Combine Corn and Save Money

CUT SHELLING LOSSES 75% . . . CUT EAR CORN LOSSES 50%

Corn combining is here—and here to stay. The tremendous savings in money, in time, and in work made possible by the John Deere 45 Combine with Corn Attachment have won for it the highest regard of corn growers in all sections of the country. Owners report 75 percent reduction in field-shelling losses . . . 50 percent reduction in ear corn losses—they tell of combining corn with 30 percent moisture . . . and of getting cleaner corn that keeps better. Here is the proof that you, too, can make more money from your corn when it's harvested with a John Deere 45.

PICK — SHELL AND CLEAN IN ONE OPERATION

Use the **JOHN DEERE 45 COMBINE** with 10 Corn Attachment

Reducing corn losses is only part of the success story of the 45 Combine. You cut storage husks and cobs in the field . . . you have complete control of the corn attachment from the operator's platform—making corn harvests a safer and easier job. As a "bonus" you can make top money doing custom work.

You combine all your grain, bean and seed crops by merely replacing the corn attachment with the grain platform. Come in soon and get all the details.
