

## Negro Home Demonstration News

By MRS. ONNIE S. CHARLTON, Negro Home Demonstration Agent

One hundred and ten 4-H Club members attended 4-H Achievement Day held at the Brown-Carver Library last Saturday. Some eighty of these brought products representing their project work, to make the exhibit one of the best in several years. The display included sewing articles from clothing projects, canned products, prepared foods, garden vegetables, farm products, eggs, handicraft, needle work and fruits.

A short program was held and a 4-H film entitled "Where The Road Turns Right," was shown. The 8th grade 4-H Club from Edenton High School captured two prizes, one for the best table in the exhibits and the largest club attendance. Second place in exhibits went to the 7A 4-H Club, Edenton High School and third place to the 6C 4-H Club of Edenton High School. Four-H clubs represented at Achievement Day were: Edenton High School—5A Club, 5B, 5C, 6A, 6B, 6C, 7A, 7B, and 8th grade; St. John 4-H Club and the 6th grade, White Oak School.

Listed below are suggestions prepared by the Home Food Supply Committee, N. C. State College Agriculture Extension Service on "Raise A Square Meal Around Home."

1. Plan Thanksgiving dinner. Have it all in the freezer to cook, or cook parts of it ahead of time and put back in freezer.
2. Plant low-growing hardy crops like beets, mustard, radish, turnips, onions and lettuce in coldframes for winter harvest.
3. Properly store surplus root crops like turnips, rutabagas, beets, carrots, radish and potatoes for winter use.
4. Check storage facilities for canned and stored foods before the winter freezes.
5. Take advantage of the large supply of broilers for eating now and filling your deep freeze for later.
6. With the coming of cold weather, provisions should be made now to keep the birds comfortable. Electric water warmers are in most instances a good investment.
7. Purchase a good dairy calf that will be a future family milk cow. Many Grade A dairymen have surplus heifer calves at this time of the year and one can be purchased reasonably. A good family milk cow can save a family of five as much as \$200 in their annual milk bill. Both the calf and cow can often be fed on feed that normally goes to waste on many farms.
8. Begin collecting ingredients for your Christmas fruit cakes. Bake them earlier so the fruits and spices can become well blended and mellowed. If you need a good recipe see your home agent or write the Extension Nutrition Department, N. C. State College, for a leaflet giving recipes for dark, light and Japanese Fruit Cakes.

## ABUNDANT LIFE

by ORAL ROBERTS

### HOW MUCH DO YOU NEED?

To become a widow suddenly is a dismaying experience, especially when there are young children to provide for. Few conditions of life appear to be so desperate.

Yet, God has said that he is a father of the fatherless and a judge of the widows. One woman, suddenly faced with this disheartening situation, noticed also that it is written in Isaiah 54:5, "For thy Maker is thine husband; the Lord of hosts is his name."

She gathered her children around her and cried, "O Father, you said You would be a father to the fatherless, and you said you would be a husband and a judge of the widows. Now, Lord, a father provides and brings in food for his children, and he provides the needs of his wife to prepare the food. I am depending solely on you to keep your Word. You said you would provide all of our needs according to your riches in glory by Christ Jesus."

When she prayed this prayer her funds were exhausted. At the moment the food supply was getting very low, so low that there were only some stewed tomatoes remaining. It was a cold February night. She rose from her knees and thanked God for his promise to provide and began to prepare her children for bed.

A widow, with four small children, one only a few months old, without a means of earning a livelihood, facing the lonely prospect of struggle, suddenly abandoned her fear and turned to God. It was wonderfully comforting for her to know that God had promised to be a father to the fatherless, a husband to the widow.

Shortly thereafter, she heard a son; Mr. and Mrs. Bill Jordan, Hobbsville, a daughter; Mr. and Mrs. Oscar E. White, Edenton, a son; Mr. and Mrs. Paul Partin, Edenton, a son.

**SENATOR SAM ERVIN SAYS**  
Washington — Last week I touched briefly upon the significance of Congressional committees. In view of the great readjustment in the Senate committees due to the elections it is appropriate to discuss the matter further.

**The Committees**  
Senate Rule XXV governs committees. The majority of standing committees have fifteen members. There are others with as many as twenty-three and a few with nine Senators. For this discussion we will consider the fifteen-member committee, such as Judiciary and Armed Services on which I have been serving. During the past Congress the party division on each of these committees has been eight Democrats and seven Republicans. In the new

For this discussion we will consider the fifteen-member committee, such as Judiciary and Armed Services on which I have been serving. During the past Congress the party division on each of these committees has been eight Democrats and seven Republicans. In the new

Congress beginning in January it is expected that the division along party lines will be around ten Democrats and five Republicans.

**Major Readjustment**  
It is obvious that this is a major adjustment of committee personnel which further underlines the heavy responsibility upon the Democratic Party for sound legislation. By following a course of moderation the Democrats can continue responsible leadership in the Senate.

**Back To Washington**  
Due to the work of the Senate

law corruption in some management and unions to protect the working man against outrageous abuses which have been disclosed by our committee.
