

Edenton Loses Eastern Class A Football Title

Continued from Page 1, Section 1

ed the best all-around team to face the Aces this season.

The loss to Southern Pines is the second time in four years that the Aces lost the Eastern championship by a single point, the last time being to Cary in Greenville.

The Aces have gone a long way this season with Coaches Bill Billings and Johnny Morris starting out with most of the boys having little or no experience. At the beginning of the season it was generally agreed that the Aces could not even win the Albemarle Conference championship, much less go as far as the Eastern championship play-off.

Their record reflects considerable credit on the part of the coaches as well as the Aces themselves and many favorable comments were heard at Friday night's game about them from non-partisan football fans.

The Edenton Band also came in for a lot of praise and applause as it performed on the field at half time. The band put on a very impressive show and with Vern Goodwin performing with the baton, the entire group was loudly applauded by spectators on both sides of the field.

A large following of Edenton supporters attended the game, some of whom chartered a Trailways bus.

First Quarter

Southern Pines won the toss of the coin and Ashley kicked for the Aces, with Cushman returning from the 31 to the 45. MacIntosh gained 2 yards and Phillips then threw Watkins for a 2-yard loss. A pass went incomplete so that Southern Pines kicked. Cobb fumbled the ball but recovered on the Aces' 21. White gained 3, Hardison 2 and White lost a yard. Baker's kick was blocked and Southern Pines recovered the ball on the Edenton 26. On the first play Cushman got loose and scored a touchdown for Southern Pines. MacIntosh crashed through the line for the extra point, which proved the margin of vic-

tory. On Southern Pines' kick Ashley returned from the 14 to the 38. The Aces fumbled but recovered for a loss of 3 yards. Lassiter's pass to Britton was incomplete but he connected with a pass to Hopkins for 20 yards and first down. Hopkins cracked the line for 5 and White then wiggled to the Southern Pines' 35 for a first down. Hardison gained 4 and White 3. A pass interference penalty then gave the Aces first down on the 13. In two plays Hopkins was held to a yard each, and then Lassiter connected with Ashley for an 11-yard touchdown pass. A pass for the extra point was incomplete. Smith returned Ashley's kick to the Southern Pines' 42. MacIntosh picked up 2, Watkins 5 and MacIntosh 2 and on the next play MacIntosh made it to the Edenton 47 for a first down. Watkins was thrown for a 2-yard loss as the quarter ended with Southern Pines leading 7-6.

Second Quarter

Cushman snagged a pass which was good for a first down on the Edenton 36. Watkins added 9 and MacIntosh made it first down on the 23. MacIntosh added 3 and Woodruff went to the 13 for first down. Watkins added 4, a pass was incomplete. Watkins was held for no gain and another pass was broken up, so that the ball went over to the Aces on their own 9. Hardison picked up a yard and White dodged through to the 19 for a first down. Hopkins was held for no gain and Baker kicked. It was Southern Pines' ball on the midfield stripe. Watkins was held to a yard and a pass to Woodruff was good for 20 yards and first down on the Edenton 29. Carter added 4 and in two plays MacIntosh made it to the 18 for a first down. Southern Pines fumbled and the Aces recovered on their own 25. Hopkins gained 2 and Lassiter's pass to Hardison was good for 13 yards and first down on the 40. Watkins then intercepted Lassiter's pass and it was Southern Pines' ball on their own 42. A pass to Woodruff was good for 6 yards, but the next two plays netted a 1-yard loss and Southern Pines kicked with White returning to the Aces' 38. Lassiter was thrown

for a 2-yard loss and White got loose for 15 yards as the half ended.

Third Quarter

Smith kicked for Southern Pines to start the second half and White returned 30 yards from the 14 to the 44, but the Aces were penalized 15 yards. Cobb on two plays picked up a yard each and Lassiter then connected with Britton for first down on the 42. White gained a yard and Lassiter was smothered for a 6-yard loss. Hopkins gained 5 and Baker kicked. White snagged Lassiter's pass and covered 32 yards to the Southern Pines 27 for first down. Hardison picked up a yard and White added two, then Lassiter was again thrown for a 5-yard loss. Southern Pines was penalized 5, putting the ball on the 24. White was held to one yard and Southern Pines took over on their own 21. MacIntosh gained 3 and Watkins 5, after which MacIntosh made it first down on his own 35. Watkins ripped off 9 yards and a pass was broken up, after which MacIntosh added 2 and White nailed Woodruff for a 3-yard loss. Watkins regained about 10 yards and MacIntosh lacked only inches of making it first down, so it was Edenton's ball on their own 44. White in two plays registered a first down. Hopkins added 3 and White 4, but the Aces were penalized 5 yards. Hopkins added a yard as the quarter ended.

