

Deadline Is Nearing For Loans By GI's

World War II veterans have an approaching deadline in 1966 which marks the end of their GI loan privilege, Veterans Administration said.

July 25, 1966, a little more than a year from now, is the cut-off date for veterans of World War II in making applications for GI loans.

VA said if the application is made before that date, the veteran still will have one year more, or until July 25, 1967, to have the loan deal completed.

Korean veterans have considerably longer before their GI loan rights expire. Their deadline for application does not come until 1965.

VA said Korean veterans have also an important deadline affecting their GI training rights and each Korean veteran has a different deadline. For each one the final deadline comes eight years from the time of his discharge.

This is a final cut-off affecting training rights, VA pointed out. A veteran must actually complete his GI training or education by that time, since no further training can be authorized after the individual's cut-off date.

Korean veterans also have a deadline for commencing their GI training, which is three years from the date they were discharged from active service.

VA said full information on these cut-off dates and details of all GI benefits may be obtained from any Veterans Administration office.

Town Councilmen Adopt New Budget

used to continue to furnish lights free for night baseball games and that a charge of \$15 per night will be charged hereafter. Though they were not presented at the Town Council meeting Monday night, it is understood that petitions have been circulated requesting free lights as has prevailed for many years. It was pointed out that while not as many fans attend night baseball as was the case a number of years ago, yet some fans attend and the recreation is provided for any who desire to enjoy it.

A motion was made and passed to request the Board of Public Works to reconsider their action, which was a three to one vote, and if they do not, then Town Council will pay the \$15 a night fee for the lights during the current baseball season, the money to come from the Parks and Playgrounds funds.

During the meeting Town Councilmen turned thumbs down on two requests for using the baseball park for events for private gain, the opinion being that the park should be used only for recreational purposes.

Raleigh and a group of 45 Raleigh high school students visited Edenton as guests of Mayor J. H. McMullan.

O. C. Davis retired as a railway mail clerk after serving 28 years.

Edenton High School Band went to Ocracoke Island to participate in the Lindsay Warren celebration.

W. J. Taylor was appointed general chairman of the area including clubs at Edenton, Hertford, Columbia and Plymouth.

Due to a severe electrical storm Edenton was in darkness about three hours.

The Edenton High School Band presented a delightful concert on the Court House Green under the direction of C. L. McCullers.

caused a delay in the program. As reported to you previously, negotiations were initiated to obtain land from three owners.

The L. E. Francis tract, 60 acres, was purchased without difficulty. An adjoining tract of 20 acres was more difficult to obtain, and construction activities were delayed during the period of negotiation. In order to avoid condemnation action, which would have disrupted a home, it was finally decided to build on the original tract, with future expansion to other land in the area. This change in plans caused revision of drawings and specifications for the pumping plant, pipe lines and pond layout.

"Your interest in the Edenton program is appreciated, and we shall continue to keep you informed."
