

Chowan Demonstration Clubs Install County Council Officers At Achievement Day Program

Chowan County Home Demonstration Clubs held their fall achievement program Friday afternoon, October 10, at 2 o'clock at the Chowan Community Building which was featured by a demonstration on dried flower arrangements by Miss Pauline Gordon, Extension specialist. At this important meeting there was an installation ceremony for the new County Council officers, an achievement report and presentation of awards for achievement.

Mrs. Bristow Perry rendered an inspiring devotionals based on The Beatitudes. There was special music by Miss Kay Lowe, accompanied by Miss Doris Jean Cale. Mrs. Carey Hollowell, of the host Chowan Club, welcomed the ladies. Mrs. Wallace Peele graciously responded.

Mrs. Fred Castelleo gave a report of the achievements during the past year of the various clubs in the county. By assembling a large group of Home Demonstration Club members, she discussed the activities and accomplishments. Gum Pond Club was recognized for its outstanding work, and was presented the achievement award by Mrs. W. H. Saunders.

In an impressive ceremony, Miss Mairdred Morris, home agent for Chowan County, installed the new County Council officers who are: President, Mrs. C. W. Overman; vice president, Mrs. Lester Copeland, and secretary-treasurer, Mrs. Fred Castelleo.

Mrs. H. T. Hollowell, outgoing Council president, presided over the meeting.

Miss Pauline Gordon gave a fascinating demonstration on dried flowers—including types appropriate for drying, methods of drying and decorative arranging. She impressed upon the members that dried flowers are not the same as dead flowers and that it is necessary to pick them early in their blooming stage, while they are still green, in order to have the most attractive dried flowers that last indefinitely. She stated that January through July is the best time to collect and that later most things would shed too much to be of value. There were three methods described: The simple method of hanging upside down in a dark place (an attic or a heavy paper bag were suggested); the glycerin-water method, which is used only on leaves, giving them a rubbery consistency, and the borax or meal method for flowers such as zinnias and roses.

It was astounding how many of her attractive examples were from very common plants plentiful to this locality. They were hard to recognize as ordinary bear grass, poke berries, bulrushes, okra, dock, castor bean pods, corn tassels and many others known to everyone. She herself has had the experience of noticing something particularly attractive and comparatively rare on her trips, going to the trouble to obtain specimens and carefully transport them, only to find upon arrival home that she has passed the same type of plants every day on her way to work without noticing them.

She showed dramatic arrangements using all black (or charcoal) materials with interest in different shapes and textures. Also, arrangements in white, pink and bronze tones were exhibited. The permanent colors of the flowers depend on whether they are dried in darkness or light. Collecting them at several of the early stages also brings varying shades. Corn tassels, picked when first appearing, will dry to be almost white if kept in a very dark place during the process. Interesting contrast items in her arrangements were dried lotus seed

and sycamore balls. The latter should be pulled off the tree when green for the best effect.

Many of the women present regretted that the demonstration was not given earlier in the year so that personal collections could have been started at the best season. The dried flower arrangements were so attractive they would not be limited merely to the times when fresh flowers are scarce but could serve decorative purposes at any time.

At the conclusion of the demonstration, the Chowan Club women served delicious refreshments to the 60 persons present. The building had been tastefully decorated with fall leaves highlighted with flowers in varying hues of autumn by Mrs. T. E. Chapell of the Center Hill Club.

CIVIC CALENDAR

Continued From Page 1, Section 1
night (Thursday) at 8 o'clock at the Post house.

Peggy Ann Halsey At Traphagen School Of Fashion In N. Y.

Miss Peggy Ann Halsey, daughter of Mr. and Mrs. I. E. Halsey, Jr., of Edenton, has enrolled at the Traphagen School of Fashion, New York, where as a first year student, she will major this winter in clothing construction

and design.

Many exciting events are in prospect this fall for the students at Traphagen. Announcement will be made of three design contests, sponsored by companies in the fashion industry exclusively for the classes at this school, in accordance with the Traphagen policy of cooperation with the trade. Cash prizes for the winners will amount to almost \$2,000.

These exhibits at Traphagen, 1680 Broadway (52nd Street) New York, and other shows which will be arranged throughout the year are open to the public without charge, and visitors are welcome to attend.

Center Hill Scouts Receive Charters

On Monday night, October 6, at 8 o'clock a board of review was set up at the Scout hut at Center Hill. The board was composed of J. S. Turner, J. C. Boyce, C. B. White, Everett White, E. P. Jones, Thomas Rogerson with Gene Trautwein, District Scouter in charge. Also present were several members of the sponsoring organization and Scoutmaster Charlie Asbell. This board was set up for the purpose of interviewing six boys who were presented to the board in full uniform to pass their First Class ratings. The boys who came before the board were Richard White, Johnny Winborne, Bobby Hollowell, Tommy Harrell, Wayne and Dennis Hare. Each of these boys have passed all requirements for First Class Scouts and several cards were presented for merit badges in various projects.