Fourth Quarter

With the ball on the 46, Lassiter connected with a pass to Fred Britton for 9 yards. Hopkins then made it first down on the Southern Pines 34. Lassiter's pass to Ashley was good for 6 yards, but Lassiter was again thrown for a 2-yard loss. A pass to Britton was broken up. Another pass to Hopkins clicked but was short of a first down and Southern Pines took over on their own 33. Watkins in two plays gained 4 yards, after which Woodruff got loose and appeared touchdown bound as he evaded Edenton tacklers. However, Wayne Blanchard overtook the fleet Woodruff to pull him down on the Edenton 13 after a gain of 52 yards. Watkins in two plays added 4 yards and MacIntosh 3. The Aces held and Watkins lacked a few inches of making a first down. The Aces took over on their own 6. Hopkins gained 5 and Hardison carried to the 17 for first down. White was called to carry three successive times, but was held to 8 yards. The Aces gambled and Hopkins was short of first down, so it was Southern Pines' ball on the Aces' 22. Forehand broke through to throw Woodruff for a 5-yard loss. Southern Pines fumbled but recovered for a 3-yard loss. Watkins picked up 5. A pass was broken up and the Aces again took over on their own 23. Lassiter lost 3 yards and a pass to Britton fell incomplete. Cobb on a neat run ripped off 1 yard and Lassiter again was smothered for a 4-yard loss, so that the ball went over to Southern Pines on the 25. MacIntosh gained four yards on two plays as the game ended.

Club Calendar

According to Miss Maidred Morris, home economics agent, the home demonstration clubs plan to have special programs for their meetings in December in keeping with the Christmas season. She urges all club women to attend their club meet-

Mrs. Hallet Hobbs Center Hill Speaker

Center Hill Home Demonstration Club met Tuesday night, November 18, in the home of Mrs. Roy Lane with ten members answering the roll call.

Plans for the Christmas party were discussed and committees named.

Mrs. Hallet Hobbs very ably gave the demonstration "Take Time To Live." The members were told that three things do much to shape their lives—time, energy, and money. "All of us have the same amount of time but we do not use it the same way," said Mrs. Hobbs. "What we do with our time makes a great deal of difference to us individually. The art of living at your best has to be practiced every day. Some days you are easier to live with than others. We all made mistakes, but we can keep on trying," Mrs. Hobbs in closing said "Take time to do some of the things you want to do and turn to God for new insight into life's problems. You can't do it alone."

Firemen Answer Four Calls During October

Fire Chief W. J. Yates reports that four fire alarms were answered by Edenton firemen during October, three in town and one out of town. The firemen were out one hour and 45 minutes for the Edenton fires and 45 minutes out of town. They were on the air 30 seconds in town and 10 seconds out of town.

For the Edenton fires the firemen traveled five miles and 12 miles out of town. They laid 300 feet of hose in town and the same amount out of town. The ladders were also raised 12 feet each in town and out of town. Volunteers responding were 47 for the Edenton fires and 20 out of town.

GOD SHARES YOUR INTERESTS

Lee Braxton has had fellowship in more homes of Christian businessmen than any other man we know. He has found that one is as mistaken to believe that businessmen are not interested in God as he is to believe that God is not interested in businessmen.

God is interested in whatever you do. With respect to business, God is in business, too—many businesses, the greatest of which is the saving of the souls of lost and condemned humanity.

God is the greatest of all businessmen and he constantly seeks qualified partners. In turn, he offers himself and all of his infinite resources to his partners for their own businesses here on earth.

Not long ago Lee and I exchanged greetings with an acquaintance in an Indiana city. We thanked him for all he was doing to help win souls to the Lord. He wouldn't hear of our thanks. "It's the other way around," he said. "I am the one who is grateful."

He said that as soon as he accepted God's partnership offer and used his faith, the Lord blessed him beyond his fondest dreams. "I began at first," he explained, "by building small frame houses, one at a time. Later I was able to build three at a time, and now, a few years later, I have several large real estate developments under way. I have been able to be a greater blessing to my church

MORE FARMERS ARE USING TREE-KILLING CHEMICALS

The use of tree killing chemicals for ridding the woods of cull trees is increasing in North Carolina.

R. S. Douglass, forestry specialist for the N. C. Agricultural Extension Service, says that cull trees have presented a problem for many woodland owners. This has been especially true in recent years, Douglass said, because there is no longer any demand for these cull trees as fuel.

Now, for a few dollars per acre these culls can be killed by chemicals. The chemicals not only kill the top of the trees, but prevent the roots from sprouting. Once the culls die and fall, there is more room for good trees to grow.

Douglass said some of these tree-killing chemicals work slowly and may require two summers to complete the kill. Therefore, farmers should not get impatient if the trees do not die quickly.
