

WITH THE FARM WOMEN

By VIRGINIA M. NANCE, Extension Home Economics Editor

A former South Carolina 4-H member, Mrs. Jasper Taylor, now first grade teacher at Jackson school and a 4-H leader in Union County, is using her experiences to the best advantage. Assistant Home Agent Anna Lee P. Howey says that Mrs. Taylor has given up her recess periods at school to teach young 4-H'ers to sew. She even spends time with them before and after school. When the high school moved to Mineral Springs, two sewing machines were left behind so she could continue her work. Home Demonstration club women in Currituck County have been wanting to learn how to serve crowds of people. According to Elizabeth P. Sanderlin, home agent, the women in Camden County were trained in a special interest meeting by Miss Virginia Wilson, Extension nutritionist. Because there is a need for knowing more about quantity cookery in Currituck plans are being made to hold similar meetings. Preparing and serving large crowds is one of their main sources of raising cash funds for home demonstration clubs, 4-H, churches and schools.

Mrs. Clay Jenkins, of the Upper Laurel Community in Madison County, has proved to her family and friends that a needle, pair of scissors, plus a sewing machine can be worth their weight in gold. Reports Assistant Home Agent Marie H. Buckner. She says all her spare time is spent sewing for her family and neighbors to help increase her family's income. A highlight of Catawba County's observance of National Home Demonstration Week was a county-wide home demonstration picnic, with county commissioners and their families as special guests. Miss Marjorie Gilbert, home agent, says club members also set up two window displays and worked hard on newspaper and radio publicity for the event. Since last July, it has been the goal in Northampton County to get a 4-H adult leader program organized, and that goal has been accomplished. Home Agent Lela Melvin reports that 27 adults attended the organizational meeting recently and are very enthusiastic about the program and its possibilities toward improving the over-all 4-H program.

Vets Question Box

Q—I am planning to go to school under the Korean GI Bill. Would my monthly allowance be based on the amount of tuition I'll have to pay?

A—No. Your GI allowance would not be based on your tuition. Instead, it would be a flat monthly sum.

Q—If a school expels a veteran for misconduct, does he still have the right to use his change-of-course privilege under the GI Bill and enroll for another course in another school?

A—No. If Korean GI training is interrupted or discontinued for misconduct, and the school refuses to readmit the veteran, the law denies him all further GI training.

Q—I am selling my GI home because I have to move with my family to another city. The new purchaser wants to take over my GI loan. What can I do so I won't be liable for the unpaid balance in case he defaults?

A—If the new purchaser is willing to take over the balance of your loan, and is acceptable to both the lender and VA, it's possible to get relief from liability, which puts you in the clear. Apply at your VA Regional Office.

Girl Graduates Will Love a Bottle of Perfume

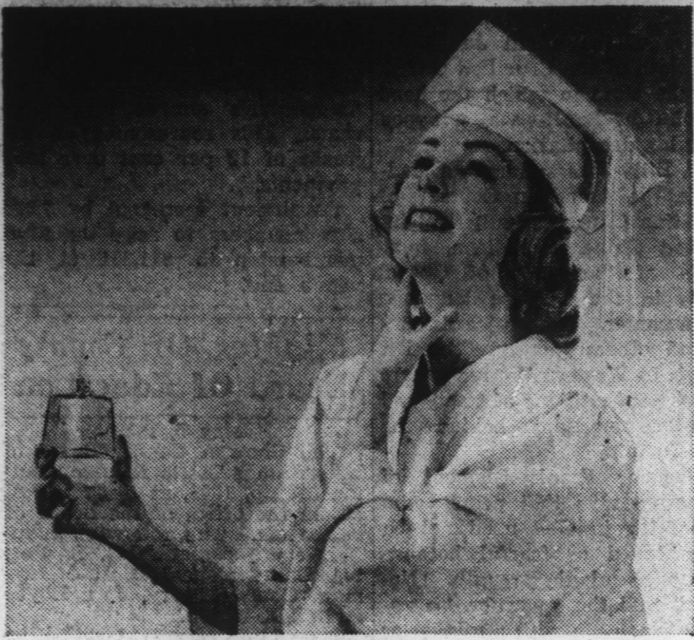

BY EDNA MILES

Picking a present for a girl graduate is mostly a matter of knowing her tastes. Is she bookish, athletic, gregarious or shy? Is she very feminine, still slightly tomboyish or starting to be a slinky siren?

