THURSDAY, APRIL 23, 1959.

Be X-rayed!

The mass chest X-ray survey went into operation in Edenton Wednesday and will be operated today (Thursday) April 24, 25, 28, 29, 30 and May 1 and 2.

This is a service which everybody above 15 years of age should take advantage of. It is the first time in five years that a mass chest Xray program has been carried out in Edenton and Chowan County, and it is hoped at least 4,000 people will take advantage of this opportunity.

The X-ray is free. It is not necessary to undress and requires only about two minutes of one's time. There should be nobody who is not willing to sacrifice two minutes of their time in order to learn if they are threatened with a vicious disease.

Those who know say tuberculosis incidence is higher in older people so that it is very important that older people be X-rayed while the unit is in Edenton. Often the X-ray detects not only tuberculosis, but other conditions are found which by early treatment can prevent more seri-

The X-ray unit is located in front of the Betty Shoppe on Broad Street and is in operation each day from 11 A. M., to 5 P. M.

Everybody is urged to visit the unit to be Xrayed. A report will be mailed to all whose X-ray is positive, so that proper precautions can be taken. This is a very worthwhile service which nobody should pass up.

Better Than Nothing

Unless estimates of construction are too high, Edenton will at long last have a municipal building which will more adequately serve the needs and the firemen will also have room enough to house their equipment and obviously become even more efficient in their duties.

There is some opposition to adding to and renovating the present building at the foot of Broad Street, but to construct a new building would involve a great deal more money. The matter of a municipal building is not new. It has been considered for a number of years and when at various times the estimated cost was presented, that was the end of a new municipal

Now a certain amount of money is available from the Electric & Water Department, which it is hoped is enough to complete the building and, when completed, should not only be adequate but be a credit to the town. Town Councilmen, like some critics, would rather see an entirely new building, but past experience bears out the supposition that if nothing is done now, an adequate municipal building will again be a dormant issue for a long time to come.

Bids for the work will be opened Thursday afternoon, April 30, at 2 o'clock, and it is hoped the figure will not be so high that it will throw a monkey wrench in the whole works. To have what appears to be an attractive and convenient municipal building now is better than waiting for no telling how long before anything is done toward erecting an entirely new building.

Unless a lot of people pay their 1958 taxes in short order, their names will be advertised in front of the Court House and in The Chowan Herald. County taxes must be paid before Monday, May 4 and town taxes before Monday, May 11, to prevent advertising. Sheriff Earl Goodwin says he'll remain in his office Saturday afternoon, April 25, and May 2, in order to collect taxes before the delinquent list is turned over to the printers. The Sheriff is giving up the two Saturday afternoons to accommodate taxpayers, so that some of 'em ought to see him.

At last week's meeting of the Degree of Pocahontas, two members from Merry Hill served refreshments which included pecan pie. Leroy Harrell, waiting for his wife to leave the meeting, was invited to the hall to join in the refreshments. "Have a piece of delicious pie?" I asked him. Just one word, "nope" was his answer. "You don't know what you are missing," I told him. "Oh, yes, I do," said Leroy, "I'm missing just about two pounds of weight.'

Band Director Derwood Bray had the program at last week's Rotary meeting, when he exhibited she showed to the group, it was and explained various instruments used by band members, of whom he is justly proud. One of the Rotarians asked Tick Elliott what he played when he was going to school. "Nothing," said Tick, "except plain hell." Anyway Derwood didn't get through with his program and it will be continued at today's Rotary meeting.

At Thursday's meeting of the Methodist Men's Club the matter of finances came in for a share of the discussion, J. R. DuLaney, church treasurer, had church contributions broken down, which showed that quite a few people haven't paid anything this year. Which brought the remark from one of the members. "Have you checked on income reports?"

Red Men have been very busy painting and fixing up their hall. The job was given to a committee and it was while the color to be used was being considered one fellow piped up "I am in favor of any color, just so it's white." Anyway, the color is light green and look's very good. Leroy Harrell, sachem, urges some of the members to come to a meeting even if it is only to see how the hall looks

Harry and Martha Crummey came over from Washington to spend the week-end and, of course, tried their luck at fishing. They didn't do so hot (they're furriners now). Anyway, Martha got all het up while baiting a hook. This darned (I think that was the word) worm crawls off twice as fast as I put it on."

A number of Edenton people went to Cherry Point over last week-end to witness "Semper Fi," a musical comedy presented at the Marine Corps Air Station. Mrs. Joon Gay Aynes, a former Edentonian, wrote the play, so that Edenton friends were very much elated over the success of the affair, which they report was "very good."

Frank Roberts, who went to Pottsville, Pa., about a year ago, has come back to Edenton to be associated as program director of radio station WCDJ. Frank had this to say upon his return:

"I don't think any words I write, or anything I say to anyone, could adequately describe the warm feelings I have for this community. I've never, in all my life, been so pleasantly greeted by so many good friends. Folks have taken the time and trouble to call me while I was on the air; nest Ward, Jr., president, Ocean some people have stopped me on the street, to say 'welcome back'. It's just the kind of good feeling that is so typical of Edenton. Edenton... a towr I'd love to call my own. This, from a guy who's done a lot of traveling around, who, in the las ten years, has lived in more towns and cities than who will greet the guests.

he cares to remember . . . but Edenton is the one place I settled on. Certainly no town north of the Mason-Dixon line can even North Carolina on April 14, 1959 come close to comparing with at 8 P. So believe me — when I say — it's a great kick to once again be tween Dickerson Street and U. Town employees are handicapped due to cramped quarters and the Fire Department for that Electric & Water Departa long time has been unable to even house all of the trucks, not to mention lack of ample room

for other activities. After seriously considering the plans and specifications, Town Councilmen are of the opinion that, despite some objection, when the building is completed it will not only be attractive, but will also be a credit to the town.

The party's motorcade will be met by local Police Department at the U. S. Highway 17 bridge at 3:15 P. M., and escorted to the hotel. Refreshments will be served through the courtesy of the Edenton Restaurant and the Peoples Bank and Trust Company, with colonial costumed members of the Woman's Club serving as hostesses. "Penelope Barker" tea will be featured.

At 3:45 the group will inspect the Chowan County Court House and other historic spots in the vicinity, after which they will be conducted on a brief tour of the town. The party is scheduled to leave here at 4:15 for Elizabeth City and a tour of the Outer Banks, Morehead City and Tryon Palace before returning to Raleigh at the week-end.
