

Negro Home Demonstration News

By MRS. ONNIE S. CHARLTON, Negro Home Demonstration Agent

The thirteen 4-H Clubs of Chowan County will hold their annual 4-H Church Sunday Service Sunday, June 1, at the Pleasant Grove A.M.E. Zion Church at 3:00 P. M. Rev. Scott, pastor of the church, will deliver the sermon. The chorus of the Church of God in Christ, under the direction of Mrs. M. E. Hathaway, will furnish music for the service.

We observe 4-H Church Sunday because the spiritual development of the individual is essential to a full, well-rounded life of service to the community and to the nation. During these critical times it is more important than ever before to recognize that in this development the church plays a large part. Therefore, it seems most appropriate that 4-H members set aside one Sunday during the year as 4-H Sunday.

1. To enable 4-H members to think together about home, community, and world events in spiritual terms.

2. To develop in 4-H members a better understanding of the relationship that people of the soil have with God.

3. To provide 4-H members an opportunity to participate in a service that develops the Heart H.

4. To help 4-H members to demonstrate their loyalty and to realize their own responsibilities to the church of their choice.

5. To show 4-H members how their church can provide Christian fellowship, helpfulness, better understanding, a religious outlook, courage and harmonious

living.

All members, parents, 4-H leaders and friends are asked to be present.

Our district 4-H contest will be held in Farmville Thursday, June 5, at 10:00 A. M.

Group eliminations for boys and girls' demonstrations were held May 23 at Snow Hill. Counties in this group were Wilson, Beaufort, Green, Pitt, Martin and Chowan. Goldie Anne Frinks from the Senior 4-H Club of Chowan County entered the dairy foods demonstration contest and won first place in the group elimination with a score of 97. Her demonstration was "Soup Made With Milk". She will represent the group in the district contest in Farmville. Clarence Hardy and David Felton from the 7A 4-H Club, Edenton High School, presented a demonstration on "Selecting, Treating and Bedding Sweet Potatoes in a Cold Frame," in the group contest. They had no competition in this field, therefore, are eligible for the district contest. Boys and girls who wish to attend the district meeting, please let me know by Monday, June 2.

A training meeting for a 4-H club girls who are carrying Canning as a project, will be held Saturday, May 31, at the Brown-Carver Library at 2:00 P. M.

The best way to secure future happiness is to be as happy as is rightfully possible today.

BLOODSHED BOXSCORE

He'll Take His First Steps at 16

Billy Anderson, born in Morgantown, W. Va., without arms and feet, is looking forward to his 16th birthday, July 26. He'll celebrate by walking by himself around the campus of the Good Shepherd Home for Crippled Children and Old People in Allentown, Pa.

It'll be his first walk unaided... a tribute to his courage and to the care and training he's been getting during the three years he has been living in Good Shepherd Home.

In that time, Billy, who travels around in a low four-wheel carrier, received and learned to use an artificial arm. Now he's learning to use an artificial right leg and an artificial left foot attached to the stump of his leg. And Billy, for the first time in his life, is able to take steps with the aid of an arm crutch strapped to his mechanical hand. The Good Shepherd Home's physical therapist is on hand to guide Billy's steps, but soon will come his birthday and his first walk around.

Rev. Conrad W. Raker, D. D., superintendent of Good Shepherd Home where Billy lives with 187 other crippled children, young adults and old people, said Billy is the glistering apostle for the Home's golden anniversary this year. The Home was the first in the nation to house crippled orphaned children.

It was established on Feb. 21, 1908, when Dr. Raker's late father, Rev. John H. Raker, also a Lutheran pastor, took into his home a crippled orphan, girl.

Billy's rehabilitation is typical of the care given to handicapped children at the Home which has as its symbol open doors, "always open," Dr. Raker said, "in Christ's name, to care for those who are needy, regardless of race, creed or color, and who have no others to help them. No fees are charged for the care of those in the Home."

The work of Good Shepherd Home, supported entirely by voluntary contributions from friends in all parts of the country, is told in pictures and words in the Golden Anniversary issue of its bi-monthly publication, "Sweet Charity," and a 36-page book, "Open Door." Copies of both are available without charge or obligation. For free copies write to Rev. Conrad W. Raker, Good Shepherd Home, 6th and St. John Sts., Allentown, Pa.

ESPECIALLY FOR PET OWNERS

Rabid foxes in Virginia have bitten many farm animals and dogs, so that the state health department veterinarian is planning a population thinning among these animals. There are an estimated 15 foxes per square mile in Virginia.

Kittens born with weak bone structures which are easily fractured, can grow to be healthy

adult cats if confined, fed a balanced diet and given sex hormones under the direction of a veterinarian.

VFW MEETING

William H. Coffield Post No. 9280, Veterans of Foreign Wars, will meet Tuesday night, June 3, at 8 o'clock. Commander Harold Langdale urges a full attendance.