At this meeting the charter for the Boy Scout Troop and Explorer Post 154 was presented to Mrs. B. P. Monds, president of Center Hill Home Demonstration Club, which sponsors the Boy Scout unit. Mrs. Monds in turn presented the charters to Scoutmaster Charlie Asbell and Explorer Advisor Thomas Rogerson. These leaders have done an outstanding job in Scouting and molding boys into fine young men. There are six Explorers and 13 Scouts in the Tyner unit.

Named Football Queen

Miss Grace Townson, daughter of Mr. and Mrs. W. D. Townson, Jr., has been chosen Football Queen of Murphy High School at Murphy, N. C. Mr. and Mrs. Townson will go to Murphy to attend the crowning Friday night, October 17.

Raw-Pack: Pack raw prepared fruit to 1/2 inch of top. Cover with boiling syrup, leaving 1/2 inch space at top of jar. Process in boiling water bath. Pints, 25 minutes. Quarts, 30 minutes.

Hot-Pack: Heat prepared pears through in hot syrup. If fruit is very juicy you may heat it with sugar, adding no liquid. Pack hot fruit to 1/2 inch of top. Cover with boiling liquid, leaving 1/2 inch space at top of jar. Process in boiling water bath. Pints, 20 minutes. Quarts, 25 minutes.

Negro Home Demonstration News

By MRS. ONNIE S. CHARLTON, Negro Home Demonstration Agent

We still have apples, pears and grapes and it is not too late to conserve some to help on our food conservation plan for the family.

Dietary surveys taken in the last 10 years show that we do not eat enough fruits. Fruits give to the body health protection, minerals and vitamins and have a laxative effect in the body. We find fruits listed in three of our Seven Basic Food Groups needed daily. They are: Group 1—green and yellow vegetables and fruits; this would include yellow peaches; Group 2—our vitamin C foods; oranges, tomatoes, grapefruit, raw cabbage, other raw greens and sweet potatoes. Group 3—potatoes; other vegetables and fruits.

This group is where our apples, pears and grapes fall along with berries, cherries, figs, white peaches and plums.

Canning is our most popular method of conserving foods, to can Apples: Pare and core apples. Cut in slices.

Raw-Pack: Pack prepared apples raw. Cover slices with hot medium syrup. Process in boiling water bath. Pints, 20 minutes. Quarts, 20 minutes.

Hot-Pack: Drop prepared apples in water containing 2 tablespoons each of salt and vinegar to prevent apples from darkening. Drain, then boil 5 minutes in thin syrup or water. Pack hot fruit to 1/2 inch of top. Cover with hot syrup or water, leaving 1/2 inch headspace. Process in boiling water bath. Pints, 15 minutes. Quarts, 20 minutes.

To can Pears:

Wash pears. Peel, cut in halves and core. To prevent darkening during preparation, drop fruit into water containing 2 tablespoons each of salt and vinegar per gallon. Drain just before heating or packing raw.

Raw-Pack: Pack raw prepared fruit to 1/2 inch of top. Cover with boiling syrup, leaving 1/2 inch space at top of jar. Process in boiling water bath. Pints, 25 minutes. Quarts, 30 minutes.

Hot-Pack: Heat prepared pears through in hot syrup. If fruit is very juicy you may heat it with sugar, adding no liquid. Pack hot fruit to 1/2 inch of top. Cover with boiling liquid, leaving 1/2 inch space at top of jar. Process in boiling water bath. Pints, 20 minutes. Quarts, 25 minutes.

Grape Juice I

Wash, stem, crush and measure fresh, firm-ripe grapes. Add 1 cup water to each gallon crushed grapes. Heat 10 minutes at simmering. (Boiling develops a poor flavor). Strain through 4 layers of cheesecloth. Let stand 24 hours in a cool place, preferably in refrigerator. Strain again. Add 1 or 2 cups sugar to each gallon juice. Reheat to simmering. Pour, hot, into hot jars. Process 30 minutes at simmering in hot water bath.

Grape Juice II

Wash and stem fresh, firm-ripe grapes. Put 1 cup grapes into a hot quart jar. Add 1/2 to 1 cup sugar. Fill jar with boiling water. Process 10 minutes in boiling water bath.

Mrs. Bessie B. Ramseur, Subject Matter Specialist, A. and T. College, Greensboro will be with us Friday, October 17, to complete the Chair Bottoming Demonstration which she started in July. We ask all who were present to the July workshop, by all means be present. You are invited to attend also. The demonstration will start at 10 A. M.

Foods and nutrition project leaders form each home demonstration club are asked to meet at 111 E. Carteret Street, for a training meeting Monday, October 20, at 2 P. M.

RETURNS TO STATES

Eugene J. Hardy, steward first class, USN, of Colerain, returned to Newport, R. I., October 7 aboard the destroyer escort USS Lester after a five-month tour of duty with the U. S. Sixth Fleet in the Mediterranean.

The Lester was among the first ships to arrive off the coast of Lebanon in mid-July when the Middle East Crisis erupted. While on the scene the Lester provided anti-submarine protection for aircraft carriers.

During its tour with the Fleet the ship visited such places as Naples, Italy; Izmir, Turkey; and Cannes, France.
