Paris, Miss Mayo discussed various customs of the French people, including a glimpse at the school, religious, and family life. The club women especially enjoyed hearing how the French housewives shopped for their groceries each morning, having to visit several shops for their day's food needs, as compared to our super market shopping system.

Mrs. Rodney Harrell gave an inspiring devotional to open the meeting held in the Center Hill Community Building.

Mrs. W. H. Saunders, vice president, conducted the business session. She announced that Gum Pond and Ryland Clubs will have radio programs this month. Clubs were urged to contribute to the State Music Fund. Applications for scholarships should be made before April 15 by those who wish to attend Music Workshop at Brevard, N. C., in June.

Committee members for the District Federation meeting in Currituck County on April 18 were announced. Mrs. O. C. Long, Jr., will represent Chowan County as the incoming first vice president of the 25th District. Other committee members were: Nominating, Mrs. Gilbert Harrell; resolutions, Mrs. Jim Swindell; registration, Mrs. Herman Nixon; courtesy, Mrs. Elliott Belch; time and place, Mrs. C. A. Perry.

In April, club leaders will canvass in the county area for the Cancer drive. Members were asked to cooperate in making this drive successful.

Mrs. Saunders urged the County Council to support the community improvement contest to be sponsored by the Peoples Bank & Trust Company.

Mrs. Drew Welch was appointed chairman to work with the 4-H County Council in sponsoring a benefit supper, with Mrs. Bristoe Perry and Mrs. James Ward assisting her.

A special committee report given by Mrs. M. T. Barrington was accepted for the observance of National Home Demonstration Club Week, May 5-9. Highlighting activities for this week include the second county-wide music festival Sunday, May 4, a luncheon for County Commissioners May 5, a tour of new homes, May 7, as well as special radio programs and newspaper publicity.

On May 9, a club woman will

represent Chowan County at the United Nations Citizenship Day at Pullen Baptist Church, Raleigh, in a special program for leaders who have been or plan to go this year on the United Nations Tour. Chowan County is asked to represent the nation of Israel in the flag and native costume program presentation.

The Council voted to contribute to the district expense fund for training two teachers in wood-carving for Manteo Crafts Camp. It also will help defray expenses for a club member from this county to attend Farm-Home Week June 9-12 and another to Crafts Camp August 19-21. A copy of the "Home Demonstration News" will be furnished each club president and the county publicity chairman by the council.

Members were especially urged to cooperate and to attend the "Womanless Wedding" on April 9 at Chowan High School sponsored by the County Council.

Special committees reported working out details for the presentation. Admission charges agreed on were 25c and 50c. Chances will be sold on a handsome wedding cake to be drawn for at the "reception" held in the Chowan Community Building after the "wedding".

Center Hill Home Demonstration Club was hostess to the group for the afternoon meeting.

## More Volume Needed For Vegetable Market

**Continued from Page 1—Section 1**

the cooperative market for vegetables so signed up, and the auction market for non-members and unsigned produce.

Under the cooperative system, the grower can usually unload his produce on the platform for the manager to market to the best advantage. This will eliminate the grower waiting in line. The closing date for sign-up is April 8. Cooperative sales will be paid for as soon as receipts are cleared. The cooperative membership is five dollars per member. This entitled the member to sign-up and market produce cooperatively.

Under the auction system sales are paid for when the buyer accepts the produce and the ticket is presented to the office. The time of daily sales will be posted and publicized. Grading and packing facilities are available for beans, cucumbers and other crops to be belted. Pre-cooling equipment is available for sweet corn.

It will be most helpful if growers will notify Carey Evans, secretary, Route 3, Edenton, as to the acreage of each crop they plan to market through the auction as well as the cooperative. This will aid the manager in advertising and planning for sales.

Joe Conger, Jr., president of the Edenton Development Corporation, called a meeting of the board of directors on Wednesday, March 26 at the Hotel Joseph Hewes at 10 A. M. Several important items were on the agenda relating to local industrial developments.

President Conger also gave a report on his attendance at the Industrial Conference held at Greenville on March 25.

## Red Cross Director Lions Club Speaker

The aim of Mr. Ray's interesting talk was to show where Red Cross dollars go. He pointed out that similar services are provided servicemen stationed in the United States by field directors at military bases, and volunteer Home Service representatives such as we have in Edenton. There are many other services available through Red Cross to communities, who provide funds for its operation, such as the bloodmobile, first-aid courses, life saving courses and disaster relief.