Departing from this point, you've plenty of choice since most youngsters need, or think they need, practically everything and are almost always short on the cash with which to buy it.

Most of them esteem perfume as a symbol of luxury. So give the girl graduates on your list a scent blue as the horizon and just as enchanting. Give her the matching spray scent, too, so that she can use it lightly on warm summer days.

You might tell her that any perfume gives more for the money if it's sprayed rather than dabbed. And further, it creates a misty cloud of fragrance that lingers gracefully.

This is the kind of graduation gift any girl welcomes: perfume. Her gift scent carries a famous French name.

The North Carolina State Board of Health for aid in the control of mosquitoes. He is further authorized and required to carry out all agreements stipulated in the project application submitted by us to the North Carolina State Board of Health and to perform other acts that are proper and necessary in connection with the operation of this project. Acts of said person in behalf of said Town of Edenton are in all respects validated, approved and confirmed.

Motion was made by Luther C. Parks, seconded by J. Edwin Bufflap, and duly carried that the Clerk be instructed to advertise for bids for a Street Department warehouse for the Town of Edenton. Bids will be opened on May 26, 1958 at 2 P. M.

Motion was made by J. Clarence Leary, seconded by George A. Byrum, and duly carried, that the following resolution be adopted:

STRAIGHT BOURBON WHISKEY, 8 YEARS OLD 86 PROOF, SCHENLEY DISTILLERS CO., N. Y. C.

From new Safety-Twin headlights to new sculptured rear deck, every gleaming line of this Fairlane Club Victoria says "fine car!"

Look what you've been missing if you haven't driven a 58 FORD

You just can't appreciate all the wonderful things that have been done to make driving more fun . . . until you've checked out in a shiny 58 Ford!

The fun begins with the simple act of getting into the car. Only yesterday it was stoop down or knock off your hat. Now that has been changed. There's room for you and your hat inside the 58 Ford.

Even before you start the engine, notice how much more you can see. Full-Circle visibility lets you see where you're going . . . see what's coming . . . see to park!

Now touch the starter. Observe how smoothly your engine idles. That's because each Ford engine is built with painstaking care. Each V-8 is electronically balanced while operating under its own power. No other car in Ford's field goes to such lengths to bring you an engine that will operate smoothly . . . dependably . . . efficiently. (If your pick is a thrifty Six, you can't buy a more powerful, more modern 6-cylinder passenger-car engine than Ford's 145-horsepower Mileage Maker Six.)

Ease down now on the throttle and you'll take off with all the dash and verve of a Thunderbird! For after all, the 58 Ford offers you the Thunderbird's own transmission and engine! Team Ford's Cruise-O-Matic Drive with a Thunderbird-powered V-8 engine, and save up to 15% on gasoline. It's like getting back 15¢ on every gas dollar!

Next hunt up the roughest roads you can find. Notice how bumps lose their bounce with Ford's softer-riding suspension system. Notice how Ford's exclusive Automatic Ride Control combines Angle-Poised Ball-Joint front suspension with long, tailored-to-weight rear springs so that your ride level . . . corner level . . . enjoy a "big car feel."

And Ford gives you more—much more in the way of riding comfort. Ford seats are wide—sofa-wide. You sit in a relaxed, natural position with Ford's Automatic Posture Control.

Always a leader in safety, Ford again has pioneered new features to protect you. New Safety-Twin taillights, for example, keep you safer because they give better warning to cars behind you. And only Ford offers you famous Lightguard Design—the whole family of safety features designed to protect you should an accident occur.

Then there are the hidden values that are yours when you choose Ford. The car is put together with fine-car precision. The finish is durable enamel— baked enamel that helps Fords keep that new-car shine. On the inside, too, Ford cars give you more insulation than any other cars in Ford's field.

Why not discover all you've been missing if you haven't driven a 58 Ford? See your Ford Dealer and find out firsthand all the wonderful things that have happened to Fords. And remember: a comparison of manufacturers' suggested retail delivered prices shows that Ford is lowest priced of the "low-price three" in '17 out of 19 comparable models!

So why not make tomorrow your day to drive a Ford? The keys are waiting for you at your Ford Dealer's. See him and discover all the fun a Ford can be!
